SOB
No.14 **Indicative Asset Allocation** (Fundamental Attribute)

Scheme/Instrument	% of Total Assets	Risk profile
Equity and equity-related instruments	65-80%	Medium to High
Debt and Money Market Instruments including Cash and Cash Equivalents and units of Liquid/ Money Market/ Debt Mutual Fund Schemes and Securitised Debt*	20-35%	Low to Medium
Units issued by REITs & InvITs	0-10%	Medium to High

Investment in the units of Liquid/ Money Market/ Debt Mutual Fund Scheme(s) shall not exceed 5% of the net asset value of the mutual fund.

SOB
No.4 * Investment in Securitised Debt may be upto 20% of the net assets of the Scheme.

The cumulative gross exposure to equity, equity related instruments, debt, money market instruments, units issued by REITs & InvITs and derivatives shall not exceed 100% of the net assets of the scheme.

Note: The Asset Management Company (AMC) reserves the right to invest in derivatives not exceeding 50 % of the Net Assets, subject to limits specified by SEBI from time to time.

The AMC further reserves the right to invest in foreign securities and derivatives subject to SEBI/RBI or any other Regulatory Authorities permitted from time to time.

The scheme may invest upto 15% in foreign securities, ADR's and GDRs, subject to SEBI / RBI or any other Regulatory Authorities permitted from time to time.

The Scheme may also participate in repo/reverse repo in corporate debt securities upto 10% of the net assets of the scheme.

The Scheme does not seek to participate in credit default swaps.

Portfolio rebalancing/Changes in Investment Pattern:

Subject to SEBI Regulations, the asset allocation pattern may change from time to time for a short term and for defensive considerations, keeping in view the market conditions/ applicable regulations/political & economic factors, the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. Rebalancing across sectors and stocks shall be a dynamic exercise as this is crucial to performance.

The Fund Manager of the Scheme shall examine factors such as the overall macro-economic conditions, valuation levels, sector-specific factors, company-specific factors and trends in liquidity, to name a few, and reduce the equity exposure, if warranted, to lower levels and raise the fixed income component of the portfolio as a tactical call.

The Fund Manager shall seek to raise the equity exposure if the environment is conducive. This process of rebalancing may take place in a dynamic manner on a regular basis. Cash calls (with deployment in appropriate money-market and fixed-income securities), derivatives, changes in the degree of overweight and underweight to sectors and changes in allocation levels to stocks with varying attributes be used to balance the portfolio.

If the macro-economic conditions and market levels warrant, the fund manager may on an exceptional basis, reduce the equity exposure and raise the fixed-income component of the portfolio beyond the asset allocation boundary indicated in the table for normal circumstances. Such an allocation in exceptional circumstances shall be adopted with the approval of the Investment Committee Committee of Sundaram Asset Management.

In the event of deviations, the fund manager will carry out rebalancing within 30 days. Where the portfolio is not rebalanced within 30 days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee of the Investment Manager, shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Liquidity (Fundamental Attribute)

Fund Managers

Equity Portion: Mr. Ravi Gopalakrishnan & Mr. S. Bharath (Equity)

Fixed Income Portion: Mr. Sandeep Agarwal & Mr. Dwijendra Srivastava

The Trustee reserves the right to change the fund managers of the scheme.

Investment Strategy

The Scheme will invest in equity and equity related instruments. The Scheme will also invest in fixed income instruments rated investment grade or higher or otherwise comparable including units of Liquid / Money Market / Debt Mutual Fund Schemes. For the equity portion of the portfolio, companies would be selected after research covering areas such as quality of management, competitive position and financial analysis. The scheme may invest in REITs and InvITS based on research and analysis of the prevailing market conditions and outlook for the real estate market, fixed income markets and other comparable asset classes.

REITs/ InvITs are fast becoming an asset class in their own right with more and more listings of the same. The Fund Manager will at his discretion factoring in various parameters like status of the rental property market especially commercial in case of REIT, outlook for the project that has been placed in an InvIT, dependability of cash flows emanating from the REIT / InvIT, interest rate outlook, correlation of these assets with pure equity and debt etc., decide on the particular investment and the percentage of allocation to this asset class within the portfolio.

Risk Factors

Potential investors should not rely solely on the information contained in this Scheme Information Document. They should read the risk factors presented in this document though the list is no way exhaustive. The Trustee accepts no responsibility for any unauthorised information.

Summary of Indicative Scheme-Specific Risks

- **Stock Market Volatility:** Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments.
- **Low Liquidity - midcap and small stocks** are thinly traded and during times of crisis liquidity can dry up even further inhibiting

the ability of the Fund manager to exit the stock

- **Equity Price Risk:** Stock prices may rise or decline based on a number of factors. Prices change due to events that impact entire financial markets or industries
- **Dependency Risk:** The Scheme may invest in stocks and mutual funds and exchange-traded funds linked to stocks. Dependent on Stock Movement.
- **Temporary Investment Risk:** Market or economic conditions may become unfavourable for investors in equities
- **Non-diversification Risk:** The Scheme may pursue only a limited degree of diversification.
- **Asset-Class Risk:** Stocks have historically outpaced other asset classes such as gold, fixed deposits and bonds, to name a few, over the long-term in India.
- **Change in Government policy** in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors.
- **Tax-free status** for long-term capital gains and IDCW will depend on the fund investing more than 65% in equity to qualify in accordance with provisions of the Income Tax Act

Income Distribution Policy

The Trustee Company reserves the right to distribute income subject to availability of distributable surplus. Any distribution and frequency of such distribution will be entirely at the discretion of the Trustee. Please refer IDCW Policy in PART III for further details.

Transparency: NAV

The Investment Manager will calculate and disclose the first NAV of the scheme not later than five business days from the allotment of units. The Investment Manager will prominently disclose the NAVs of all schemes under a separate head on its website and on the website of Association of Mutual Funds in India (AMFI). Further, the Investment Manager will extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard.

NAV will be updated on the website of Association of Mutual Funds of India www.amfiindia.com before 11.00 P.M on every business day. The schemes are permitted to take exposure to overseas securities. In such cases where the schemes have taken exposure to overseas securities the NAV of the relevant schemes would be declared by 10.00 A.M. on the following business day.

In case any of the schemes ceases to hold exposure to any overseas securities, NAV of the relevant schemes for that day would continue to be declared on 10.00 A.M on the following business day. Subsequent to that day, NAV of the relevant scheme shall be declared on 11.00 P.M on the same day. In case of any delay, the reasons for such delay would be explained to AMFI by the next day. If the NAVs are not available before commencement of working hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.

Applicable NAV

Pursuant to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2020/175 dated September 17, 2020, Investors are requested to note the revised provisions for applicability of NAV, with effect from February 1, 2021:

Applicable NAV for Subscriptions / Switch-ins (irrespective of application amount):

1. In respect of valid applications received upto 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the respective Schemes before the cut-off time of the same day i.e., available for utilization before the cut-off time - the closing NAV of the day shall be applicable.
2. In respect of valid applications received after 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the respective Schemes before the cut-off time of the next Business Day i.e available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
3. Irrespective of the time of receipt of application at the official point(s) of acceptance, where funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the respective Schemes before the cut-off time on any subsequent Business Day - i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.
4. For Switch-ins of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.
- In case of 'switch' transactions from one scheme to another, the allocation and settlement shall be in line with redemption payouts.

To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP) and Transfer IDCW, etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization before the cut-off time by the Target Scheme irrespective of the installment date of the SIP, STP or record date of IDCW.

Investment Plans/Options

Plans: Regular Plan and Direct Plan

Options/Sub-Option: Growth, Monthly Income Distribution cum Capital Withdrawal (IDCW): Payout, Re-Investment & Transfer sub-options

All plans and options available for offer under the scheme shall have a common portfolio.

If no option is indicated, the default option will be Growth. If an investor chooses the Monthly IDCW Option but fails to indicate a sub option, the default sub-option shall be IDCW Transfer (Default Target Scheme- Sundaram Money Fund – Growth Option), when the IDCW payable is Rs. 500 or more and IDCW Reinvestment in the same scheme when IDCW payable is less than Rs.500 in the respective sub option.

Direct Plan was introduced in the scheme with effect from January 01, 2013. It is only for investors who purchase /subscribe Units into the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor.

All categories of investors (whether existing or new Unitholders) as permitted to invest in this scheme are eligible to subscribe under Direct Plan. Investments under Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund {except Stock Exchange Platform(s) and all other Platform(s) where investors' applications for subscription of units are routed through Distributors}.

The expense ratio of Direct Plan shall be lower than that of the Regular Plan. No commission for distribution of Units will be paid / charged under Direct Plan. The direct plan will also have a separate NAV.

Investors wishing to subscribe under Direct Plan of a Scheme will have to indicate "Direct Plan" against the plan name in the application form.

In the following cases, the applications shall be processed under the **Direct Plan**:

1. Distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name
2. Where application is received for Regular Plan without Distributor code or the word "Direct" is mentioned in the ARN column.
3. Neither the plan nor the distributor code is mentioned in the application form

In the following cases, the applications shall be processed under the **Regular Plan**:

1. The application form contains the distributor code but does not indicate the plan.
2. Where application is received for Regular Plan with Distributor code.

International Security Identification Number (ISIN)

The Investor has an option to hold the units either in the physical or demat mode in accordance with his/her own choice. International Security Identification Numbers (ISIN) in respect of the plans/options of the schemes have been created in National Securities Depository Limited (NSDL) and Central Depository Services Limited (CDSL).The details of

ISIN are as follows

Regular	IDCW Payout	INF173K01CI4
Regular	IDCW Re-Investment	INF173K01CJ2
Regular	Growth	INF173K01CL8
Direct Plan	IDCW Payout	INF173K01FB2
Direct Plan	Growth	INF173K01FE6
Direct Plan	IDCW Reinvestment	INF173K01FC0

With effect from October 01, 2012, subscription under Institutional Plan in respect of all the schemes covered in this document has been discontinued.

The ISINs as mentioned in the table above are also available for subscription and redemption in NSE MFSS and BSE Star platform.

In case the unitholder desires to hold the units in Dematerialized / Rematerialized form at a later date, the request for conversion of units held in non-DEMAT form into DEMAT (electronic form) or vice-versa should be submitted along with a DEMAT/REMAT request form to their Depository Participants.

MF Utility Platform

All financial and non-financial transactions pertaining to Schemes of Sundaram Mutual Fund can be done through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through the authorized Points of Service ("POS") of MFUI with effect from the respective dates as published on MFUI website against the POS locations. The list of POS of MFUI is published on the website of MFUI at www.mfuiindia.com as may be updated from time to time. The Online Transaction Portal of MFU i.e. www.mfuonline.com and the POS locations of MFUI will be in addition to the existing Official Points of Acceptance ("OPA") of the AMC. The uniform cut-off time as prescribed by SEBI and as mentioned in the SID / KIM of respective schemes shall be applicable for applications received on the portal of MFUI i.e. www.mfuonline.com. However, investors should note that transactions on the MFUI portal shall be subject to the eligibility of the investors, any terms & conditions as stipulated by MFUI / Mutual Fund / the AMC from time to time and any law for the time being in force.

Load Structure

Entry Load: Nil.

Exit Load: Nil - If up to 25% of the units invested are redeemed, withdrawn by way of SWP or transferred by way of STP within 365 days from the date of allotment

If more than 25% of the units are redeemed, withdrawn by way of SWP or transferred by way of STP within 365 days from the date of allotment - exit load of 1% of the applicable NAV will be charged.

For redemption or transfer by way of STP or withdrawal by way of SWP after 365 days from the date of allotment - Nil.

Further, exit load will be waived on Intra-scheme and Inter scheme Switch-outs/STP.

Load structure is indicated as a percentage of applicable NAV. Pursuant to SEBI Circular CIR/IMD/DF/21/2012 dated

September 13, 2012 read with notification No. LAD-NRO/GN/2012-13/17/21502 dated September 26, 2012 GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the scheme with effect from October 01, 2012. Investors are requested to note that exit load is inclusive of GST at applicable rates as prescribed by Ministry of Finance from time to time.

Transaction Charge to Distributors

- The Distributor would be allowed to charge the Mutual Fund Investor a Transaction Charge where the amount of investment is Rs. 10,000/- and above on a per subscription basis
- For an investor other than First Time Mutual Fund Investor, the Transaction Charge allowed will be Rs. 100/- per subscription of Rs. 10,000/- and above
For a First Time Mutual Fund Investor, the Transaction Charge allowed will be Rs. 150/- per subscription of Rs. 10,000/- and above
- The Transaction Charge, where applicable based on the above criteria, will be deducted by the Investment Manager from the subscription amount remitted by the Investor and paid to the distributor; and the balance (net) amount will be invested in the scheme. Thus units will be allotted against the net investment.
- No Transaction charges shall be levied:
 - Where the distributor/agent of the investor has not opted to received any Transaction Charges;
 - Where the investor purchases the Units directly from the Mutual Fund;
 - Where total commitment in case of SIP / Purchases / Subscriptions is for an amount less than Rs. 10,000/- ;
 - On transactions other than purchases / subscriptions relating to new inflows.
Switches / Systematic Transfers / Allotment of Bonus Units / IDCW reinvestment Units / Transfer / Transmission of units, etc will not be considered as subscription for the purpose of levying the transaction charge.
 - Purchases / subscriptions carried out through stock exchange(s) through DEMAT mode.

The distributors can opt-in / opt-out of levying transaction charges based on 'type of the Product/Scheme' instead of 'for all Schemes'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable.

However, the distributor shall not be able to opt-in or opt-out at the investor-level i.e. a distributor shall not charge one investor and choose not to charge another investor.

The transaction charges are in addition to the existing system of commission permissible to the Distributors. On subscription through Distributors, the upfront commission if any will be paid directly by the Investors to the Distributor by a separate cheque based on their assessment of various

factors including the service rendered by the Distributor.

Any circular/clarification issued by SEBI/AMFI in this regard will automatically become applicable and will be incorporated in the SID/SAI/KIM wherever applicable.

No.2**Standard Risk Factors:**

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/Investment Manager/Mutual Fund does not guarantee future performance of the Scheme.
- The names of each Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs 1 lakh made towards setting up the Fund.
- The Scheme is not a guaranteed or assured return Scheme.

Scheme-Specific Risks

- Stock Market Volatility:** Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments.
- Low Liquidity - midcap and small stocks** are thinly traded and during times of crisis liquidity can dry up even further inhibiting the ability of the Fund manager to exit the stock
- Equity Price Risk:** Stock prices may rise or decline based on a number of factors. Prices change due to events that impact entire financial markets or industries
- Dependency Risk:** The Scheme may invest in stocks and mutual funds and exchange-traded funds linked to stocks. Dependent on Stock Movement.
- Temporary Investment Risk:** Market or economic conditions may become unfavourable for investors in equities
- Non-diversification Risk:** The Scheme may pursue only a limited degree of diversification.
- Asset-Class Risk:** Stocks have historically outpaced other asset classes such as gold, fixed deposits and bonds, to name a few, over the long-term in India.
- Change in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors.
- Tax-free status for long-term capital gains and IDCW will depend on the fund investing more than 65% in equity to qualify in accordance with provisions of the Income Tax Act.

SOB
No.2**General Risk Factors**

- Mutual Funds and securities investments are subject to market risks and there is no assurance or guarantee that the objectives of the Scheme will be achieved.
- The main types of risks to which the Scheme is exposed are risk of capital loss, market risk, currency risk, liquidity risk, credit risk, counter party default risk, to name a few.
- As with any investment in securities, the NAV of the Units issued under the Scheme can go up or down depending on the factors and forces affecting the capital markets.
- The NAV may be affected by factors such as market conditions, level of interest rates, market-related factors, trading volumes, settlement periods, transfer procedures, price/interest rate risk, credit risk, government policy, volatility and liquidity in markets, exchange rate, geo-political development, to name a few.
- Trading volumes in the securities in which the Scheme invest may inherently restricts the liquidity of the Scheme's investments.
- Change in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- The tax benefits available under the Scheme is as available under the present taxation laws and subject to relevant conditions. The information

given is included for general purposes only and is based on advice that the Investment Manager has received regarding the law and the practice that is now in force in India.

- Unit holders should be aware that the relevant fiscal rules and their interpretation might change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor/Unit holder is advised to consult his/her own professional tax advisor.
- Investors/unit holders are also urged to read the detailed clause(s) titled 'Special considerations'.
- FATCA imposes tax withholding upto 30% on any payments (including redemption and IDCW proceeds) made by the Fund/AMC to a US Person classified as recalcitrant account holder in respect of whom the applicable documentation and reporting requirements are not met.

This is only an illustrative list and not an exhaustive list factors that could affect the NAV of the Scheme. They should read the risk factors presented in this document though the list is no way exhaustive. Potential investors should rely solely on the information contained in this Scheme Information Document and are advised to consult their investment advisors before taking investment decisions.

Liquidity Risk**For Equity Asset Class, and Equity & Equity Oriented schemes:**

Sundaram Asset Management Company (SAMC) evaluates both stock level and portfolio level liquidity of the equity schemes and the concentration of investors and Distributors in the AUM of each Equity scheme. The portfolio level liquidity of each scheme is estimated every month for very short time horizons as a % of AUM assuming 20% participation in the combined daily average market volume (across all exchanges) for the last three months and the trend of excessive liquidity over the Top Investors and Top Distributors concentration is evaluated. The monthly trend of estimated portfolio liquidity of the scheme, contribution by Top Investors and Top Distributors to the scheme AUM is analysed regularly by the Investment Manager to make relevant changes in the portfolio to maintain adequate portfolio liquidity.

