I. Applications Supported by Blocked Amount (ASBA) facility (only for subscriptions during NFO of a new Scheme)

In accordance with SEBI Circular dated SEBI/IMD/CIR No 18 /198647 /2010 dated March 15, 2010, as modified/amended from time to time, an investor can subscribe to the New Fund Offer (NFO) of a Scheme of the Fund launched on or after October 1, 2010 through ASBA facility by applying for the Units in the ASBA Application Form and following the procedure as prescribed in the form.

ASBA mechanism is an application containing an authorization by the investor to block the application / subscription money in his specified bank account towards the subscription of Units offered during the NFO of a Scheme of the Fund. In such cases, the application money shall remain blocked in the investor's bank account till finalisation of the basis of allotment of the NFO or till withdrawal/ failure of the NFO or till withdrawal/ rejection of the application, as the case may be. The application money shall be debited from investor's specified bank account after his application is selected for allotment of Units.

ASBA is investor friendly, as the administrative work for an investor is reduced, and the investor deals with the known intermediary i.e. his own bank. Further, since the amount in an investor's account is debited only on allotment, and thus there is no loss of bank interest on the application money for the period till the allotment is made.

Key Points relating to ASBA:

- a. ASBA facility can be availed by an investor only if the bank with whom his account is maintained is a Self Certified Syndicate Bank (SCSB) bank under ASBA.
- b. An Investor intending to subscribe to the Units of the NFO through ASBA, shall submit a duly completed ASBA Application Form to a Self Certified Syndicate Bank (SCSB), with whom his bank account to be blocked, is maintained.
- c. The ASBA Form can be submitted through anyone of the following modes :
 - Physical mode: Under this mode, the ASBA Form can be submitted to the Designated Branches ("DBs") of the SCSB ("Physical ASBA");

- Electronic mode: Under this mode, the ASBA Form can be submitted electronically through the internet banking facility offered by the SCSB ("Electronic ASBA").

Note: If the bank account specified in the ASBA Form does not have sufficient amount mentioned towards the subscription of Units, the bank shall reject the ASBA Form.

- d. The SCSB keeps the investor's funds in his account blocked, till allotment. Thus such amount, as marked for application, is not available for utilization by the investor. On allotment, the amounts will be debited and transferred towards to the Fund.
- e. In case an ASBA investor wishes to withdraw his ASBA:
 1. before close of NFO, he may submitting withdrawal request to SCSB
 2. after the bid / NFO closing date, he/she shall submit the withdrawal request to the Registrar. The Registrar shall delete the withdrawn bid from the bid file, only if the allotment is not finalized.
- f. The list of SCSBs and the DBs where ASBA Form can be submitted is available on the websites of BSE (www.bseindia.com), NSE (www.nseindia.com) and SEBI (www.sebi.gov.in).

Grounds for technical rejections of ASBA application forms:

ASBA Application Forms can be rejected, at the discretion of Registrar and Transfer Agent of the Fund or SCSBs including but not limited on the following grounds:-

1. Applications by persons not competent to contract under the Indian Contract Act, 1872, including but not limited to minors, insane persons etc.
2. Mode of ASBA i.e. either Physical ASBA or Electronic ASBA, not selected or ticked.
3. ASBA Application Form without the stamp of the SCSB.
4. Application by any person outside India if not in compliance with applicable foreign and Indian laws.
5. Bank account details not given/incorrect details given.
6. Duly certified Power of Attorney, if applicable, not submitted alongwith the ASBA application form.
7. No corresponding records available with the Depositories matching the parameters namely (a) Names of the ASBA applicants (including the order of names of joint holders) (b) DP ID (c) Beneficiary account number or any other relevant details pertaining to the Depository Account.
8. The applicants may note that in case the DP ID & Client ID and PAN mentioned in the application form and entered into the electronic bidding system of the stock exchanges by the SCSB do not match with the DP ID & Client ID and PAN available in the depository database, the application is liable to be rejected.
9. ASBA facility is subject to the Regulations and Stock Exchange bye laws and Regulations; and terms and conditions of the SCSB, including fees and charges, as modified from time to time.