At each investee company's stock level, number of days to liquidate (DTL) a stock position held across by all the schemes of SAMC based on the volume assumptions as mentioned above is measured and monitored every month for increase or decrease in the liquidity levels of the stock position. Exposure to stocks with more than high levels of DTL at the fund house level is monitored every month along with scheme level exposure for such stocks. Cumulative exposure across all schemes to overall free float levels of each stock and significant changes in the free float level of each stock is monitored on a monthly basis.

The trends of the trading volume at the stock level are monitored and significant changes in the trading volume at stock level is discussed during the monthly risk review meetings. The impact cost levels of the Stocks are monitored every month and exposure to the top stocks in terms of impact cost is closely monitored. In addition to this, the bulk / block trades are regularly monitored. The monthly trend of the Liquidity Risk Score for each scheme under the Risk-o-Meter framework is monitored.

For Debt Asset Class, Debt and Debt Oriented Schemes:

Liquidity Risk evaluation Framework for Debt and Debt Orientation Schemes of SAMC is based on the following principles –

- Regular estimation of the scheme portfolio assets by assigning liquidity grades / scores to each category of securities by factoring in the credit rating, maturity levels, sector, issuer type, structure etc.,
- Regular estimation of potential liabilities at the investor level and at the distributor level based on the concentration levels and fund category level redemption probabilities.
- Use of liquidity ratios/tools for monitoring liquidity
- System-based preparation of cash flows with adequate maker/ check controls
- Linkage with stress testing policy, stress events and early warning signals

Liquidity Risk Management (LRM) framework:

A Liquidity Risk Management (LRM) framework was introduced by AMFI during July 2021 (as per AMFI Best Practices Guidelines Circular No.93 / 2021-22) in accordance with the SEBI circular issued during Nov 2020 and Jun 2021. The fund-category wise redemption probability data provided by AMFI which is used for arriving at the Redemption-at-Risk (RaR) and Conditional Redemption-at-Risk (CRaR) requirements, covers all possible outflow (liquidity requirement) scenarios including stress scenarios. Further the factors used for arriving at the potential liquidity requirements for each category of fund is derived from industry data based on last 11-year period.

The redemption probability data for RaR & CRaR would be updated annually thereby fulfilling the criteria of both near terms as well as longer term (through the cycle) liquidity events. The LRM framework thus effectively addresses Liquidity Risk evaluation and adequate buffers for managing such requirements through the RaR and CRaR requirements on the asset side for a period of 0-30 days.

The LRM approach focuses on management of mismatch in putative liabilities (arising in short term period of up to 30 days) vis-à-vis the liquid and eligible assets of each scheme, and include the below liquidity ratios –

- Liquidity ratio based on 30-day Redemption at Risk (LR-RaR) requirements
- Liquidity ratio based on Conditional Redemption at Risk (LR-CRaR) requirements

The LRM framework also highlights additional factors contributing to the Liquidity Risk like Investor Concentration and Distributor concentration, for which additional mark-up in the Liquidity Ratio would be applied if the concentration levels are beyond certain maximum thresholds.

Back testing of the RaR and CRaR is done for each scheme every month by comparing RaR and CRaR fixed at the start of the month with the actual redemptions that have occurred during the month to evaluate the need for further mark-up in the RaR and CRaR levels. Comparison of LR-CRaR with the proportion of the fund AUM beyond the exit load period and proportion of the fund AUM beyond the long-term capital gain window (3 year holding period) is also be done to evaluate the adequacy of the LR-CRaR.

Asset-Liability Management (ALM):

With up to 30-day Liquidity Risk Management Covered under the LRM Framework, the ALM framework is intended to address a slightly longer-term asset Liability matching up to a period of 90 days.

The redemption probability data input on the liability side and the value realization assumptions on the asset side for these calculations has been provided by AMFI and is based on similar methodology used for the LRM Framework, i.e., 11 years industry level fund category wise redemption data ending October 2020. In line with the LRM framework, this data will also be revised by AMFI once a year.

The ALM framework calculates potential liquidity requirements (net AUM change) over a 90-day period with a confidence interval of 95% for the four liability buckets mentioned in the LRM circular i.e., Rs. 0-1 Cr, Rs. 1 to 5 Cr, Rs. 5 to 100 Cr and more than Rs.100 Cr. Against this data, the asset side is expected to be evaluated by applying haircuts in line with Risk-o-Meter scores in an accelerated (non – linear) manner.

The adequacy on the asset side vs the liability side is measured monthly (like under the LRM framework). Any negative gaps in this ALM framework would trigger asset realignment in the fund portfolio or any other appropriate efforts at the sales side in terms of moderating the investor concentration.

Stress Testing Framework:

Liquidity Risk is also evaluated under the Stress Testing Framework by assuming certain liquidity stress impact scenarios for various rating categories, maturity buckets and issuer types of securities.

SAMC regularly evaluates the intraday liquidity requirements and ensure that there are sufficient liquid assets, back up facilities in terms of intra-day bank limits, short term borrowing limits etc., for meeting the liquidity requirements considering seasonal / event based factors.

As a part of the Liquidity Risk evaluation framework for debt asset class/schemes, SAMC regularly evaluate the trend of the top investor and top distributor concentration and the trend of the liquidity risk score under the Risk-

o-Meter Framework.

Risk of Capital Loss

The Net Asset Value (NAV) of the Scheme is exposed to market fluctuations, and its value can go up as well as down. Investors may lose their entire principal.

Risk Factors - Equity Markets

- *Stock Market Volatility:* Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, or economic developments. Different parts of the market can react differently to these developments. The stock-specific volatility may also change over a period of time as the characteristic of the stock undergoes a change in terms of market-cap category.
- *Equity Price Risk:* Stock prices may rise or decline based on a number of factors. These could be a combination of company-specific and system-specific factors. Their impact on different types of stocks may vary. Prices change due to events that impact entire financial markets or industries (for example, changes in inflation, consumer demand, supply situation and GDP growth). Company-specific factors may include the likes of success or failure of a new product, mergers, takeovers, earnings announcement and changes in management, to name a few. Securities owned by the Scheme may offer opportunities for growth because of high potential earnings growth; they may also involve greater risks than securities that do not have the same potential.
- *Dependency Risk:* The Scheme may invest in stocks and mutual funds and exchange-traded funds linked to stocks. Equity confers a proportionate share of the ownership of a company. Its value will depend on the success of the company's business, income paid to stockholders by way of dividend, the value of the company's assets, quality of its corporate governance practice, its attractiveness relative to peers and general market conditions. The fund may also invest in convertible securities and warrants. Convertible securities generally are fixed-income securities or preference shares that may be converted into common stock after a prescribed period.
- *Temporary Investment Risk:* If the fund manager is of the view that market or economic conditions may become unfavourable for investors in equities, he may invest a higher proportion of the fund's assets in high quality short-term and medium-term fixed income instruments as well as near-cash equivalents. This may be a defensive and temporary strategy. The fund manager may also adopt such a strategy while zeroing in on appropriate investment opportunities or to maintain liquidity. At times, such investments may lead to lower returns. In these circumstances, the Scheme may be unable to achieve its investment goal.
- *Non-diversification Risk:* The Scheme may pursue only a limited degree of diversification. It may invest a greater proportion of assets in the securities of one issuer (within the limit permitted by Regulation) as compared to a diversified fund. This could have implications for the performance of the Scheme. The Scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the Scheme.
- *Asset-Class Risk:* Stocks have historically outpaced other asset classes such as gold, fixed deposits and bonds, to name a few, over the long-term in India. Individual stocks prices may, however, tend to rise and decline in a dramatic manner. Such price movement may be due to company-specific aspects or factors such as inflation, interest rates and growth rates that affect the securities market in entirety. A slowdown in growth or a partial or full-blown recession may have a negative impact on prices of most stocks owned by the Scheme.

Risk Factors - Debt Markets

- *Interest Rate Risk:* Changes in the prevailing rates of interest may affect the value of the Scheme's holdings and consequently the value of the Scheme's Units. Increased rates of interest, which frequently accompany inflation and /or a growing economy, may have a negative effect on the value of the Units. The value of debt securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates.

While it is the intent of the fund manager to invest primarily in high rated debt

securities, the Scheme may from time to time invest in higher yielding, low rated securities. As a result, an investment in the Scheme may be accompanied by a higher degree of risk relative to an investment consisting exclusively of high rated, lower yielding securities.

- **Credit Risk:** Credit Risk refers to the risk of failure of interest (coupon) payment and /or principal repayment. All debt instruments carry this risk. Government securities carry sovereign credit risk. The assets of the Scheme may be partly invested in fixed income securities issued by a corporate entity, bank, financial institution and/or a public sector undertaking owned by the Government of India or by a government in any state. The credit risk associated with the aforementioned issuers of debt is higher than that of government securities.
- **Price Risk:** As long as the Scheme remains invested, its Net Asset Value (NAV) would be exposed to market fluctuations, and its value can go up as well as down. The portfolio of fixed-income securities that the Scheme invests in would be exposed to price changes on a day-to-day basis.
- These price changes may occur due to instrument-specific factors as well as general macroeconomic conditions. In general, price of fixed-income securities go up when interest rates fall, and vice versa.
- **Market Risk:** The Scheme may also be subject to price volatility due to such factors as interest sensitivity, market perception or the creditworthiness of the issuer and general market liquidity.
- **Liquidity Risk:** A lower level of liquidity affecting an individual security (ies) or an entire market may have an adverse bearing on the value of the Scheme's assets. This may more importantly affect its ability to sell particular securities with minimal impact cost as and when necessary to meet requirement of liquidity or to sell stocks in response to triggers such as a specific economic/corporate event. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few of the investments.
- **Risk relating to investment pattern:** Different types of securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly the Scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate debt carry credit risk unlike Government securities. Further even among corporate debt, AAA rated debt is comparatively less risky (in credit risk terms) than those rated lower (say AA or A).
- **Risks relating to duration:** Fixed Income securities of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security.
- **Limited Liquidity & Price Risk:** Presently, secondary market for securitised papers is not very liquid. There is no assurance that a deep secondary market will develop for such securities. This could limit the ability of the investor to resell them. Even if a secondary market develops and sales were to take place, these secondary transactions may be at a discount to the initial issue price due to changes in the interest rate structure.
- **Limited Recourse, Delinquency and Credit Risk:** Securitised transactions are normally backed by a pool of receivables and credit enhancement as stipulated by the rating agency, which differ from issue to issue. The Credit Enhancement stipulated represents a limited loss cover to the Investors. These Certificates represent an undivided beneficial interest in the underlying receivables and there is no obligation of either the Issuer or the Seller or the originator, or the parent or any affiliate of the Seller, Issuer and Originator. No financial recourse is available to the Certificate Holders against the Investors' Representative. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the servicer may repossess and sell the underlying Asset. However many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.
- **Risks due to possible prepayments: Weighted Tenor / Yield:** Asset

securitisation is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments Full prepayment of underlying loan contract may arise under any of the following circumstances;

- Obligor pays the Receivable due from him at any time prior to the scheduled maturity date of that Receivable; or
- Receivable is required to be repurchased by the Seller consequent to its inability to rectify a material misrepresentation with respect to that Receivable; or
- The servicer recognizing a contract as a defaulted contract and hence repossessing the underlying Asset and selling the same.
In the event of prepayments, investors may be exposed to changes in tenor and yield.
- **Bankruptcy of the Originator or Seller:** If originator becomes subject to bankruptcy proceedings and the court in the bankruptcy proceedings concludes that the sale from originator to Trust was not a sale then an Investor could experience losses or delays in the payments due. All possible care is generally taken in structuring the transaction so as to minimize the risk of the sale to Trust not being construed as a "True Sale". Legal opinion is normally obtained to the effect that the assignment of Receivables to Trust in trust for and for the benefit of the Investors, as envisaged herein, would constitute a true sale.
- **Credit Rating of the Transaction / Certificate:** The credit rating is not a recommendation to purchase, hold or sell the Certificate in as much as the ratings do not comment on the market price of the Certificate or its suitability to a particular investor. There is no assurance by the rating agency either that the rating will remain at the same level for any given period of time or that the rating will not be lowered or withdrawn entirely by the rating agency.
- **Risk of Co-mingling:** The AMC may deposit subscriptions into a General Collection account from where it will be transferred into the specific Scheme account later. In the interim, there is a risk of co-mingling of funds.

Risk Factors for Special Bonds

The risk factors are:

Risk of non-payment of Interest / Coupon:

The issuing bank of Perpetual Tier 1 Bonds and Upper Tier II Bonds under BASEL II framework shall not be liable to pay interest if its capital adequacy is below the minimum regulatory requirement or if interest payment will result in bank's CRAR to go below minimum regulatory requirement which is a minimum of 9% capital to risk-weighted asset ratio (CRAR). Also, the issuing bank of Perpetual Tier 1 Bonds and Upper Tier II Bonds under BASEL II framework must obtain prior approval of the RBI for paying interest when the impact of such payment may result in net loss or increase in net loss, provided the CRAR remains above the regulatory norm.

The issuing bank of Additional Tier 1 (AT1) Bonds under BASEL III framework always has the full discretion to cancel interest payments without any condition. Cancellation of discretionary payments would not be considered event of default. In case if the Common Equity Tier 1 Capital Ratio for the issuing bank falls below 8% the bank must mandatorily cancel interest payment.

The interest payouts of Tier 1 Bonds under BASEL II and BASEL III framework and the Upper Tier II Bonds under BASEL II framework are non-cumulative in nature and hence cancellation of the payment for one period will never be compensated and hence it would be a permanent loss of interest/coupon.

- b) **Risk of Principal Loss Absorption** either via a Temporary or Permanent write-down or conversion into equity:

As per the RBI guidelines, the AT1 Bonds issued under the BASEL III framework, at the option of RBI, will have to be either temporarily written down or converted into Common Equity upon the occurrence of the trigger event of Common Equity Tier-1 (CET-1) ratio of the bank falling below the minimum threshold of 6.125% of Risk Weighted Assets (RWAs).

However, the AT Bonds and Tier II bonds issued under BASEL III framework must be permanently written off or converted to equity, at the occurrence of point of non-viability (PONV), which is the earlier of:

Decision by the RBI for conversion to equity /permanent write-off, without which the firm would become non-viable.

Decision by relevant authority to make a public sector injection of capital, or equivalent support, without which the firm would become non-viable.

c) Risk of instrument not being called by the Issuer Banks:

The Tier 1 and Tier II bonds issued under BASEL II and BASEL III framework will mostly have an embedded call option providing the issuing banks an option to call back the instrument, subject to meeting the RBI guidelines, normally after a period of 5 years from the date of issuance and typically annually thereafter hence providing early liquidity to the holders of the bond. However, the issuing bank may not exercise the call option on first call date if it is facing a liquidity issue or if the interest rate scenario is not favourable or if it is not meeting any condition stipulated by the RBI. In such scenario where the Tier 1 or Tier 2 bonds which are held by the Scheme are not called the scheme may have to unexpectedly hold the instruments for an extended period and such scenarios may also cause the yields of these bonds go up leading to fall in prices and the liquidity of the bonds becoming low.

d) Gaps in Yield and Duration assumptions for Tier 1 and Tier 2 Instruments:

The calculation of the Yields and the Duration of Tier 1 and Tier 2 bonds in the schemes are based on the SEBI guidelines which requires the scheme to calculate the yield on a Yield to Maturity Basis and requires to ignore the call dates and calculate the duration assuming a maturity date. However, the Tier 1 and Tier 2 bonds trade in the secondary market on a Yield to Call basis with the assumption that the Tier 1 and Tier 2 bonds will be called on the call dates as the secondary market participants include other entities such as Banks, Insurance Companies, Non-Banking Financial Companies, Corporate Treasuries, etc., which are not directly regulated by SEBI. Hence, in line with the SEBI guidelines, the Yield and Duration assumption for Tier 1 and Tier 2 bonds in our scheme portfolios are generally higher compared to the market convention.

e) Liquidity Risk – These instruments may have low liquidity and the Fund Manager may not be able to exit it when required and may be forced to sell it at a steep discount / loss.

f) Volatility Risk – given the nature of these instruments they are susceptible to higher volatility which may affect the Scheme's performance

g) Price risk – Like all other securities these are also exposed to price risk due to a variety of general and specific factors. Severe price drop is possible leading to losses on the portfolio.

h) Regulatory Risk – These instruments are subject to both global and domestic regulatory risk. Any adverse regulatory change can impact the value of these bonds adversely leading to severe losses in the portfolio.

Risk Factors - Derivatives

Derivatives are highly leveraged instruments. Even a small price movement in the underlying instrument could have a large impact on their value. Also, the market for derivative instruments is nascent in India.

The Scheme may use techniques such as interest rate swaps, options on interest rates, futures, warrants, forward rate agreement and other derivative instruments that are / may be permitted under SEBI/RBI Regulation. These techniques and instruments, if imperfectly used, have the risk of the Scheme incurring losses due to mismatches, particularly in a volatile market. The Scheme ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any).

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

The Scheme may also use various derivative and hedging products from time to time, as would be available and permitted by SEBI/RBI, in an attempt to protect

the value of the portfolio.

As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives that investors should understand.

Derivative products are specialised instruments that require investment techniques and risk analysis. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly.

- Counter Party Risk: This is the risk of default of obligations by the counter party.
- Market risk: Derivatives carry the risk of adverse changes in the market price.
- Illiquidity risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
- Basis Risk: the risk that the movements in swap rates does not actually reflect the expected movement in benchmark rates, thus, creating a mismatch with what was intended.

Risk Factors Associated with Investments in REITs and InvITs:

- **Interest-Rate Risk:** REITs/InvITs carry interest-rate risk, as investors may compare the yield on the REITs/InvIT to prevailing interest rates and the price of the REIT/InvIT may move in line with changing interest rates. Though it should be remembered that REIT/INVIT are not debt instruments and their price/value depends to a large extent on the underlying assets. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase.
- **Risk of lower than expected distributions:** The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as IDCWs or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:
 - success and economic viability of tenants and off-takers
 - economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
 - debt service requirements and other liabilities of the portfolio assets and fluctuations in the working capital needs
 - ability of portfolio assets to borrow funds and access capital markets
 - amount and timing of capital expenditures on portfolio assets

Liquidity Risk: This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

Price-Risk: The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risk Factors - ADR/GDR

ADR/GDR are exposed to all same risks that equity stocks are exposed to like price volatility, liquidity, financial and business status of the underlying company, corporate governance, economic factors etc.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

Tri-party Repo i.e. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement. CCIL would be the Central Counterparty to all trades from

SOB
No.3

Tri Party Repo Dealing System (TREPS) and would also perform the role and responsibilities of Triparty Repo Agent, in terms of Repurchase Transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All TREPS trades are settled anonymously and centrally through the infrastructure and settlement systems provided by CCIL. Further the settlement is guaranteed by CCIL. This is a collateralized investment whereby borrowers have to give adequate amount of securities on which a haircut is applied by CCIL. CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral." CCIL has several risk management processes in place such as initial margin, borrowing limits, identification of eligible collateral, haircuts on eligible collateral, mark to market margins (MTM) and volatility margin are applicable for Triparty Repo trades. There is a default fund for Triparty Repo trades. The exposure monitoring is online and on a pre-order basis, ensuring that orders can be placed only if the member has sufficient initial margin and/or borrowing limits to support the resultant trades. CCIL may temporarily impose volatility margin in case of a sudden increase in volatility in interest rates. Thus the settlement and counterparty risks are considerably low. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to handle any shortfall arising out of such default and to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Minimum Number of Investors & Single-Investor Limit

As per SEBI Regulations, the Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme in each calendar quarter on an average basis. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulation would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

Risk Factors - Segregated Portfolio

Liquidity Risk: Securities classified under the segregated portfolio will typically be those securities that are thinly traded or not traded at all. Hence these securities will have significant liquidity risk and investors may not be able to redeem their investments.

Credit Risk: Securities classified under the segregated portfolio will typically be securities which are undergoing stress with regard to their ability to make principal and interest payments. Hence these securities will have significant credit risk and investors may not be able to redeem / realize their investments. It is also highly likely that these securities will undergo bankruptcy / liquidation processes which further increases the risk of the amount and the time taken for the investor to realize his investment.

Special Considerations

Prospective investors should review / study this Scheme Information Document carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/ investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of units and to the treatment of income (if any), capitalisation, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (sale, transfer, switch or redemption or conversion into money) of units within their jurisdiction / of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed Scheme to be used to purchase/gift units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding units before making an application for units.

Creation of segregated portfolio in case of credit event

SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2018/160 and dated 28th December 2018 prescribed the procedure for segregation of portfolio in mutual fund schemes. Following is the extract from the circular:

1. Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - a. Downgrade of a debt or money market instrument to 'below investment grade', or
 - b. Subsequent downgrades, or
 - c. Similar such downgrades of a loan rating.
2. In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events and implemented at the ISIN level.
3. Creation of segregated portfolio shall be optional and at the discretion of the AMC. It should be created only if the SID of the scheme has provisions for segregated portfolio with adequate disclosures.
4. AMCs shall have a detailed written down policy on creation of segregated portfolio and the same shall be approved by the trustees.
5. Process for creation of segregated portfolio
 - a. AMC shall decide on creation of segregated portfolio on the day of credit event. Once an AMC decides to segregate portfolio, it shall
 - i. seek approval of trustees prior to creation of the segregated portfolio.
 - ii. immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors.
 - iii. ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
 - b. Once trustee approval is received by the AMC,

- i. Segregated portfolio shall be effective from the day of credit event
 - ii. AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - iii. An e-mail or SMS should be sent to all unit holders of the concerned scheme.
 - iv. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event.
 - v. All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi. No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests.
- c. If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.
6. Valuation and processing of subscriptions and redemptions
- a. the valuation should take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets).
 - b. All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:
 - i. Upon trustees' approval to create a segregated portfolio -
 - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
 - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
 - ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio (scheme portfolio including the securities affected by the credit event).
7. Disclosure Requirements
- a. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
 - b. Adequate disclosure of the segregated portfolio shall appear in all scheme related documents.
 - c. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
 - d. The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.
 - e. The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the scheme performance.
 - f. The disclosures at paragraph (d) and (e) above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
 - g. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.
8. TER for the Segregated Portfolio
- a. AMC shall not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
 - b. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
 - c. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
 - d. The costs related to segregated portfolio shall in no case be charged to the main portfolio.
9. Monitoring by Trustees
- a. In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:
 - i. The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
 - ii. Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
 - iii. An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.
 - iv. The trustees shall monitor the compliance of this circular and disclose in the half-yearly trustee reports filed with SEBI, the compliance in respect of every segregated portfolio created.
 - b. In order to avoid mis-use of segregated portfolio, trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.
10. The existence of the provisions for segregated portfolio should not encourage the AMCs to take undue credit risk in the scheme portfolio.
- In partial modification to SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018 on 'Creation of segregated portfolio in mutual fund schemes', it has been decided by SEBI to permit creation of segregated portfolio of unrated debt or money market instruments by mutual fund schemes of an issuer that does not have any outstanding rated debt or money market instruments, vide circular number SEBI/HO/IMD/DF2/CIR/P/2019/127, dated 07th November 2019. subject to the following:
- a. Segregated portfolio of such unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount.
 - b. AMCs will inform AMFI immediately about the actual default by the issuer. Upon being informed about the default, AMFI shall immediately inform the same to all AMCs. Pursuant to dissemination of information by AMFI about actual default by the issuer, AMCs may segregate the portfolio of debt or money market instruments of the said issuer in terms of SEBI circular dated December 28, 2018.
- The Scheme intends to have the ability to create a segregated portfolio in line with the above SEBI circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018.

Example of Segregation:

The below table shows how a security affected by a credit event will be segregated and its impact on investors. Whether the distressed security is held in the original portfolio or the segregated portfolio, the value of the investors holdings will remain the same on the date of the credit event. Over time, the NAV of the portfolios are subject to change.

Key Assumptions: We have assumed a Scheme consists of 3 Securities (A, B, and C). It has two investors with total of 10,000 units. (Investors 1 – 6,000 Units, Investors 2- 4,000 units)

Total Portfolio Value of Rs. 30 Lakhs (Each Security invested Rs. 10 Lakh)

Current NAV : 30,00,000/10,000 = Rs. 300 Per Unit

Suppose Security A is downgraded to below investment grade and consequently the value of the security falls from Rs. 10,00,000 to Rs. 4,00,000 and the AMC decides to segregate the security into a new portfolio. Investors will be allotted the same number of units in the segregated portfolio as they hold in the main portfolio. So, Investor 1 will get 6,000 Units and Investor 2 will get 4,000 units in the segregated portfolio.

With Segregation – Portfolio Value is Rs. 24,00,000 (Now B & C Securities worth Rs. 20 Lakh and Security A has fallen from Rs. 10,00,000 to Rs. 4,00,000)

	Main Portfolio (Security of B & C)	Segregated Portfolio (Security A)
Net Assets	Rs. 20,00,000	Rs. 4,00,000
Number of Units	10,000	10,000
NAV per Unit	Rs. 20,00,000/ 10,000 = Rs. 200	Rs. 4,00,000/ 10,000 = Rs. 40

With respect to Investors.

	Investor 1	Investor 2
Units held in Main portfolio (No. of Units)	6,000	4,000
NAV of Main Portfolio unit	Rs. 200 per Unit	Rs. 200 per unit
Value of Holding in Main Portfolio (A) – Rs.	12,00,000	8,00,000
Units Held in Segregated Portfolio	6,000	4,000
NAV of Segregated Portfolio	Rs. 40 Per unit	Rs. 40 Per unit
Value of Holding in Segregated Portfolio (B) – Rs.	2,40,000	1,60,000
Total Value of Holdings (A) + (B) – Rs.	14,40,000	9,60,000

In case if it does not segregate (Total Portfolio would be)

Net Assets of the Portfolio	No. of Units	NAV per unit Rs.
Rs. 24,00,000	10,000	24,00,000/ 10,000= Rs. 240

(Rs. 4,00,000 in Security A and

Rs. 10,00,000 in Security B and

Rs. 10,00,000 in Security C)

	Investor 1	Investor 2
Units held in Original portfolio (No. of Units)	6,000	4,000
NAV of Original Portfolio Unit	Rs. 240 Per Unit	Rs. 240 Per Unit
Value of Holding - Rs.	14,40,000	9,60,000

Note:

1. The term 'segregated portfolio' shall mean a portfolio, comprising of debt or money market instrument affected by a credit event, that has been segregated in a mutual fund scheme.
2. The term 'main portfolio' shall mean the scheme portfolio excluding the segregated portfolio.
3. The term 'total portfolio' shall mean the scheme portfolio including the securities affected by the credit event.

Details under FATCA/Common Reporting Standards (CRS)/Foreign Tax Laws

Compliance under Foreign Account Tax Compliance Act /Common Reporting Standard requirements: Foreign Account Tax Compliance Act: Foreign Account Tax Compliance Act ("FATCA") is a United States (US) law aimed at prevention of tax evasion by US citizens and residents ("US Persons") through use of offshore accounts. FATCA obligates foreign financial institution (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information on the accounts of to report accounts held by specified US Persons. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts. With respect to individuals, the US reportable accounts would cover those with US citizenship or US residency. The identification of US person will be based on one or more of following "US indicia" • Identification of the Account Holder as a US citizen or resident; Unambiguous indication of a US place of birth; • Current US mailing or residence address (including a US post office box); • Current US telephone number; • Standing instructions to transfer funds to an account maintained in USA; • Current effective power of attorney or signing authority granted to a person with a US address; or • An "in-care of or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder. Since domestic laws of sovereign countries, (including India) may not permit sharing of confidential client information by FFIs directly with US IRS, the U.S. has entered into Inter-Governmental Agreement (IGA) with various countries. The IGA between India and USA was signed on 9th July, 2015, which provides that the Indian FFIs will provide the necessary information to Indian tax authorities, which will then be transmitted to USA automatically. Common Reporting Standard - The New Global Standard for Automatic Exchange of Information: On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI). The CRS on AEOI was presented to G20 Leaders in Brisbane on 16th November, 2014. On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted "automatically" annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries. Accordingly with effect from November 1, 2015 all investors will have Sundaram Mutual Fund / the AMC is classified as a 'Foreign Financial Institution' under the FATCA provisions. Accordingly, the AMC / Mutual Fund will be required to undertake due diligence process and identify US reportable accounts and collect such information / documentary evidences of the US and / or non-US status of its investors / Unit holders and disclose such information (directly or through its agents or service providers) as far as may be legally permitted about the holdings / investment returns to US Internal Revenue Service (IRS) and / or the Indian Tax Authorities. The MF has registered with US Internal Revenue Service (IRS) and has obtained a Global Intermediary Identification Number (GIIN): EY9227.99999.SL.356 for the said reporting purposes.

FATCA/CRS due diligence will be directed at each investor / Unit holder (including joint investor) and on being identified as a reportable person / specified US person, all the folios will be reported. In case of folios with joint holders, the entire account value of the investment portfolio will be attributable under each such reportable person. An investor / Unit holder will therefore be required to furnish such information as and when sought by the AMC in order to comply with the information reporting requirements stated in IGA and circulars issued by SEBI/Government of India in this regard from time to time. The information disclosed may include (but is not limited to) the identity of the investors and their direct or indirect beneficiaries, beneficial owners and controlling persons. Investors / Unitholders should consult their tax advisors regarding FATCA/CRS requirements with respect to their situation.

* Investment in Securitised Debt may be upto 20% of the net assets of the Scheme.

The cumulative gross exposure to equity, equity related instruments, debt, money market instruments, units issued by REITs & InvITs and derivatives shall not exceed 100% of the net assets of the scheme.

Note: The Asset Management Company (AMC) reserves the right to invest in derivatives not exceeding 50 % of the Net Assets, subject to limits specified by SEBI from time to time. The AMC further reserves the right to invest in foreign securities and derivatives subject to SEBI/RBI or any other Regulatory Authorities permitted from time to time.

The scheme may invest upto 15% in foreign securities, ADR's and GDRs, subject to SEBI / RBI or any other Regulatory Authorities permitted from time to time.

The Scheme may also participate in repo/reverse repo in corporate debt securities upto 10% of the net assets of the scheme.

The Scheme does not seek to participate in credit default swaps.

Portfolio rebalancing/Changes in Investment Pattern:

Subject to SEBI Regulations, the asset allocation pattern may

change from time to time for a short term and for defensive considerations, keeping in view the market conditions/ applicable regulations/political & economic factors, the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. Rebalancing across sectors and stocks shall be a dynamic exercise as this is crucial to performance.

The Fund Manager of the Scheme shall examine factors such as the overall macro-economic conditions, valuation levels, sector-specific factors, company-specific factors and trends in liquidity, to name a few, and reduce the equity exposure, if warranted, to lower levels and raise the fixed income component of the portfolio as a tactical call.

The Fund Manager shall seek to raise the equity exposure if the environment is conducive. This process of rebalancing may take place in a dynamic manner on a regular basis. Cash calls (with deployment in appropriate money-market and fixed-income securities), derivatives, changes in the degree of overweight and underweight to sectors and changes in allocation levels to stocks with varying attributes be used to balance the portfolio.

If the macro-economic conditions and market levels warrant, the fund manager may on an exceptional basis, reduce the equity exposure and raise the fixed-income component of the portfolio beyond the asset allocation boundary indicated in the table for normal circumstances. Such an allocation in exceptional circumstances shall be adopted with the approval of the Investment Committee Committee of Sundaram Asset Management.

In the event of deviations, the fund manager will carry out rebalancing within 30 days. Where the portfolio is not rebalanced within 30 days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee of the Investment Manager, shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

Brief note on fixed-income and money market in India

(i) Debt Instrument Characteristics:

A Debt Instrument is basically an obligation which the borrower has to service periodically and generally has the

following features:

Face Value: Stated value of the paper /Principal Amount

Coupon: Zero, fixed or floating

Frequency: Semi-annual; annual, sometimes quarterly

Maturity: Bullet, staggered

Redemption: FV; premium or discount

Options: Call/Put

Issue Price: Par (FV) or premium or discount

A debt instrument comprises of a unique series of cash flows for each paper, terms of which are decided at the time of issue. Discounting these cash flows to the present value at various applicable discount rates (market rates) provides the market price.

(ii) Types of Debt Market Instruments:

The Indian Debt market comprises of the Money Market and the Long Term Debt Market.

Money market instruments are Commercial Papers (CPs), Certificates of Deposit (CDs), Treasury bills (T-bills), Repos, Inter-bank Call money deposit, Reverse Repo and TREPS etc. They are mostly discounted instruments that are issued at a discount to face value.

Money market instruments have a tenor of less than one year while debt market instruments typically have a tenor of more than one year.

Long Term Debt market in India comprises mainly of two segments viz., the Government securities market and the corporate securities market.

Government securities include central, state and local issues. The main instruments in this market are dated securities (Fixed or Floating) and Treasury bills (Discounted Papers). The Central Government securities are generally issued through auctions on the basis of 'Uniform price' method or 'Multiple price' method while State Govt. are through on-tap sales.

Corporate Debt segment on the other hand includes bonds/debentures issued by private corporates, public sector units (PSUs) and development financial institutions (DFIs). The debentures are rated by a rating agency and based on the feedback from the market, the issue is priced accordingly. The bonds issued may be fixed or floating. The floating rate debt market has emerged as an active market in the rising interest rate scenario. Benchmarks range from Overnight rates or Treasury benchmarks.

Debt derivatives market comprises mainly of Interest Rate Swaps linked to Overnight benchmarks called MIBOR (Mumbai Inter Bank Offered Rate) and is an active market. Banks and corporate are major players here and of late Mutual Funds have also started hedging their exposures through these products.

The following table gives approximate yields prevailing during the month of October 2023 on some of the instruments.

These yields are indicative and do not indicate yields that may be obtained in future as interest rates keep changing consequent to changes in macro economic conditions and RBI policy

Issuer	Instruments	Maturity	Yields (p.a)
GOI	Treasury Bill	91 days	6.88
GOI	Treasury Bill	364 days	7.12
GOI	Short Dated	1-3 Yrs	7.09-7.30
GOI	Medium Dated	3-5 Yrs	7.30-7.35
GOI	Long Dated	5-10 Yrs	7.35
Corporates	Bonds (AAA)	1 - 3 years	7.70-7.78
Corporates	Bonds (AAA)	3 - 5 years	7.70-7.78
Corporates	CPs (A1+)	3 months - 1 yr	7.55-8.05
Banks	CDs	3 months - 1 yr	7.29-7.62

(iii) Regulators:

The RBI operates both as the monetary authority and the debt manager to the government. In its role as a monetary authority, the RBI participates in the market through open-market operations as well as through Liquidity Adjustment Facility (LAF) to regulate the money supply. It also regulates the bank rate and repo rate, and uses these rates as indirect tools for its monetary policy. The RBI as the debt manager issues the securities at the cheapest possible rate. The SEBI regulates the debt instruments listed on the stock exchanges.