Mechanism for Redressal of Investor Grievances:

All grievances relating to the ASBA facility may be addressed to the respective SCSBs, giving full details such as name, address of the applicant, number of Units applied for, counterfoil or the application reference given by the SCSBs, DBs or CBs, amount paid on application and the Designated Branch or the collection centre of the SCSB where the Application Form was submitted by the ASBA Investor. In all other cases, the cash flow of each put/ call option shall be evaluated and the security shall be valued on the following basis:
 - (i) Identify a "Put Trigger date", a date on which "price to put option" is the highest when compared with price to other put options and maturity price.
 - (ii) Identify a "Call Trigger date" a date on which "price to call option" is the lowest when compared with price to other call options and maturity price.
 - (iii) In case no Put Trigger date or Call Trigger date (Trigger Date) is available, then valuation would be done to maturity price. - b. In respect of valuation of securities with multiple put options present ab-initio wherein put option is factored into valuation of the security by the valuation agency, the following is decided.

- i. A justification for not exercising the put option shall be provided by the Mutual Fund to the Valuation Agencies, Board of AMC and Trustees on or before the last date of the notice period.
- ii. The Valuation Agencies shall not take into account the remaining put options for the purpose of valuation of the security.

The put option shall be considered as 'in favour of the scheme' if the yield of the valuation price ignoring the put option under evaluation is more than the contractual yield/coupon rate by 30 basis points.

2) Valuation of money market and debt securities which are rated below investment grade and Default:

A money market or debt security shall be classified as "below investment grade" if the long term rating of the security issued by a SEBI registered Credit Rating agency is below BBB- or if the short term rating is below A3.

A money market or debt security shall be classified as "Default" if the interest and/or principal amount has not been received, on the day such amount was due or when such security has been downgraded to "Default" grade by a CRA. The mutual Fund will inform the CRAs of any such instance.

For valuation of money market and debt securities rated below investment grade, the following has process will be followed:

- All money market and debt securities which are rated below investment grade shall be valued at the price provided by valuation agencies.
- Till such time the valuation agencies compute the valuation of money market and debt securities classified as below investment grade, such securities shall be valued on the basis of indicative haircuts provided by these agencies. These indicative haircuts shall be applied on the date of credit event i.e. migration of the security to sub-investment grade and shall continue till the valuation agencies compute the valuation price of such securities. Further, these haircuts shall be updated and refined, as and when there is availability of material information which impacts the haircuts.

Consideration of traded price for valuation:

- In case of trades during the interim period between date of credit event and receipt of valuation price from valuation agencies, AMCs shall consider such traded price for

- valuation if it is lower than the price post standard haircut. The said traded price shall be considered for valuation till the valuation price is determined by the valuation agencies.
- In case of trades after the valuation price is computed by the valuation agencies as referred above and where the traded price is lower than such computed price, such traded price shall be considered for the purpose of valuation and the valuation price may be revised accordingly.
 - The trades referred above shall be of a minimum size as determined by valuation agencies.
 - AMC's may deviate from the indicative haircuts and/or the valuation price for money market and debt securities rated below investment grade provided by the valuation agencies subject to the following:
 - The detailed rationale for deviation from the price post haircuts or the price provided by the valuation agencies shall be recorded by the AMC.
 - The rationale for deviation along-with details such as information about the security (ISIN, issuer name, rating etc.), price at which the security was valued vis-a-vis the price post haircuts or the average of the price provided by the valuation agencies (as applicable) and the impact of such deviation on scheme NAV (in amount and percentage terms) shall be reported to the Board of AMC and Trustees.
 - The treatment of accrued interest and future accrual of interest, in case of money market and debt securities classified as below investment grade or default, is detailed below:
 - a. The indicative haircut that has been applied to the principal should be applied to any accrued interest.
 - b. In case of securities classified as below investment grade but not default, interest accrual may continue with the same haircut applied to the principal. In case of securities classified as default, no further interest accrual shall be made.