(iv) Fixed income and money market segments

The market for fixed-income securities in India can be briefly divided into the following segments:

- The money market – The market for borrowing / lending money;
- The securities market – The market for trading in securities and
- The derivatives market – The market for fixed income derivatives.

In this predominantly institutional market, the key market players are banks, financial institutions, insurance companies, mutual funds, primary dealers and companies. Provident / pension funds, though present, are not active players.

The Money Market

The money market can be classified into two broad categories

The market for clean borrowing/lending without backing of any collateral:

- Call Money: The market for overnight borrowing/lending.
- Notice Money: The market for borrowing/lending from 2 days to a fortnight.
- Term Money: The market for borrowing/lending from a fortnight to six months.

The market for collateralised borrowing/lending:

- Repo transactions: These are redemption-obligation transactions in which the borrower tenders securities to the lender; these securities are bought back by the

borrower on the redemption date. The price difference between the sale and redemption of the securities is the implicit interest rate for the borrowing/lending. The eligible underlying securities for these transactions are government securities and treasury bills. Corporate bonds are not allowed as eligible securities for repo transactions. The minimum repo term (lending /borrowing period) is one day.

The Securities Market

The market for fixed-income securities can be broadly classified into

- The market for money market (short-term) instruments: Money-market securities are generally discount securities maturing within one year from the date of issuance. Instruments satisfying this criterion are treasury bills (obligations of the government), commercial paper (obligations of the corporate sector) and certificate of deposit (obligations of banks).
- The market for Government Securities: Government securities are medium-/long-term Fixed Income Securities of the government. The market for government securities is the most liquid segment of the fixed-income market in India. Most of the secondary market trading is concentrated in government securities. Trading in government securities is now done mostly through an electronic trading, reporting and settlement platform developed by the Reserve Bank of India (RBI) called Negotiated Dealing System. The role of brokers, which was an important element of the Indian bond market, is now less significant in this segment than in the past.
- The market for corporate bonds: Trading in corporate bonds is relatively subdued (in comparison to government securities). Price discovery and trading in this segment are still through the telephone. Attempts at improving the trading, settlement and risk-management practices for trading corporate bonds are currently underway.
- The market for floating-rate securities: The coupon rate in floating-rate securities is linked to an acceptable benchmark. Floating-rate securities generally have a coupon rate, which is reset over a regular period depending on the benchmark chosen. The market widely uses the MIBOR benchmarks announced by Independent agencies such as NSE and Reuters. When benchmark interest rate rises, the income generated on these floating-rate securities may also rise. When the benchmark interest rates decline, the income generated on these floating-rate securities may decline. Increasingly more companies are raising resource through floating-rate securities. Most of such securities are in the form of floating-rate debentures at a spread over NSE MIBOR. The other popular benchmark is the Indian Government securities benchmark yield (known as INBMK). The reset in such cases happen after a period of time, generally six months. The Government of India has also started issuing floating-

rate securities using INBMK 1 year as the benchmark.

The Fixed-Income Derivatives Market

The interest-rate derivatives market is at a developing stage in India. Instruments broadly transacted are • Interest Rate Swaps • Interest Rate Futures and • Forward Rate Agreements.

- *Interest Rate Swaps:* This is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed-to-floating-rate swap where one party receives a fixed (pre-determined) rate of interest while the other receives a floating (variable) rate of interest.
- *Interest Rate Future (IRF):* An interest rate futures contract is "an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today." Interest rate futures are derivative contracts which have a notional interest bearing security as the underlying instrument. The buyer of an interest rate futures contract agrees to take delivery of the underlying debt instruments when the contract expires and the seller of interest rate futures agrees to deliver the debt instrument. The fund can effectively use interest rate futures to hedge from increase in interest rates.
- *Forward Rate Agreement:* This is basically a forward-starting interest-rate swap. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. The notional amounts are not exchanged.

(v) Market Participants:

Given the large size of the trades, the debt market has remained predominantly a wholesale market.

Primary Dealers

Primary Dealers (PDs) act as underwriters in the primary market, and as market makers in the secondary market.

Brokers

Brokers bring together counterparties and negotiate terms of the trade.

Investors

Banks, Insurance Companies, Mutual Funds are important players in the debt market. Other players are Trusts, Provident and pension funds.

(vi) Trading Mechanism:

Government Securities and Money Market Instruments

Negotiated Dealing System (NDS) is an electronic platform for facilitating dealing and online reporting of transactions. Government Securities (including T-bills), call money, notice/term money, repos in eligible securities, etc. are available for negotiated dealing through NDS. Currently G-

Sec deals are done telephonically and reported on NDS.

Corporate Debt is basically a phone driven market where deals are concluded verbally over recorded lines. The reporting of trade is done on the NSE Wholesale Debt Market segment.

Equity Derivatives

The scheme may invest derivative instruments for the purpose of hedging, portfolio balancing and trading. The limits and conditions and restrictions prescribed by SEBI vide circular No. Cir/ IMD/ DF/ 11/ 2010 dated August 18, 2010 and Circular No. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 04, 2021 shall be followed.

Derivatives are financial contracts or instruments that derive their value from an underlying asset. Derivatives may be used for hedging, portfolio balancing and trading purposes to seek to optimise performance in the Scheme and will be subject to applicable Regulations of SEBI/RBI from time to time.

Portfolio balancing includes any type of deals in derivatives as long as they are fully covered by holding a position in the underlying securities/ cash/cash equivalents/options/ futures. Trading is permitted only in exchange-traded derivatives. The derivatives shall be marked-to-market by the Investment Manager at all times.

Transactions in derivatives include a wide range of instruments, including, but not limited to futures, options, swaps, and interest rate swaps, forward rate agreements and any other instrument as may be permitted by SEBI/RBI from time to time.

Futures: A purchase of futures contract obligates the purchaser to take delivery of the underlying asset at the expiry of the contract. The transaction is netted at the end of the contract and the difference settled between the investor & the clearing house. There will be physical settlement for some stocks. A part of value of the contract – 15% to 25% on an average (the number could be higher for specific contracts or for all contracts at specific times) – is the margin.

Payoffs in futures are linear with reference to the underlying and the risk is basically directional. Buyers and sellers of futures carry equal risk.

The margin depends on volatility of the underlying asset and the difference between the spot price and the contract price, to name a few influencing variables.

Please note that the following illustrative examples are given for information purposes only and are based on hypothetical values for the S & P CNX Nifty and/or stock.

Example for index futures: Stock index futures are instruments designed to give exposure to the equity markets indices. The Stock Exchange, Mumbai (BSE) and The National Stock Exchange (NSE) have trading in index index futures of 1,2,3 months maturity, etc.

The pricing of an index future is the function of the underlying index and short term interest rates. Index futures are cash settled, there is no delivery of the underlying stocks.

If a Scheme buys 1,000 futures contracts, each contract value is 200 times the futures index price. Purchase date: January 01, 2012. Spot index: 5000.00 Future price: 5010.00 Date of expiry: January 25, 2012. If the exchange imposes a margin of 10%, the Investment Manager will be required to provide Rs.10,02,00,000 (i.e. $10\% * 5010 * 1000 * 200$) by way of eligible securities and/or and cash. If on the date of expiry - January 25, 2012 - the S&P CNX Nifty Index closes at 5025, the net impact will be a profit of Rs. 30,00,000 for the Scheme ($5025-5010$) * $1000 * 200$).

The profit or loss for the Scheme will be the difference between the closing price (which can be higher or lower than the purchase price) and the purchase price. The risks associated with index futures are similar to those associated with equity investments plus there are additional risks with additional risks highlighted in the Risk Factors part of this document.

Example for stock futures: A futures contract on a stock gives its owner the right and obligation to buy or sell stocks. Single stock futures traded on the NSE are cash settled; there is no delivery of the underlying stocks on the expiration date.

A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. Trading stock futures is no different from trading the security itself.

The Scheme buys shares of A Ltd. Its current price is Rs 500. The Scheme sells one month futures on the shares of A Ltd at Rs 550. If the price of the stock declines, the Mutual Fund will suffer losses on the stock position held and profit on futures position. The price of stock on the expiry date is Rs 450. The price of the futures on the stock declines to Rs 480. There is a loss of Rs. 50 per share on the on the holding of the stock. This is offset by profit of Rs 70 on the short position in stock futures.

Risks associated with stock futures are similar to those associated with equity investments plus there are additional risks with additional risks highlighted in the Risk Factors part of this document.

Options: An option gives the owner the right to buy or sell the underlying asset based on specific prices trends but the not the obligation. The option will be exercised if the outcome is favourable to the owner. A call option gives the owner a right to buy the underlying asset at a pre-determined price on a pre-specified date. A put' option gives the owner the right to sell a security at a pre-determined price on a pre-specified date.

Risk is limited (or known) to premium if call or put options are purchased. If options are sold, the risk is unlimited (or unknown). The risk of the unknown can be mitigated by staying covered, using covered calls or bull/bear spread, to name a few strategies. Payoffs in options are non-linear.

Products: The derivative products currently available in India include futures on the Index (Nifty and Sensex) options on the

Index (Nifty and Sensex), stock futures and options on stocks, to name a few.

Indices on which index futures are available: S & P CNX Nifty, CNX Nifty Junior, CNX IT, CNX 100, Bank Nifty, Nifty Mid Cap and S & P CNX Defty.

Use of derivatives to further investment objective of the Scheme: Sundaram Mutual Fund may use derivatives to seek outcomes that are not possible in the cash market. For example:

- A short position in index futures or futures on a particular stock may be initiated to hedge a long position in the cash market;
- The Investment Manager can buy put options with appropriate strike price as a hedge for a decline in price of stocks owned in the Scheme;
- Options may be sold to augment income through the premium paid by the buyer;
- Sell puts on a stock with strike prices at levels the fund seeks to buy the stock;
- Sell calls on stocks in the portfolio of the Scheme at strike prices that are at levels viewed as a selling opportunity by the Investment Manager and
- If the index futures trade at a steep discount or premium to the spot, the Scheme can take advantage of the situation by switching out of stocks into futures or vice versa. At the expiry of the futures contract, its price will have to converge with the spot, as the last settlement will be with reference to the spot price. Arbitrage profit, if any, may augment NAV of the Scheme.

Use of derivatives by the Mutual Fund:

Trading in derivatives

There are risks associated with use of derivatives as a trading strategy in a Scheme. Investors must read and understand the risks associated with use of derivatives for trading purpose in order to appreciate the implications. Derivatives require the maintenance of adequate controls to monitor the transactions and the embedded market risks that a derivative adds to the portfolio. The price of the underlying asset, the volatility, tenor and interest rates, to name a few, affect the value of a derivative contract. A few illustrative trading strategies are outlined:

Reverse Arbitrage: The endeavour of the Investment Manager is to create reverse arbitrage positions, which reduces the holding cost of the captioned security.

Arbitrage: The endeavour of the Investment Manager is to create arbitrage positions, which create market neutral positions and lead to yield enhancement for the portfolio as a whole.

Covered Call Writing: The endeavour of the Investment Manager is to write calls on already long cash equities positions on single stocks and/or indices as a representation of portfolio beta (market risk).

Portfolio Hedging: The endeavour of the Investment Manager is to use index futures for portfolio hedging to participate in the market (buy Index Futures) or reduce market risk (sell Index Futures).

There are risks associated with such strategies. A few of them are: model risk (improper pricing/mis-pricing), market liquidity risk (derivatives cannot be sold at prices that reflect the underlying assets, rates and indices), basis risk (lack of in-line movement with the underlying asset) and trade execution risk (final execution price is different from the screen price leading to dilution in the spreads and hence impacting the profitability of the reverse arbitrage strategy).

SEBI Vide circular no DNP/DF/11/2010 dated 14th September 2005, permitted of mutual funds to trade in derivative instruments and also enhanced the position limits in respect of Stock based derivatives vide its circular dated DNP/DF/11/2010 dated August 18, 2010 and Circular No. SEBI/HO/IMD/DF2/CIR/P/2021/024 dated March 04, 2021 will also be followed, The details are set out hereunder:

No	Particulars	Limit/ conditions
1.	Exposure Limit	Up to 50% of the net assets of the respective schemes. The cumulative gross exposure through equity, debt and derivative position should not exceed 100% of the net assets of the respective schemes.
2.	Position Limit	In accordance with the limit prescribed by SEBI vide its circular no DNP/DF/11/2010 dated 14th September 2005 & DNP/DF/11/2010 dated January 20,2006, in the Next Section 'Position Limits'.
3.	Monitoring of position limits	The mutual fund will notify the names of the clearing member for each scheme through whom it would clear the derivative contracts to the stock exchange. The stock exchange would then assign a Unique Client Code to each scheme of the mutual fund. The stock exchange shall monitor the scheme wise position limit. Daily trading/ position limits and margins will be notified the by the clearing member (custodian) to the AMC, for funding and monitoring.

4. Prohibitions / Restrictions

The schemes shall not write options or purchase instruments with embedded written options.

The total exposure related to option premium paid must not exceed 20% of the net assets of the scheme.

Cash and cash equivalents with residual maturity of not less than 91 days may be treated as not creating any exposure.

Exposure to hedging positions may not be included in the abovementioned limits subject to the following:

Hedging positions are derivative positions that reduce possible losses on the existing position in securities and till the existing position remains.

Hedging positions can not be taken for existing derivative positions exposure to such positions shall have to be added and treated within the overall limit of 100%.

Any derivative instrument used to hedge has the same underlying security as the existing position being hedged

The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing positions against which hedge has been taken.

5. Strategy

Hedging, Portfolio rebalancing, trading and arbitrage

6. Internal Guidelines

The AMC presently has a derivative policy which sets out the framework and operational guidelines for derivative investments.

7. Valuation

The traded derivatives shall be valued at market price in conformity with the SEBI Regulations/Guidelines

The valuation of untraded derivatives shall be done in accordance with the valuation method for untraded investments prescribed in the SEBI Regulation

8. Disclosure and Reporting
- In the half yearly portfolio and in the annual reports, the following disclosure will be made in respect of derivative positions as per the format prescribed by SEBI.
- Hedging positions and trading positions through futures
- Hedging positions and trading positions through options
- The total no of contracts entered, gross notional value of contracts and net profits/loss.
- While listing the net assets, the margin amounts paid will be reported separately under cash and bank balances.
- The above reports will be placed before the Executive / Risk Management Committee of the AMC and AMC/ Trustee Board and for review.

Illustrative list of strategies that can employ derivatives are given hereunder:

(i) Index Futures

Index Futures have been introduced by BSE and NSE. Generally three index futures of 1,2,3 months maturity, etc are presently traded on these exchanges. These futures expire on the last working Thursday of the respective months. If the Nifty (Index) was 1875 at the beginning of a month and the quotes for the three futures were as under:

Month	Bid Price	Offer Price
1	1880	1885
2	1900	1915
3	1910	1930

The Fund can buy an Index of month 1 on the last day of the month prior to month 1 in the illustration above at an offer price of 1885.

Numerical example of futures trade

The following is a hypothetical example of a typical likely index future trade and the associated costs.

Particulars	Index Future	Actual purchase of stocks
Index at the beginning of the month	1875	1875
Price of 1 Month Future	1885	-
A Execution Cost : Carry and other Index		
Future costs (1885-1875)	10	Nil
B Brokerage Cost:		
Assumed at 0.30% for Index Future and 0.50% for spot Stocks	5.66	9.38

(0.30% of 1885)

(0.50% of 1875)

C Gains on Surplus Funds: (assumed 10% return on 90% of the money left after paying 10% margin)	13.87	Nil
Total Cost (A+B-C)	1.79	9.38

In this example, the Index Future trade has resulted in profitability compared to actual purchase of the underlying index stocks. The profitability of Index Future as compared to an individual security will interalia depend upon the carrying cost, the interest available on surplus funds and the transaction cost. There are futures based on stock indices as mentioned above as also futures based on individual stocks.

Illustrative list of strategies that can employ futures

Strategies that employ index futures and their objectives:

- (a) The fund has an existing equity portion invested in a basket of stocks. In case the fund manager has a view that the equity markets are headed downwards, the fund can then hedge the exposure to equity either fully or partially by initiating short futures positions in the Index.

A similar position in the long direction can also be initiated by the fund to hedge its position of cash and permissible equivalents. The extent to which this can be done is determined by guidelines issued by SEBI from time to time.

- (b) To the extent permissible by extant regulations the scheme can initiate a naked short position in an underlying index future traded on a recognized stock exchange. In case the nifty near month future contract trading at say, 1850, and the fund manager has a view that it will depreciate going forward, the fund can initiate a sale transaction of nifty futures at 1850 without holding a portfolio of equity stocks or any other underlying long equity position. Once the price falls to 1800 after say, 20 days the fund can initiate a square-up transaction by buying the said futures and book a profit of 50. Correspondingly the fund can take a long position without an underlying cash/ cash equivalent subject to the extant regulations.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying indices
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Strategies that employ Stock specific Futures and their objectives:

Individual stock futures are also available in the Indian Equity Markets. Stock futures trade either at a premium or at discount to the spot prices, the level of premium generally reflects the cost of carry. Stock specific issues may have a

bearing on futures as speculators may find futures as a cost-effective way of executing their view on the stock. However such executions usually increase the premium/discount to the spot significantly, thereby giving rise to arbitrage opportunities for a fund.

- (a) **Selling spot and buying future :** In case the fund holds the stock of a company at say Rs. 1000 while in the futures market it trades at a discount to the spot price say at Rs. 980 then the fund may sell the stock and buy the futures. On the date of expiry of the stock future, the fund may reverse the transactions (i.e. Buying at Spot & Selling futures) and earn a risk-free Rs. 20/- (2% absolute) on its holdings. As this can be without any dilution of the view of the fund on the underlying stock the fund can still benefit from any movement of the price in the northward direction, i.e. if on the date of expiry of the futures, if the stock trades at 1100 which would be the price of the futures too, the fund will have a benefit of Rs. 100/- whereby the fund gets the 10% upside movement together with the 2% benefit on the arbitrage, and thus getting a total return of 12%.
- (b) **Buying spot and selling future:** Where the fund holds the stock of a company trading in the spot market at Rs 1000 while it trades at Rs. 1020/- in the futures market then fund may buy the stock at spot and sell in the futures market thereby earning Rs 20. In case of adequacy of cash with the fund, this strategy may be used to enhance returns of the Scheme which was otherwise sitting on cash.
- (c) **Buying stock future:** Where the scheme wants to initiate a long position in a stock whose spot price is at say, Rs.1000 and futures is at 980, then the fund may just buy the futures contract instead of the spot thereby benefiting from a lower cost option.
- (d) In case the fund has a bearish view on a stock which is trading in the spot market at Rs.1000/- and the futures market at say Rs.980/-. The fund can express such a view subject to extant SEBI regulations by initiating a short position in the futures contract. In case the view is right and the futures price depreciates to say 900/- the fund can square up the short position thereby earning a profit of Rs. 80/- Risk associated with this strategy:
- Lack of opportunities available in the market
 - Inability of the derivatives to correlate perfectly with underlying security
 - Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

(ii) Strategies that use Options and the objectives of such strategies:

Option contracts are of two types - Call and Put; the former being the right, but not obligation, to purchase a prescribed number of shares at a specified price before or on a specific expiration date and the latter being the right, but not

obligation, to sell a prescribed number of shares at a specified price before or on a specific expiration date. The price at which the shares are contracted to be purchased or sold is called the strike price. Options that can be exercised on or before the expiration date are called American Options, while those that can be exercised only on the expiration date are called European Options. Option contracts are designated by the type of option, name of the underlying, expiry month and the strike price. Thus, options can be used to earn less volatile returns, earn the premium or use for hedging purposes etc.

Illustrations of use of Options

Call Option (Buy): The fund buys a call option at the strike price of say Rs.1000 and pays a premium of say Rs. 50, the fund would earn profits if the market price of the stock at the time of expiry of the option is more than 1050 being the total of the strike price and the premium thereon. If on the date of expiry of the option the stock price is below Rs 1000, the fund will not exercise the option while it loses the premium of Rs 50.

Put Option (Buy): The fund buys a Put Option at Rs 1000 by paying a premium of say Rs 50. If the stock price goes down to Rs. 900, the fund would protect its downside and would only have to bear the premium of Rs 50 instead of a loss of Rs 100 whereas if the stock price moves up to say Rs. 1100 the fund may let the Option expire and forego the premium thereby capturing Rs. 100 upside after bearing the premium of Rs.50.

The above three option positions can be initiated in both index based options as well as stock specific options.

Risk associated with this strategy:

- Lack of opportunities available in the market
- Inability of the derivatives to correlate perfectly with underlying security
- Execution risk, whereby the rates seen on the screen may not be the rates at which the ultimate execution takes place.

Any Notifications, Guidelines and circulars introduced by SEBI on derivatives from time to time shall automatically apply and forms part of the Scheme Information Documents.

Position Limits

All derivative position taken in the portfolio would be guided by the following principles.

i. Position limit for the Mutual Fund in index options contracts

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures

contracts:

- The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

- Short positions in index derivatives (short futures, short calls and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- Long positions in index derivatives (long futures, long calls and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for Mutual Fund for stock based derivative contracts

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts, is defined in the following manner:-

- For stocks having applicable market-wise position limit (MWPL) of Rs. 500 crores or more, the combined futures and options position limit shall be 20% of applicable MWPL or Rs. 300 crores, whichever is lower and within which stock futures position cannot exceed 10% of applicable MWPL or Rs. 150 crores, whichever is lower.
- For stocks having applicable market-wise position limit (MWPL) less than Rs. 500 crores, the combined futures and options position limit would be 20% of applicable MWPL and futures position cannot exceed 20% of applicable MWPL or Rs. 50 crore which ever is lower.

v. Position limit for each scheme of a Mutual Fund for stock based derivative contracts

The scheme-wise position limit / disclosure requirements shall be –

- For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 - 1% of the free float market capitalisation (in terms of number of shares) or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- This position limits shall be applicable on the combined

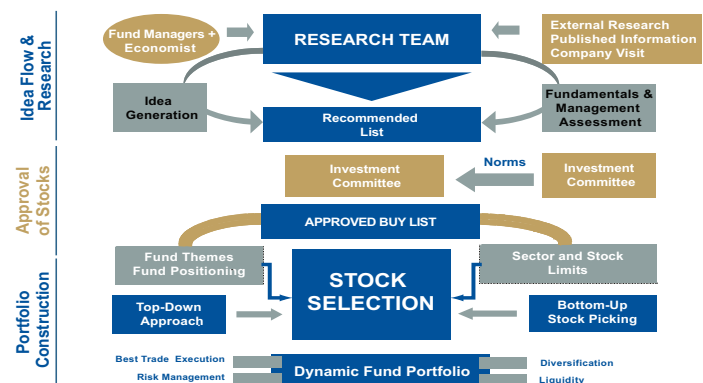

position in all derivative contracts on an underlying stock at a Stock Exchange.

- For index based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

E. Investment Strategy

The Scheme will invest in equity and equity related instruments. The Scheme will also invest in fixed income instruments rated investment grade or higher or otherwise comparable including units of Liquid / Money Market / Debt Mutual Fund Schemes. For the equity portion of the portfolio, companies would be selected after research covering areas such as quality of management, competitive position and financial analysis. The scheme may invest in REITs and InvITS based on research and analysis of the prevailing market conditions and outlook for the real estate market, fixed income markets and other comparable asset classes.

REITs/ InvITs are fast becoming an asset class in their own right with more and more listings of the same. The Fund Manager will at his discretion factoring in various parameters like status of the rental property market especially commercial in case of REIT, outlook for the project that has been placed in an InvIT, dependability of cash flows emanating from the REIT / InvIT, interest rate outlook, correlation of these assets with pure equity and debt etc., decide on the particular investment and the percentage of allocation to this asset class within the portfolio.

Procedure for investment decisions - Equity

Research & Analysis: Research is meant to look at opportunities differently from the market and competition. The Investment Manager has a research set up that works to identify Investment opportunities through continuous research on sectors and companies that are relevant to the theme and investment objectives of the Scheme. The analysis focuses on the performance and future prospects of the company and the business, financial health, competitive edge, managerial quality and practices, minority shareholder fairness, transparency. In order to get a good understanding of the Company being researched and its business management contact either by way

of visit, or any other form of communication is made to assess the potential of the Company. Companies that adequately satisfy the prescribed criteria are included in the portfolio. The weight of individual companies will be based on their upside potential relative to downside risk and will be decided by the Fund Manager.

Approval of Securities: On completion of the research the analyst will put up the Research Report for approval by the Investment Committee. The Investment Committee comprises of the CEO / Managing Director, CIO – Equity, Head of Risk, COO and Head of Compliance. On approval by the Investment Committee, the stock will be included in the investment universe.

Portfolio Construction & Selection of Stock for Investment / Sale: The Fund Manager will construct the portfolio with stocks in the investment universe within the guidelines set in the Scheme Information Document. The Fund Manager will be the sole deciding authority in relation to stock selection, allocation of weight, sale & purchase of stocks and other issues that are related to portfolio construction. The reasons for purchase / sale are recorded in the system/Deal Tickets.

Monitoring: The Investment Committee reviews the performance of the Scheme on a monthly basis. Apart from performance various other subjects are also discussed covering Risk (volatility, liquidity, top holdings, concentration risk etc., in the portfolios), Fund Manager / Economist views on the economy and markets and validation of the same and it's reflection in the sector weights and portfolio positioning etc. The Research team also constantly monitors the sectors and companies assigned to them and updates the Fund Management team on an ongoing basis changes if any occurring to the companies in the portfolio and the sectors. The Research team also actively monitors for new investment opportunities.

An independent risk management team is in place to oversee and monitor portfolio risk on a day-to-day basis. Internal risk control guidelines are in place and the portfolio contours are tracked on a daily basis to ensure adherence. Any deviation is brought to the notice of the Managing Director and the fund manager for corrective action. Follow up actions are made to ensure that the deviation is corrected within the time period prescribed in internal risk control guidelines. Adherence to limits from SEBI regulations as well as stipulations in the Scheme Information Document is monitored by the Compliance team. The Risk Management team reports to the CEO / MD.

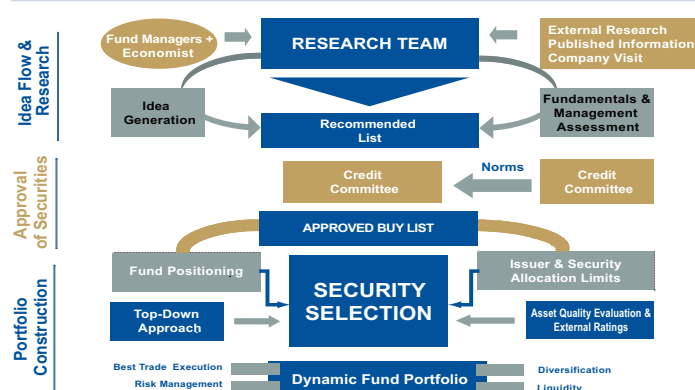

Credit Evaluation / Approval / Monitoring: The Investment Manager has an independent Credit Department reporting to the MD responsible for credit evaluation. The team undertakes evaluation of companies for probable investment in the Fixed Income portfolios based on requests from the Fund Management team and also of its own accord. The analysis involves detailed study of the financial performance as well as analysis of the business / industry the company operates in and the outlook for the company and the sector. The current economic status including the credit outlook is evaluated and forms part of the evaluation process. Apart from quantitative analysis qualitative analysis is also undertaken with a view to form an opinion on the Corporate governance status of the company. Based on the analysis the Credit team puts out a detailed Credit Review for approval by the Credit committee. The Credit Review inter alia will specify the quantum of limits and tenor of the approval.

The Credit Committee comprises of CIO – Fixed Income, Head – Credit, CEO/MD, COO, Head of Risk & Head-Compliance. The Credit Review needs to be approved by at least two members of the Committee. On approval the Company will be included in the Credit Investment universe and will be eligible for making investments in. The weight of individual companies in the portfolio will be decided by the Fund Manager keeping in mind the market outlook, the mandate of the scheme etc., The Fund Manager will be the sole deciding authority in relation to stock selection, allocation of weight, sale & purchase of stocks and other issues that are related to portfolio construction. The Committee reviews the reports prepared by the risk officers. The Committee also reviews the risk guidelines and sets/modifies limits, reviews the credit quality of the portfolio etc.,

Ongoing Monitoring and Review: The Credit Department is responsible for ongoing monitoring of the companies that are in the investment universe. The ongoing monitoring comprises of analysis of quarterly financials. Any adverse development is noted and further evaluated and concerns if any shared with the Credit Committee and recommendations may include reduction of limits to exiting the exposure. At the same time if there has been a positive development the Credit team will evaluate if the development merits an increase in limits or an extension of the tenor of exposure. Apart from the quarterly analysis the Credit team is constantly looking at all news flows on the companies in the universe and adverse new flows are immediately highlighted with a plan of action as may warrant considering the severity of the news. The Credit team also monitors the industry / sector news and policy announcements etc., affecting the companies in the investment universe and any adverse development in the industry / sector is analysed for its likely impact on the companies in the investment universe.

Apart from the ongoing monitoring by the Credit Department there are weekly reports and monthly meetings of the Credit Committee wherein portfolios are reviewed. At the monthly

Procedure for investment decisions - Debt

meeting report covering various parameters like liquidity, investor concentration, credit rating downgrades and upgrades, high yielding securities under various buckets like short term / long term, comparison of yields with market, significant deviations in yield, adverse news flows etc., are tabled and discussed.

Risk Mitigation: An independent risk management team is in place to oversee and monitor portfolio risk on a day-to-day basis. Internal risk control guidelines are in place and the portfolio contours are tracked on a daily basis to ensure adherence. Any deviation is brought to the notice of the Managing Director and the fund manager for corrective action. Follow up actions are made to ensure that the deviation is corrected within the time period prescribed in internal risk control guidelines. Adherence to limits from SEBI regulations as well as stipulations in the Scheme Information Document is monitored by the Compliance team. The Risk Management team reports to the CEO / MD.

Risk Process / Guidelines: Risk Management is an independent function and the Risk team reports directly to the MD. Broadly the function is divided into two – Regulatory and Internal. Regulatory risk consists of ensuring adherence to all the rules prescribed by the SEBI as well as the limits prescribed in the Offer documents. Internal risk monitoring consists of a host of other parameters that the risk team monitors on a continuous basis like internal limits (i.e. soft limits established to red flag potential breach in SEBI prescribed limits), adherence to fund style, operational and preparation of reports etc.,

The primary mechanism that the Risk team employs to monitor is through Bloomberg. All the rules (regulatory and internal) are uploaded into Bloomberg which thereafter monitors its adherence on a continuous basis. All trades are routed through Bloomberg systems and hence no deviation can occur without an alert being triggered by the Bloomberg system. Any breach in limits consequent to inputting of a trade is flagged off with various levels of concern and needs specific approvals in order to proceed.

Portfolio turnover

Portfolio turnover is defined as the lower of the aggregate value of purchases or sales, as a percentage of the average corpus of the Scheme during a specified period of time. This will exclude purchases and sales of money market securities.

The portfolio turnover in the Scheme will be a function of the inflows in the form of subscriptions into the Scheme and outflows in the form of redemption as well as the market opportunities available to the fund manager. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio(s). There may be trading opportunities that present themselves from time to

time, where in the opinion of the fund manager, there is an opportunity to enhance the total returns of the portfolio. The fund manager will endeavour to balance the increased cost on account of higher portfolio turnover, if any, with benefits likely to be derived from such an approach.

11&13**I. Investment Restrictions**

As per the Trust Deed read with the SEBI (MF) Regulations, the following investment restrictions apply in respect of the Schemes at the time of making investments. However, all investments by the Schemes will be made in accordance with the investment objective, asset allocation and where will the schemes invest, described earlier, as well as the SEBI (MF) Regulations, including schedule VII thereof, as amended from time to time. SEBI vide notification No. SEBI/LADNRO/ GN/2015-16/034 dated February 12, 2016 pertaining to Securities and Exchange Board of India (Mutual Funds) (Amendment) Regulations, 2016 and vide circular no SEBI/HO/IMD/DF2/CIR/P/2016/35 dated February 15, 2016 made amendment in Investment Restrictions. The modified Investment restrictions as follows:

- 1 The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations.

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with SEBI.

- 2 A mutual fund Scheme shall not invest more than 10% of its NAV in un-rated debt instruments issued by a single issuer and the total investment in such instruments shall not exceed 25% of the NAV of the Scheme. All such investment shall be made with the prior approval of the Board of Trustees and the Board of AMC.
- 3 The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.
- 4 Transfer of investments from one Scheme to another Scheme, including this Scheme shall be allowed only if such transfers are made at the prevailing market price for quoted securities on a spot basis and the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further SEBI vide Circular no. SEBI/ho/IMD/DF4/Cir/P/2020/202 dated October 08, 2020 on Inter Scheme Transfer has prescribed additional safeguards.

- i. Key requirements of the circular are stated below:
 - IST shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted.
 - ISTs will be permitted for the rebalancing of a portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.
 - no inter-scheme transfer of a security shall be allowed, if there is negative news or rumour in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.
 - If the security gets downgraded within a period of four months following such a transfer, the fund manager of

the buying scheme will have to provide detailed justification to the trustees for buying such a security.

- ii. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
 - iii. Such transfer shall be carried out at the price obtained from valuation agencies in accordance with the guidelines provided in the SeBI circular no. SEBI/ho/IMD/DF4/Cir/P/2019/102 dated September 24, 2019.
 - iv. If prices are not received from any valuation agencies within the turn-around-time, such transfers shall be done at the prevailing market price for quoted instruments on spot basis. [explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions.]
- 5 The Scheme may invest in other Schemes under the same AMC or any other Mutual Fund without charging any fees, provided the aggregate inter-Scheme investment made by all the Schemes under the same management or in Schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund.
Provided that this clause shall not apply to any fund of funds scheme.
 - 6 The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities. The debt instruments having such special features, which otherwise are Non-Convertible Debentures, may be treated as debt instruments until converted to equity.

Close ended schemes shall not invest in Perpetual bonds.

Mutual Fund under all its schemes shall own more than 10% of such instruments issued by a single issuer.

A Mutual Fund scheme shall not invest – more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

The above investment limit for a mutual fund scheme shall be within the overall limit for debt instruments issued by a single issuer, as specified at clause 1 of the Seventh Schedule of SEBI (Mutual Fund) Regulations, 1996, and other prudential limits with respect to the debt instruments.

The investments of mutual fund schemes in such instruments in excess of the limits specified as above as on the date of the circular is grandfathered and such mutual fund schemes shall not make any fresh investment in such instruments until the investment comes below the specified limits.

Segregation of Portfolio

If the said instrument is to be written off or converted to equity pursuant to any proposal, the date of said proposal may be treated as the trigger date. However, if the said instruments are written off or converted to equity without proposal, the date of write off or conversion of debt instrument to equity may be treated as the trigger date. All other conditions as specified in relevant provisions of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2018/160 dated December 28, 2018, SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2019/127 dated November 07, 2019 with respect of Creation of segregation portfolio in mutual fund schemes.

Valuation

As regards the valuation of bonds with call and/or put options, it is clarified that the bonds shall be valued in line with the SEBI circular No. MRD/CIR/8/92/2000 dated September 18, 2000 irrespective of the nature of issuer. Further, the maturity of all perpetual bonds shall be treated as in line with SEBI Circular no. SEBI/HO/IMD/DF4/CIR/P/2021/034 dated March 22, 2021 for the purpose of valuation.

20. Cash and Cash Equivalents

Pursuant to SEBI Circular SEBI/HO/IMD-II/DOF3/OW/P/2021/31487/1 dated 3rd November 2021 cash equivalent shall consist of following securities having residual maturity less than 91 days: (a) Government Securities, (b) T - Bills and (c) Repo on Government Securities.

SHORT TERM DEPOSITS:

Pending deployment of funds of the Schemes in terms of the investment objective of the Schemes, the Mutual Fund may invest them in short term deposits of scheduled commercial banks in accordance with applicable SEBI guidelines as stated below:

- g) Trustees shall, in the half Yearly Trustee Reports certify that provisions of the Mutual Funds Regulations pertaining to parking of funds in short term deposits pending deployment are complied with at all points of time. The AMC(s) shall also certify the same in its CTR(s).

The Trustee of the Mutual Fund may alter these limitations/objectives from time to time to the extent the SEBI Regulation change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for the mutual fund in order to achieve its investment objective. All investments of the Scheme will be made in accordance with the SEBI Regulation. All the Investment restrictions will be considered at the point of Investment.

Participation in repo of corporate debt securities

In accordance with SEBI circular no. CIR / IMD / DF / 19 / 2011 dated November 11, 2011 and CIR/IMD/DF/23/2012 dated November 15, 2012; scheme of Sundaram Mutual Fund (SMF) shall participate in the corporate bond repo transactions w.e.f. June 21, 2013 as per the guidelines issued by Reserve Bank of India (RBI) from time to time. Currently the applicable guidelines are as under:

- The gross exposure of the scheme to repo transactions in corporate debt securities shall not be more than 10% of the net assets of the concerned scheme.
- The cumulative gross exposure through repo transactions in corporate debt securities along with equity, debt and derivatives shall not exceed 100% of the net assets of the concerned scheme.
- Mutual Funds shall participate in repo transactions only in AA and above rated corporate debt securities.
- In terms of Regulation 44 (2) mutual funds shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months

The investment restrictions applicable to the Scheme's participation in the corporate bond repos will also be as prescribed or varied by SEBI or by the Board of Sundaram Trustee Company Limited (subject to SEBI requirements) from time to time.

The following guidelines shall be followed by Sundaram Mutual Fund for participating in repo in corporate debt securities, which have been approved by the Board of AMC and Trustee Company.

(i) Category of counterparty to be considered for making investment:

All entities eligible for transacting in corporate bond repos as defined by SEBI and RBI shall be considered for repo transactions.

(ii) Credit rating of counterparty to be considered for making investment

The schemes shall participate in corporate bond repo transactions with counterparties having a minimum investment grade rating and is approved by the Investment Committee on a case-to-case basis. In case there is no rating available, the Investment Committee will decide the rating of the counterparty, and report the same to the Board from time to time.

(iii) Tenor of Repo and collateral

As a repo seller, the scheme will borrow cash for a period not exceeding 6 months or as per extant regulations.

As a repo buyer, the Scheme are allowed to undertake the transactions for maximum maturity upto one year or such other terms as may be approved by the Investment Committee.

There shall be no restriction / limitation on the tenor of collateral.

(iv) Applicable haircuts

- (1) AAA : 07.50%
- (2) AA+ : 08.50%
- (3) AA : 10.00%

The haircut will be applicable on the prevailing market value of the said security on the prevailing on the date of trade. However, the fund manager may ask for a higher haircut (while lending) or give a higher haircut (while borrowing) depending on the market prevailing liquidity situation.

The Trustee of the Mutual Fund may alter these limitations/objectives from time to time to the extent the SEBI Regulation change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for the mutual fund in order to achieve its investment objective. All investments of the Scheme will be made in accordance with the SEBI Regulation. All the Investment restrictions will be considered at the point of Investment.

Restriction on redemption in Mutual Funds

a. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

- i. *Liquidity issues* - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMC's should have in place sound internal liquidity management tools for schemes.

Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision, shall not be allowed.

- ii. Market failures, exchange closures-when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political,

economic, military, monetary or other emergencies.

- iii. Operational issues-when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.

b. Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.

c. Any imposition of restriction would require specific approval of Board of AMC's and Trustees and the same should be informed to SEBI immediately.

d. When restriction on redemption is imposed, the following procedure shall be applied:

- i. No redemption requests upto INR 2 lakh shall be subject to such restriction.
- ii. Where redemption requests are above INR 2 lakh, AMC's shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.

e. Disclosure:

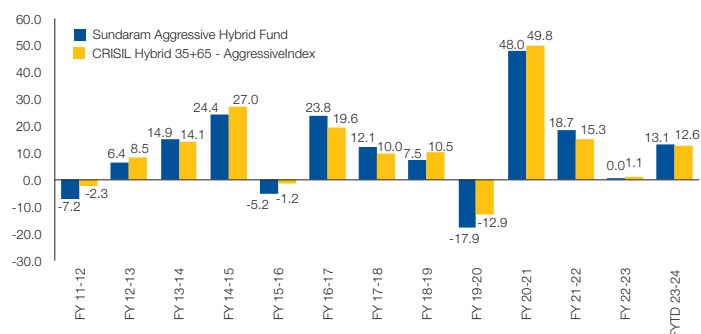

The above information to investors shall be disclosed prominently and extensively in the scheme related documents regarding the possibility that their right to redeem may be restricted in such exceptional circumstances and the time limit for which it can be restricted.

SIP Pause Facility

The existing investor who has an ongoing SIP will have an option to pause the SIP with effect from 23rd April 2020. The investor will have to submit the signed SIP Pause facility form duly complete in all respects to avail this facility.

The terms and conditions for availing the 'SIP Pause Facility' shall be as follows:

1. The SIP Pause Facility is available for SIP registration with monthly frequency only.
2. The request for SIP Pause should be submitted at least 21 days prior to the subsequent SIP date.
3. The request for SIP Pause can be for minimum 1 instalment and maximum 6 instalments
4. Investor can opt for the SIP Pause facility only once during the tenure of particular SIP.
5. The SIP shall continue from the subsequent instalment after the completion of Pause period automatically.

(2) Systematic Withdrawal Plan (SWP)

SWP may be appropriate for those seeking regular inflow of funds for their needs. The minimum amount, which the unit holder can withdraw, is Rs.100/-. The unit holder may avail himself of this plan by sending a written request to the Investment Manager or the Registrar. Withdrawals through SWP are effected on the specified redemption dates, at an interval of the investor's choice (monthly or quarterly). The amount thus withdrawn by this option will be converted into units at the applicable redemption price on that date and will be subtracted from the units balance to the credit of the unit holder. Unit holders may change the amount indicated in the SWP, subject to the minimum amount specified above. The SWP may be terminated on written notice from the unit holder and it will terminate automatically when all the units of the unit holder are liquidated or withdrawn from the account. The unit holders can opt for either fixed or variable amount withdrawal under this facility.

Fixed amount withdrawal

The unit holder can withdraw a fixed amount (subject to a minimum amount of Rs.100/- on the Specified Redemption Dates. In this case, the withdrawal could affect the capital, reducing it or enhancing it based on the amount withdrawn and returns generated by the fund.

Example

Amount Invested: Rs.50,000/- in a Scheme of Sundaram Mutual Fund – Growth Option.

If the unit holder decides to withdraw Rs. 5,000/- every month, and the appreciation in a month is Rs. 1750/-, then such redemption proceeds will comprise of Rs. 1750/- from the capital appreciation and Rs.3250/- from the unit holder's capital account.

(3) Systematic Transfer Plan (STP)

STP is a facility wherein a unit holder of a Sundaram Mutual Fund scheme can opt to transfer a fixed amount or capital appreciation amount at regular intervals to another scheme of Sundaram Mutual Fund. The amount transferred under the STP from the Transferor scheme to the Transferee scheme, shall be effected by redeeming units of Transferor scheme and subscribing to the units of the Transferee scheme.

Investors can choose any date of the month/quarter for availing the STP facility. Any Day STP is applicable only for monthly and quarterly frequencies.

If Wednesday is not a business day, the STP installment will be processed on the next business day.

Daily: rs.1,000/- (6 Instalments);

Weekly: rs.1,000/- (6 Instalments)

Monthly: rs.100/- (6 Instalments);

Quarterly: rs.750/- (6 Instalments)

Semi Annual /Annual: rs.1,000/- (6 Instalments)

STP may be terminated automatically if the balance falls below the minimum account balance. The capital appreciation portion will be subject to capital gains tax at applicable rates. Investors may opt to exit from the facility by giving a written notice to the Registrar at least 14 days prior to the next transfer date. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death/incapacity of the unit holders by the Fund. The Investment Manager reserves the right to have differential load structures for investors who opt for the STP. Rules relating to the STP may be changed from time to time by the Investment Manager.

Note: Where the specified dates are not business days, the next business day will be relevant. The Trustee can change the prescribed dates/installment amounts or any other feature at their discretion.

1. In case the STP date is not mentioned/not legible, then the STP will be registered with 07th as default STP date, as applicable.
2. Any Day STP shall be triggered and processed only on Business days.
3. Minimum Any Day STP Amount/installment: As stated in the respective Scheme Information Document (SID) / Key Information Memorandum (KIM) and satisfying the minimum criteria of source and target schemes.
4. Any day STP is eligible for cycle dates of 1st to 31st
 - i. For the dates from 1 to 28:
 - STP shall be processed on the given the day if that day is a business day. In case the specified date is a non-business day, it shall be processed on the next business day.
 - ii. For the dates from 29 to 31:
 - If the selected date is available in that month and it is a business day, any day STPs should be triggered for processing on that date. If the selected date is not a business day, any day STP shall be triggered for processing on the next business date.
 - If the selected date itself is not available in that month, any day STP shall be triggered for processing on its previous business day.
 - For example, if 29 is not available in the month of February, any day STP shall be triggered for processing on the last business day of February.
 - For example, if 31 is not available in any of the months, any day STP shall be triggered for processing on 30th of that month, provided it is a business day, else last business day of the month shall be considered for any day STP processing.
5. Discontinuation of STP, for all frequencies
 - a) When the outstanding balance in "transferor Scheme" does not cover any of the STP

- instalment amount, all outstanding units will be liquidated and STP will be effected for such outstanding balance (subject to the transfer amount satisfying the minimum investment criteria in the destination scheme) and STP will be terminated for subsequent instalments.
- b) STP will be terminated if all units from the Transferor Scheme are pledged or upon receipt of intimation of death of first/sole unit holder.
 - c) Investors can also choose to terminate the STP by giving a written notice of at least 7 Business Days in advance to the Official Points of Transactions and accordingly, termination of STP shall be effected on receipt of valid request.
6. STP trigger under any frequency will start on a day as opted by the investor falling not later than the 5th working day from the date of receipt of a valid request.

The Trustee/AMC reserves the right to change/modify the terms of SIP.

(3A) Daily Systematic Transfer Plan (Daily STP) facility

Daily STP is a facility provided wherein the unit holder(s) of "Transferor Scheme(s)" can opt to transfer a fixed amount at daily intervals (Business days) from their existing investments under "Transferor Scheme(s)" to eligible "Transferee Scheme(s)" which is available for investment at that time.

Investors are requested to note the following terms and conditions with respect to availing Daily STP facility:

i. Date of transfer

Daily Interval (on all business days). Investors should note that in case of Daily STP, the commencement date for transfers shall be the 15th working day from the date of receipt of a valid request and thereafter, transfers shall be effected on all business days at NAV based prices, subject to applicable load. Thus, in the event of an intervening non-business day (e.g. Saturday and Sunday), STP triggers will not take place and consequently the total number of Daily STP instalments opted by the investor will be adjusted to that extent i.e., For e.g. if the investor has opted for 20 instalments and if 5 non business days happen to occur in the intervening period, then only 15 Daily STP instalments shall be triggered. In view of the intervening non business days, investors are advised to extend the period by including possible non business days during the transfer period for covering the intended instalments.

ii. Load Structure of the Transferor Scheme & Transferee Schemes as on the date of enrolment of STP shall be applicable.

iii. Discontinuation of Daily STP

- a) Daily STP will be automatically terminated if all units are liquidated or withdrawn from the Transferor Scheme or pledged or upon receipt of intimation of death of unit holder. Further, if the outstanding balance in "Transferor Scheme" does not cover any of the Daily STP instalment amount, all outstanding units will be liquidated and Daily STP will be effected for such outstanding balance and Daily STP will be terminated for subsequent instalments.
- b) Investors can also choose to terminate the Daily STP by giving a written notice of at least 7 Business Days in advance to the Official Points of Transactions and accordingly, termination of Daily STP shall be effected from 8th Business Day of receipt of valid request.

iv. The provision of 'Minimum redemption amount' specified in the SID of Transferor Scheme and 'Minimum application amount' specified in the SID of the Transferee Schemes will not be applicable for Daily STP.

v. The Trustee / AMC reserve the right to change / modify the terms of the Daily STP or withdraw this facility from time to time.

A. As per SEBI Circular SEBI/HO/IMD/IMD-I DOF2/P/CIR/2022/161 as on November 25, 2022.

- a. In partial modification of paragraph II(c) of SEBI Circular SEBI/IMD/CIR No.1/64057/06 dated April 4, 2006, the record date shall be two working days from the issue of public notice, wherever applicable, for the purpose of payment of dividend
- b. The payment of dividend to the unitholders shall be made within seven working days from the record date

B. IDCW Transfer Facility (DSO)

Sundaram Trustee Company Limited, the Trustee to Sundaram Mutual Fund has introduced Transfer IDCW Option into all open ended schemes from any schemes (open ended and close ended) of Sundaram Mutual Fund.

The terms and conditions of the Transfer IDCW Option are as follows:

- 1) Transfer IDCW Option is a facility wherein unit holder(s) of eligible scheme(s) [hereinafter referred to as "Source Scheme(s)"] of Sundaram Mutual Fund can opt to automatically invest the IDCW (as reduced by the amount of applicable statutory levy, if any) declared by the eligible Source Scheme(s) into other eligible Scheme(s) [hereinafter referred to as "**Target Scheme(s)**"] of Sundaram Mutual Fund.
- 2) DSO facility is available to unit holder(s) only under the IDCW Plan / Option of the Source Scheme(s). However, the DSO facility will not be available to unit holder(s) under the Daily IDCW Option in the Source Scheme(s). Unit holder's enrolment under the DSO facility will automatically override any previous instructions for 'IDCW Payout' or 'IDCW Reinvestment' facility in the Source Scheme.
- 3) The enrolment for DSO facility should be for all units under the respective IDCW Plan / Option of the Source Scheme. Instructions for part IDCW Transfer and part IDCW Payout / Reinvestment will not be accepted. The IDCW amount will be invested in the Target Scheme under the same folio. Accordingly, the unit holder(s) details and mode of holding in the Target Scheme will be same as in the Source Scheme.
- 4) The enrolment to avail of DSO facility has to be specified for each Scheme/Plan/Option separately and not at the folio level.
- 5) Under DSO, IDCW declared (as reduced by the amount of applicable statutory levy and deductions, if any) in the Source scheme (subject to minimum of Rs.500/-) will be automatically invested into the Target Scheme, as opted by the unit holder, on the date of realisation of funds in the target scheme, subject to applicable load as specified under paragraph 8 below and accordingly equivalent units will be allotted in the Target Scheme, subject to the terms and conditions of the Target Scheme.
- 6) The provision for '**Minimum Application Amount**' specified in the respective Target Scheme's Scheme Information Document (SID) will not be applicable under DSO.
- 7) **Load Structure:** The IDCW amount to be invested under the DSO from the Source Scheme to the Target Scheme shall be invested by subscribing to the units of the Target Scheme at applicable NAV.
Entry Load (Target Scheme): Nil for all type of plans
Exit Load (Target Scheme): As per the relevant SID(s) The Trustee/AMC reserves the right to change the load structure at any time in future on a prospective basis.
- 8) The account statement will be issued by Email or by post/courier (if opted by the unitholder) to the unit holder once in a month, in case of any transactions made during the month.
- 9) Unitholders who wish to enroll for DSO facility are required to fill DSO Enrolment Form available with the ISCs, distributors/agents and also displayed on the website www.sundarammutual.com. The DSO Enrolment Form should be completed in English in Block Letters only. Please tick (✓) in the appropriate box, where boxes have been provided. The DSO Enrolment Form complete in all aspects should be submitted at any of the Investor Services centre (ISCs) of Sundaram Mutual Fund.
- 10) The request for enrolment for DSO must be submitted at least 10 days prior to the Record Date for the IDCW. In case of this condition not being met, the enrolment would be considered valid from the immediately succeeding Record Date of the IDCW.
- 11) Unitholder(s) are advised to read the SID(s) of Target Scheme(s) carefully before investing. The SID(s) / Key Information Memorandum(s) of the respective Scheme(s) are available with the ISCs of Sundaram Mutual Fund, brokers / distributors and also displayed on the Sundaram Mutual Fund website i.e. – www.sundarammutual.com
- 12) Unit holders will have the right to discontinue the DSO facility at any time by sending a written request to the ISC. Notice of such discontinuance should be received at least 10 days prior to the IDCW Record Date. On receipt of such request, the DSO facility will be terminated. At the time of discontinuation of DSO facility, the Unit holders should indicate their choice of option i.e. IDCW reinvestment or IDCW payout. In the event the Unitholder does not indicate his choice of IDCW option, the IDCW, if any, will be reinvested (compulsory payout if IDCW reinvestment option is not available) in the Source Scheme. Once the request for DSO is registered, then it shall remain in force unless it is terminated as aforesaid.
- 13) The Trustee reserves the right to change/ modify the terms and conditions of the DSO at a later date on a prospective basis.

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under Regular Plan.

The Investment Manager shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

Growth Option: Investors who prefer to accumulate the income and also do not have a need to receive the cash flow to meet specific financial goals can opt for the growth option. The income earned on the units will remain invested in the Scheme and will be reflected in the Net Asset Value. No IDCW will be declared under this option. If units of this option are held as a capital asset for a period of at least 12 months from the date of allotment, income from such units will be treated as long-term capital gains for tax purposes.

IDCW Option: IDCW may be declared by the Trustee at its discretion from time to time subject to the availability of distributable surplus calculated in accordance with the Regulations. There is no assurance/guarantee with respect to the quantum or the frequency or the certainty of IDCW distribution. The decision on whether to declare a IDCW or not will depend on the performance of the scheme and availability of distributable surplus. The IDCW pay out may also vary from time to time. The decision of the Trustee will be final in this regard.

Unit holders opting for the IDCW Option only will be eligible to receive IDCWs. All unit holders whose names appear in the Register of the Scheme in the IDCW Option category as on the Record Date will be entitled to the IDCW. The IDCW payment will be subject to the distribution tax, if any, payable by the Mutual Fund as per the Income Tax Act or other laws in force.

After the record date for distribution of IDCW, the NAV per unit will decline to the extent of the pay out and distribution tax, if any.

Investors can opt either for IDCW Pay-Out Option or IDCW Sweep or IDCW Re-investment Option.

- **Income Distribution cum Capital Withdrawal (IDCW) Option:** Income distribution under this option may be declared by the Trustee at its discretion from time to time subject to the availability of distributable surplus calculated in accordance with the Regulations. There is no assurance/guarantee with respect to the quantum or the frequency or the certainty of distribution. The decision on whether to declare a Dividend or not will depend on the performance of the scheme and availability of distributable surplus. The Dividend pay out may also vary from time to time. The decision of the Trustee will be final in this regard. Further, Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay IDCW. Hence IDCW amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains. Unit holders opting for the IDCW Option only will be eligible to receive the dividend. Considering the date and value of the eligible units, the income so distributed shall be construed as Income from reserves or from capital invested and such bi-furcation would be provided in the CAS.

All unit holders whose names appear in the Register of the Scheme in the IDCW Option category as on the Record Date will be entitled to the IDCW. The IDCW payment will be subject to the statutory levy, if any, payable by the Mutual Fund as per the Income Tax Act or other laws in force.

After the record date for distribution of income, the NAV per unit will decline to the extent of the pay out and statutory levy, if any.

Investors can opt either for Income Pay-Out Option or Transfer or Re-investment Option.

- **IDCW Pay-Out:** The Investment Manager shall dispatch the dividend for IDCW option holders through cheque / warrant within 15 days of declaration of income distribution. The cheques / warrant will be drawn in the name of the sole/first holder and will be posted/mailed to the address indicated by the investor in the application form. Investors are required to provide bank account details - the name of the bank,

Plans / Options offered

<p>Plans / Options offered</p>	<p>branch and account number - in the application form. Such payment may also be done by Direct Credit subject to availability of necessary facility at each location.</p> <ul style="list-style-type: none"> IDCW Re-Investment: Investors have the option to re-invest the income by way of buying additional units of the scheme. Additional units will be allotted based on the ex-NAV of the IDCW Option on the next business day after the Record date for the IDCW. No entry load will be charged for such re-investment of first income. The re-investment of first income shall automatically be deemed to be constructive payment of income distributed to the unit holder and constructive receipt by the unit holder. If the distributed amount payable to unitholders in IDCW payout option of the scheme under a folio is less than or equal to ₹ 500/, then such amount shall be compulsorily reinvested in the same plan / option instead of payout. If additional units issued under this option are held as a capital asset for a period of more than 36 months (as applicable) from the date of allotment, any gain over the cost of acquisition will be treated as long-term capital gains for tax purposes. IDCW Transfer Facility (DSO): This option will be available only when the amount payable to the investor's account on the Record Date in a folio is equal to or more than Rs.500/. The distributed income so payable will be automatically swept into the Target Scheme (Open ended schemes) as opted by the unitholder, on the date of realisation of funds in the target scheme (DSO form available in the website www.sundarammutual.com) after the Record Date at the applicable NAV of the Target Scheme, subject to applicable load and accordingly equivalent units will be allotted in the Target Scheme (Open ended schemes), subject to the terms and conditions of the Target Scheme depending upon whether the investment was registered with or without broker code of the chosen scheme at the applicable NAV. <p>Investors should indicate the Plan and Option in the application form by ticking the appropriate box provided for this purpose. If no option is indicated, the default option will be Growth. If an investor chooses the IDCW Option but fails to indicate a sub option, the default sub-option shall be IDCW Transfer (Default destination Scheme- Sundaram Money Fund - Growth), when the IDCW payable is Rs. 500 or more and IDCW Reinvestment in the same scheme when IDCW payable is less than Rs.500 in the respective sub option. The chosen Plan and Option can be changed by sending a request in writing signed by all the unit holder(s) to the Registrar.</p>
<p>International Security Identification Number (ISIN)</p>	<p>The Investor have an option to hold the units either in the physical or demat mode in accordance with his/her own choice. International Security Identification Numbers (ISIN) in respect of the plans/options of the schemes have been created in National Securities Depository Limited (NSDL) and Central Depository Services Limited (CDSL). The details of ISIN are provided in Highlights and Scheme Summary section of this document. In case the unitholder desires to hold the units in Dematerialized / Rematerialized form at a later date, the request for conversion of units held in non-DEMAT form into DEMAT (electronic form) or vice-versa should be submitted along with a DEMAT/REMAT request form to their Depository Participants.</p>
<p>Income Distribution cum Capital Withdrawal (IDCW) policy</p>	<p>IDCW may be declared by the Trustee at its discretion subject to the availability of distributable surplus as calculated in accordance with the Regulations. There is no assurance/guarantee with respect to the quantum or the frequency or the certainty of IDCW distribution. The decision on whether to declare a IDCW or not will depend on the performance of the scheme and availability of distributable surplus. The rate of IDCW may also vary from time to time. The decision of the Trustee will be final in this regard. IDCW will be declared on the face value of Rs 10 per unit.</p> <p>Unit holders opting for the IDCW Option only will be eligible to receive IDCWs. All unit holders whose names appear in the Register of the Scheme in the IDCW Option category as on the Record Date will be entitled to the IDCW. The IDCW payment will be subject to the distribution tax, if any, payable by the Mutual Fund as per the Income Tax Act or other laws in force.</p> <p>Effect of IDCW: In the IDCW option, after the record date for distribution of IDCW, the NAV per unit will decline to the extent of the pay out and distribution tax, if any. IDCW will be paid within 15 days from date of declaration.</p> <p>Post declaration of IDCW the NAV of the Units under the in IDCW option will stand reduced by the amount of IDCW declared and applicable IDCW distribution tax/any other statutory levy.</p> <p>In case of delay, the Investment Manager will be liable to pay interest to the unit holders at such rate as may be specified by SEBI for the period of such delay. The prescribed rate at present is 15% per annum. However if Bank Details are not properly provided by the Investor, the provision regarding payment of interest for delay will not apply.</p>

Know Your Customer (KYC) / CKYC

The Securities and Exchange Board of India has issued detailed guidelines on 18/01/2006 and measures for prevention Money Laundering and had notified SEBI (KYC Registration Agency) Regulations, 2011 on December 02, 2011 with a view to bring uniformity in KYC Requirements for the securities market and to develop a mechanism for centralization of the KYC records. SEBI has also issued circulars from time to time on KYC compliance and maintenance of documentation pertaining to unit holders of mutual funds. Accordingly the following procedures shall apply:

- KYC acknowledgement is mandatory for all investors.
- An application without acknowledgement of KYC compliance will be rejected
- New Investors are required to submit a copy of Income Tax PAN card, address proof and other requisite documents along with the KYC application form to any of the intermediaries registered with SEBI, including Mutual Funds to complete KYC effective from January 01, 2012. The KYC application form is available at www.sundarammutual.com
- The Mutual Fund shall perform initial KYC of its new investors and send the application form along with the supporting documents to the KYC Registration Agency (KRA).
- During the KYC process, the Mutual Fund will also conduct In Person Verification (IPV) in respect of its new investors effective from January 01, 2012. Sundaram Asset Management Company Limited and the NISM / AMFI certified distributors who are KYD compliant are authorized to carry out the IPV for investors in mutual funds. In case of applications received directly from the investors (i.e. not through the distributors), mutual funds may rely upon the IPV performed by the scheduled commercial banks.
- The KRA shall send a letter to the investor within 10 business days of the receipt of the KYC documents from Mutual Fund, confirming the details thereof.
- Investors who have obtained the acknowledgement after completing the KYC process can invest in Scheme of the Mutual funds by quoting the PAN in the application form.
- Investors are required to complete KYC process only once to enable them to invest in Scheme of all mutual funds.
- Existing Investors, who have already complied with the KYC requirements, can continue to invest as per the current practice.

Pursuant to SEBI circular no. MIRSD/Cir-5/2012 dated April 13, 2012, mutual fund investors who were KYC compliant on or before December 31, 2011 are required to submit 'missing/not available' KYC information and complete the 'In Person Verification' (IPV) requirements if they wish to invest in a new mutual fund, where they have not invested / opened a folio earlier, effective from December 03, 2012: Individual investors have to complete the following missing/not available KYC information:

- a) Father's/Spouse Name,
- b) Marital Status,
- c) In-Person Verification (IPV).

To update the missing information, investors have to use the "KYC Details Change Form" for Individuals Only available at www.sundarammutual.com or www.amfiindia.com. Section B of the form highlights 'Mandatory fields for KYCs done before 1 January 2012' which has to be completed.

In case of Non Individuals, KYC needs to be done afresh due to significant and major changes in KYC requirements by using "KYC Application form" available for Non-Individuals only in the websites stated above.

Additional details like Nationality, Gross Annual Income or Net worth as on recent date, Politically Exposed Person, and Non Individuals providing specific services have to be provided in Additional KYC details form available in the website of the Investment Manager.

Duly filled forms with IPV can be submitted along with a purchase application, to the new mutual fund where the investor is investing / opening a folio. Alternatively, investors may also approach their existing mutual funds at any investor service centre to update their 'missing/not available' KYC information.

Ultimate Beneficial Owner Pursuant to Prevention of Money Laundering Act, 2002 (PMLA) and Rules framed thereunder and SEBI Master circular dated December 31, 2010 on Anti Money Laundering (AML), sufficient information to identify persons who beneficially own or control the securities account is required to be obtained. Also, SEBI had vide its circular no. CIR / MIRSD / 2 /2013 dated January 24, 2013 prescribed guidelines regarding identification of Ultimate Beneficial Owner(s) ('UBO'). As per these guidelines UBO means 'Natural Person', or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes a person who exercises ultimate effective control over a legal person or arrangement. Investors are requested to refer to the 'Declaration for UBO' available in the website of the Investment Manager for detailed guidelines on identification of UBO. The provisions relating to UBO are not applicable where the investor or the owner of the controlling interest is a company listed on a stock exchange, or is a majority owned subsidiary of such a company.

Central KYC

Central KYC Registry is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity. KYC means the due diligence procedure prescribed by the Regulator for identifying and verifying the proof of address, proof of identity and compliance with rules regulations, guidelines and circulars issued by the Regulators or Statutory Authorities under the Prevention of Money Laundering Act, 2002.

The Central Govt. vide notification dt. Nov, 26, 2015 has authorised Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the CKYC Registry including receiving, storing, safeguarding and retrieving the KYC records in digital form of a Client. A 14 digit CKYC identification Number (KIN) would be issued as identifier of each client.

As per PMLA (Maintenance of Records) Amendment rules, 2015, Rule 9(IA), every reporting entity shall within three days after the commencement of an account based relationship with an individual, file the electronic copy of the client's KYC records with the Central KYC Registry. Institutions need to upload the common KYC template along with the scanned copy of the certified supporting documents (Pol/PoA), cropped signature and photograph. SEBI vide its circular dated November 10, 2016 has advised all mutual funds to upload the KYC records of all existing customers into the CKYC database.

Since the records are stored digitally, it helps institutions de-duplicate data so that they don't need to do KYC of customers multiple times. It helps institutions find out if the client is KYC compliant based on Aadhaar, PAN and other identity proofs. If the KYC details are updated on this platform by one entity, all other institutions get a real time update. Thus, the platform helps firms cut down costs substantially by avoiding multiplicity of registration and data upkeep.

Please note that PAN is mandatory for investing in MF's (Except Micro KYC and other exempted scenarios). If CKYC is done without submission of PAN, then he/she will have to submit a duly self-certified copy of the PAN card alongwith KIN.

First time investing Financial Sector (New investor) New to KRA-KYC: while on boarding investors who are new to the MF & do not have KYC registered as per existing KRA norms, such investors should fill up CKYC form (attached). This new KYC form is in line with CKYC form guidelines and requirements and would help to capture all information needed for CKYC as well mandatory requirements for MF. Investors should submit the duly filled form along with supporting documents, particularly, self-certified copy of the PAN Card as a mandatory identity proof. If prospective investor submits old KRA KYC form, which does not have all information needed for registration with CKYC, such customer should either submit the information in the supplementary CKYC form or fill the CKYC form.

Updation of Permanent Account Number (PAN) for processing redemption and related transactions in non-PAN exempt folios and various communication(s) sent in this regard from time to time, it is reiterated that, it is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor.

Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unit holders have not completed KYC requirements.

Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance. Further, upon updation of PAN details with the KRA (KRA-KYC)/ CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records.

Investors who have obtained the KIN through any other financial intermediary, shall provide the 14 digit number for validation and updating the KYC record.

C. Periodic Disclosures

<p>Net Asset Value</p> <p>This is the value per unit of the Scheme on a particular day. An investor can ascertain the value of his holdings by multiplying the units owned with the NAV.</p>	<p>The Investment Manager will prominently disclose the NAVs of all schemes under a separate head on its website and on the website of Association of Mutual Funds in India (AMFI). Further, the Investment Manager will extend facility of sending latest available NAVs to unitholders through SMS, upon receiving a specific request in this regard.</p> <p>NAV will be updated on the website of Association of Mutual Funds of India www.amfiindia.com before 11.00 P.M on every business day The schemes are permitted to take exposure to overseas securities. In such cases where the schemes have taken exposure to overseas securities the NAV of the relevant schemes would be declared by 10.00 A.M. on the following business day.</p> <p>In case any of the schemes ceases to hold exposure to any overseas securities, NAV of the relevant schemes for that day would continue to be declared on 10.00 A.M on the following business day. Subsequent to that day, NAV of the relevant scheme shall be declared on 11.00 P.M on the same day.</p> <p>In case of any delay, the reasons for such delay would be explained to AMFI by the next day. If the NAVs are not available before commencement of working hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs.</p>	<p>SOB No.17</p>	
<p>Methodology of calculating the sale and repurchase price of units</p>	<p>Sale Price: Applicable NAV subject to Stamp Duty</p> <p>Repurchase Price: The exit fee is usually a percentage of the Net Asset Value (NAV) of the mutual fund held by investors. Once the AMC deducts the exit load from the total Net Asset Value, the remaining amount gets credited to the investor's account.</p> <p>Suppose, an investor has invested Rs.10,000 in mutual fund schemes in January 2017. The NAV of the scheme is Rs. 100 and the exit fee for redeeming before one year is 1%. In March 2017, the investor opt for an additional investment of 50 units at Rs 105 in the same fund. He redeems all his investments in the fund in November 2017, when the NAV is Rs. 110 in scenario 1 and Rs 115 in scenario 2 (February 2018)? His exit load is as follows:</p> <p>100 Units bought in January 2017 @ Rs 100 = Rs 10,000 50 units bought in March 2017 @ Rs 105 = Rs 5,250</p> <p>Scenario 1 (Full Redemption before completion of 1 year)</p> <p>Exit charges on redemption in November 2017.</p> <p>Exit Load: $1\% \text{ of } [(100 \text{ units} \times \text{Rs. } 110) + (50 \text{ units} \times \text{Rs. } 110)] = \text{Rs } 165.$</p> <p>The amount credited the investor: $\text{Rs. } 16,500 (\text{Rs. } 110 \times 150 \text{ units}) - \text{Rs. } 165 = \text{Rs. } 16,335 (\text{Total NAV} - \text{Exit fee})$</p> <p>In scenario 1 exit load is applicable on 150 units purchased in January and March 2017 as the holding period is less than 1 year</p> <p>Scenario 2 (Full Redemption after completion of 1 year)</p> <p>Investor redeems 50 units</p> <p>Exit charges on redemption in February 2018.</p> <p>Exit Load: $1\% \text{ of } (50 \text{ units} \times \text{Rs. } 115) = \text{Rs } 57.5$</p> <p>The amount credited the investor: $\text{Rs. } 17,250 (\text{Rs. } 115 \times 150 \text{ units}) - \text{Rs. } 57.5 = \text{Rs. } 17,192.5 (\text{Total NAV} - \text{Exit fee})$</p> <p>In scenario 2 exit load is not applicable on 100 units purchased in January 2017 as the holding period is more than 1 year</p>		
<p>Half yearly Disclosures: Portfolio</p> <p>This is a list of securities where the corpus of the Scheme is currently invested. The market value of these investments is also stated in portfolio disclosures.</p>	<p>The Investment Manager shall disclose the portfolio (along with ISIN) as on the last day of the month / half-year for all the schemes in its website www.sundarammutual.com and on the website of AMFI within 10 days from the close of each month/ half-year respectively in a user-friendly and downloadable spreadsheet format.</p> <p>In case of unitholders whose e-mail addresses are registered, the Investment Manager will send via email both the monthly and half-yearly statement of scheme portfolio within 10 days from the close of each month/ half-year respectively.</p> <p>The Investment Manager will publish an advertisement every half-year disclosing the hosting of the half-yearly statement of its schemes portfolio on their respective website and on the website of AMFI and the modes such as SMS, telephone, email or written request (letter) through which a unitholder can submit a request for a physical or electronic copy of the statement of scheme portfolio. Such advertisement will be published in the all India edition of at least two daily newspapers, one each in English and Hindi.</p>		

Half Yearly Results	Sundaram Mutual fund shall make half yearly disclosures of unaudited financial results on its website www.sundarammutual.com in the prescribed format within one month from the close of each half year, i.e. on 31st March and on 30th September. D. Computation of NAV

The Net Asset Value (NAV) is the most widely accepted yardstick for measuring the performance of any Scheme of a Mutual Fund. NAV calculations shall be based upon the following formula:

$$\frac{\text{(Market value of the Scheme's investments + other current assets + deposits - all liabilities except unit capital, reserves and Profit \& Loss Account)}}{\text{Number of units outstanding of the Scheme}}$$

Valuation will be according to the valuation norms, as specified in Schedule VIII of the Regulation and will be subject to such rules or Regulation that SEBI may prescribe. Please refer the valuation policy on our website https://www.sundarammutual.com/uploaddir/Others/Valuation_Policy_12_2020_040321_184105.pdf

NAV of the Scheme – Plan/Option wise - will be calculated and disclosed up to four decimals.

For details of Valuation of Overseas Securities, please refer Statement of Additional Information.

A. New Fund Offer Expenses

Not applicable.

B. Recurring Expenses & Fee (Fundamental Attribute)

1. The total annual recurring expenses of the Scheme, excluding deferred revenue expenditure written off, issue or redemption expenses, but including the investment management and advisory fee that can be charged to the scheme shall be within the limits specified in Regulation 52 of SEBI (Mutual Funds) Regulations. Expenses incurred in excess of the permitted limits shall be borne by the Investment Manager or the Trustee or the Sponsor.

The expenses chargeable to the scheme shall include investment management & advisory fee, Trustee fee, custodian fee, Registrar and Transfer Agent fee, Audit fee, Marketing and Selling expenses and other expenses (including listing fee) as listed in the table below:

Expense Head	% of daily Net Assets
Investment Management and Advisory Fees	Upto 2.25%

Audit fees & expenses	
Custodian fees & expenses	
RTA Fees & expenses	
Marketing & Selling expense incl. agent commission	
Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and income distribution or redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.	
Service tax on expenses other than investment management and advisory fees	
Service tax on brokerage and transaction cost	
Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation 52 (4) and (6)(c)	Upto 2.25%
Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities under regulation 52 (6A) (b)	Upto 0.30%

The current expense ratios will be updated on a daily basis in the website viz. www.sundarammutual.com/Ter and in case of any proposed changes via notice at least three working days prior to the effective date of change will be sent to investor and available under the link: <https://www.sundarammutual.com/Ter>.

The maximum total expense ratio (TER) permissible under Regulation 52 (4) and (6) (c) that can be charged to the scheme as a percentage of daily net assets shall be as follows:

First Rs 500 crore:	2.25%
Next Rs 250 crore:	2.00%
Next Rs 1,250 crore:	1.75%

Next Rs 3,000 crore:	1.60%
Next Rs 5,000 crore:	1.50%
Next Rs 40,000 crore:	Total expense ratio reduction of 0.05% for every increase of Rs. 5,000 crores or part thereof.

On balance of assets: 1.05%

As per Regulation 52(6A)(b), an additional expense upto 0.30% (30 basis points) on the daily net assets shall be charged to the scheme if new inflows into the scheme from beyond top 30 cities as specified by SEBI, from time to time, are at least:

- 30% of the gross new inflows in the scheme (or)
- 15% of the average assets under management (year to date) of the scheme,

whichever is higher.

In case the inflows from such cities is less than the higher of (a) or (b) above, expenses shall be charged to the scheme on a proportionate basis as prescribed in the SEBI circular dated September 13, 2012.

The amount so charged shall be utilised for distribution expenses incurred for bringing inflows from such cities. However, the amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme(s) in case the said inflows are redeemed within a period of one year from the date of investment.

Additional TER can be charged based on inflows only from retail investors from B30 cities. Inflows of amount upto Rs.2 lakhs per transaction by individual investors shall be considered as inflows from "retail investor".

Top 30 cities shall mean top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

Note: The above percentage is based on the prevailing expenses ratio. Any change in the above mentioned distribution expenses/commission will be replaced while filing the final SID.

SEBI vide Circular dated October 22, 2018 made the following changes with regard to Total Expense Ratio and the substance of the circular is as under:

A. Transparency in TER

- All scheme related expenses including commission paid to distributors, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.
- MFs/ AMCs shall adopt full trail model of commission in all schemes, without payment of any upfront commission or up-fronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route. However, up-fronting of trail commission will be allowed only in case of inflows through Systematic Investment Plans (SIPs).
- In respect of inflows by new investors (to be identified based on PAN) through SIPs into MF schemes, the up-fronting of trail commissions, based on SIP inflows, shall be up to 1% payable yearly in advance, for a maximum period of three years subject to the following:
 - The up-fronting of trail commission may be for SIP of upto Rs. 3000 per month, per scheme, for an investor who is investing for the first time in Mutual Fund schemes.
 - For a new investor, as identified above, only the first SIP(s) purchased by the investor shall be eligible for up-fronting. In this regard, if multiple SIP(s) are purchased on different

- dates, the SIP(s) in respect of which the instalment starts on the earliest date shall be considered for upfront.
- c. The upfront trail commission will be paid from AMC's books.
 - d. The said commission shall be amortized on daily basis to the scheme over the period for which the payment has been made.
 - e. The said commission will be charged to the scheme as 'commissions' and will also account for computing the TER differential between regular and direct plans in each scheme.
 - f. The commission paid shall be recovered on pro-rata basis from the distributors, if the SIP is not continued for the period for which the commission is paid.
5. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee will not exceed the fees and expenses charged under such heads in a regular plan.
 6. No pass back, either directly or indirectly, shall be given by MFs/ AMCs/ Distributors to the investors.
 7. Training sessions and programmes conducted for distributors should continue and should not be misused for providing any reward or non-cash incentive to the distributors.

B. Additional TER of 30 bps for penetration in B-30 cities

Additional TER can be charged based on inflows only from retail investors from B30 cities. Inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor. The additional commission for B 30 cities shall be paid as trail only.

The Investment Manager will comply with the above circular.

Value of Rs.10000 on 12% annual returns in 1 year, considering 1% Expense Ratio

Amount Invested	10,000.00
NAV at the time of investment	10
No. of units	1,000.00
Assume gross appreciation of	12%
Gross NAV	11.2
Expenses (assuming 1% expense Ratio on average of opening & closing NAV)	0.11
Actual NAV at the end of 1 year post expenses (assuming expense Ratio as above)	11.09
Value of Investment at the end of 1 year (Before expenses)	11,200.00
Percentage Return	11.2%
Value of Investment at the end of 1 year (after expenses)	11,094.00
Percentage Return	10.94%

Note: Please note that the above is an approximate illustration of the impact of expense ratio on the returns, where the Gross NAV has been simply reduced to the extent of the expenses. In reality, the actual impact would vary depending on the path of returns over the period of consideration. Expenses will be charged on daily net assets.

2. Brokerage and transaction costs which are incurred for execution of trades and included in the cost of investment shall be charged to the Scheme(s) in addition to the total expense limits prescribed under Regulation 52 of the SEBI (Mutual Funds) Regulations. These expenses shall not exceed 0.12% of the value of trades in case of cash market transactions and 0.05% of the value of trades in case of derivatives transactions. Payment towards brokerage and transaction cost in excess of 0.12% and 0.05% for cash market transactions and derivatives transactions respectively shall be charged to the scheme within

the maximum limits prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any expenditure (including brokerage and transaction cost, if any) in excess of the prescribed maximum limit shall be borne by the Investment Manager or by the Trustee or Sponsor.

3. The Investment Manager shall set apart at least 0.02% (2 basis points) on the daily net assets of the scheme(s) within the maximum limit of total expense ratio prescribed under Regulation 52 of SEBI (Mutual Funds) Regulations for initiatives towards investor education and awareness taken by Sundaram Mutual fund.

 - Pursuant to SEBI circular no CIR/IMD/DF/24/2012 dated November 19, 2012, GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the expenses limit prescribed under Regulation 52 of SEBI (Mutual Funds) Regulations.
 - GST on investment management and advisory fee shall be charged to the scheme in addition to the maximum limit of total expense ratio as prescribed in Regulation 52 of SEBI (Mutual Funds) Regulations.
 - GST for services other than investment management and advisory shall be charged to the scheme within the maximum limit of total expense ratio as prescribed in Regulation 52 of SEBI (Mutual Funds) Regulations.

Any circular/clarification issued by SEBI / AMFI in regard to expenses chargeable to the Scheme/Plan(s) will automatically become applicable and will be incorporated in the SID/SAI/KIM accordingly.

C. Load Structure

Entry Load: Nil.

However the upfront commission to distributor (ARN holder) will be paid by the investor directly to the distributor, based on his assessment of various factors including the service rendered by the distributor. The distributor (ARN holder) will disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing Scheme of various mutual funds from amongst which the Scheme is being recommended to the investor.

Exit Load: Nil - If up to 25% of the units invested are redeemed or withdrawn by way of SWP or transferred by way of STP within 365 days from the date of allotment. No Exit Load if more than 25% of the units are redeemed, withdrawn by way of SWP or transferred by way of STP within 365 days from the date of allotment - exit load of 1% of the applicable NAV will be charged.

For redemption or withdrawal by way of SWP after 365 days from the date of allotment - Nil.

Further, exit load will be waived on Intra-scheme and Inter-scheme Switch-outs/STP.

Load structure is indicated as a percentage of NAV.

In accordance with SEBI Regulation, of the exit load / contingent deferred sales charge that is charged to the investor, a maximum of 1% of the redemption proceeds shall be maintained in a separate account to pay commissions to the distributor and for meeting other marketing and selling expenses. Any amount in excess of 1% of the redemption value charged to the unit holder as exit load / contingent deferred sales charge shall be credited to the respective Scheme immediately.

Pursuant to SEBI Circular CIR/IMD/DF/21/2012 dated September 13, 2012 read with notification No. LAD-NRO/GN/2012-13/17/21502 dated September 26, 2012 GST on exit load, if any, shall be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the scheme with effect from October 01, 2012. Investors are requested to note that exit load is inclusive of

GST at applicable rates as prescribed by Ministry of Finance from time to time.

Applicability

- Units issued on reinvestment of IDCW shall not be subject to exit load.
- Prescribed exit load will be applicable for switch out and every instalment under a Systematic Transfer Plan and Systematic Withdrawal Plan. The period indicated for exit load shall be reckoned from the date of allotment.
- Switch of existing investments from Regular Plan to Direct Plan where the transaction has been received without broker code in the Regular Plan shall not be subject to exit load.

However, any subsequent switch / redemption of such investment shall be subject to exit load based on the original date of investment in the Regular Plan and not from the date of switch into Direct Plan. (effective from April 01, 2013)

- In case of switch of investments from Regular Plan to Direct Plan received with broker code in the Regular Plan, the exit load as applicable to redemption of units under the respective scheme(s) shall apply.

However, any subsequent switch-out or redemption of such investment shall not be subject to exit load. (effective from April 01, 2013)

- In case of switch of investments from Direct Plan to Regular Plan, no exit load shall be levied. However, any subsequent switch-out or redemption of such investment shall be subject to exit load based on the original date of investment in the Direct Plan and not from the date of switch into Regular Plan. (effective from April 01, 2013)

- Investors wishing to transfer their accumulated unit balance held under discontinued plans and Regular Plan (through lumpsum / systematic investments made with Distributor code) to Direct Plan can switch their investments (subject to applicable Exit Load, if any) to Direct Plan. However, any subsequent switch-out or redemption of such investment shall not be subject to exit load. (effective from April 01, 2013)

Investors wishing to transfer their accumulated unit balance held under discontinued plans and Regular Plan (through lumpsum / systematic investments made without Distributor code) to Direct Plan can switch their investments, without Exit Load, to Direct Plan. However, any subsequent switch / redemption of such investment shall be subject to exit load based on the original date of investment in the Regular Plan / Discontinued Plans and not from the date of switch into Direct Plan. (effective from April 01, 2013)

Switches shall be subject to completion of lock-in period, if any, under the respective scheme.

The Board of Trustee reserves the right to prescribe or modify the exit load structure with prospective effect, subject to a maximum as prescribed under SEBI Regulation.

Details of the modifications will be communicated in the following manner:

- Addendum detailing the changes will be attached or incorporated to the SID and Key Information Memorandum. The addendum will become an integral part of this Scheme information document;
- The change in exit load structure will be notified by a suitable display at the Corporate Office of the Sundaram Asset Management and at the Investor Service Centres of the registrar and
- A public notice shall be given in one English daily newspaper having nation-wide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.

The introduction/modification of exit load will be stamped on the acknowledgement slip issued to the investors on submission of an application form and will also be disclosed in the account statement issued after the introduction of such exit load.

Investors are requested to ascertain the applicable exit load structure prior to investing.

V. Rights of Unitholders

Please refer to Statement of Additional Information for a detailed view of the rights of unit holders.

VI. Penalties & Pending Litigations

- Details of penalties awarded by SEBI under the SEBI Act or any of its Regulation against the sponsor of the Mutual Fund: the Securities and Exchange Board of India has alleged non disclosure of information to the stock exchanges under SEBI (Prohibition of Insider Trading) Regulations, 1992 and imposed a penalty of Rs. 10 lakhs on the Sponsor. On appeal by the Sponsor, the Securities Appellate Tribunal vide its order dated 1st September 2010, partly allowed the appeal and reduced the Quantum of penalty to Rs. 2. lakh.
- No penalties have been awarded by SEBI under the SEBI Act or any of its Regulation against the sponsor of the Mutual Fund or any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or any key personnel (specifically the fund managers) of the Investment Manager and Trustee. No penalties have been awarded on the Sponsor and its associates by any financial regulatory body, including stock exchanges, for defaults in respect of shareholders, debenture holders and depositors. No penalties have been awarded for any economic offence and violation of any securities laws.
- There are no pending material litigation proceedings incidental to the business of the Mutual Fund to which the sponsor of the Mutual Fund or any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or key personnel of the Investment Manager is a party. Further, there are no pending criminal cases against the Sponsor or any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any of the directors or key personnel.
- There is no deficiency in the systems and operations of the sponsor of the Mutual Fund or any company associated with the sponsor in any capacity, including the Investment Manager which SEBI has specifically advised to be disclosed in the Scheme Information Document, or which has been notified by any other regulatory agency.
- There are no enquiries or adjudication proceedings under the SEBI Act and the Regulation, which are in progress against any company associated with the sponsor in any capacity including the Investment Manager, Trustee or any directors or key personnel of the Investment Manager.

Jurisdiction

All disputes arising out of or in relation to the issue made under the Scheme will be subject to the exclusive jurisdiction of courts in India.

Applicability of SEBI (Mutual Fund) Regulations

Notwithstanding anything contained in this Scheme Information Document, the provisions of the SEBI (Mutual Funds) Regulation, 1996 and the guidelines thereunder shall be applicable.