3) Treatment and disposal of illiquid securities classified as default at the time of maturity/closure of the scheme:

In case of closed-ended schemes, some of the investment made by Mutual Fund may become default at the time of maturity of the schemes. Further at the time of winding up of a scheme, some of the investments made by Mutual Fund may become default or illiquid. In due course of time after the maturity or winding up of the schemes, such investments may be realized. In such cases the Mutual Fund will distribute such amount, if it is substantial, to the concerned investors. In case the amount is not substantial, it may be used for the purpose of investor education. The decision regarding the determination of substantial amount shall be taken by the Trustees of the Mutual Fund after considering the relevant factors.

Reclassification of assets from non-performing to performing:

The AMC will follow the norms of SEBI regulation in cases of reclassification of assets from non-performing to performing as decided from time to time.

SEBI, vide para 8 of the circular No. SEBI/HO/IMD/DF4/CIR/P/2021/032 dated March 10, 2021, has inter alia stated that the maturity of all perpetual bonds shall be treated as 100 years from the date of issuance of the bond for the purpose of valuation.

Further, through SEBI circular No. SEBI/HO/IMD/ DF4/CIR/P/2021/034 March 22, 2021 it stated that deemed residual maturity for the purpose of valuation of existing as well as new bonds issued under Basel III framework for implementation of the aforesaid circular shall be as per a glide path specified in para 2 of the circular.

In addition to the above, if the non-exercise of call option is due to the financial stress of the issuer or if there is any adverse news, the same shall be reflected in the valuation. Waterfall approach in valuing debt securities:-

The valuation agencies will apply the waterfall approach in valuing debt securities as specified in the AMFI circular no. 135/BP/83/2019-20 dated November 18, 2019.

VALUATION OF CONVERTIBLE DEBENTURES:

As per Eighth Schedule of SEBI (Mutual Funds) Regulations method of valuation of convertible debentures is prescribed. Non-convertible and convertible components are valued separately

A. The non-convertible component shall be valued on the same basis as would be applicable to a non-convertible debt instrument.

B. The convertible component to be valued as follows:

i) Ascertain

- The number of shares to be received after conversion.
- Whether the shares would be paripassu for IDCW on conversion.
- The rate of last declared IDCW.
- Whether the shares are presently traded or non traded/thinly traded.
- Market rate of shares on the date of valuation

ii) In case the shares to be received are, on the date of valuation, are thinly traded / non-traded, these shares to be received on conversion are to be valued as thinly traded / non-traded shares.

iii) In case the shares to be received on conversion are not non-traded or thinly traded on the date of valuation and would be traded paripassu for IDCW on conversion:

- a) Number of shares to be received on conversion, per convertible debenture, multiplied by the present market rate
- b) Determine the discount for non-tradability of the shares on the date of valuation. (This discount should be determined in advance and to be used uniformly for all the convertible securities. Rate of discount should be documented and approved by Valuation Committee. Prevailing interest rate for the similar period could be considered as bench mark for determining the discount)

$$\text{Value} = (a) * \text{market rate} [1 - (b)]$$

iv) In case of optionally convertible debentures, two values must be determined assuming both, exercising the option and not exercising the option.

- If the option rests with the issuer, the lower of the two values shall be taken as the valuation of the optionally convertible portion, and;
- If the option rests with the investor, the higher of the two values shall be taken.

VALUATION OF REVERSE REPO (PURCHASE AND SALE BACK) TRANSACTIONS:

Eighth Schedule to SEBI (Mutual Funds) Regulation has spelt out briefly the methodology for valuation of Repo Instruments.

This is an agreement under which on payment of a purchase price, the fund receives (purchases) securities from a seller who agrees to repurchase them at a specified time at a specified price. A repurchase agreement is similar in effect to a loan by the fund to the seller collateralised by the securities. The Mutual Fund does not record the purchase of securities received but records the repo transactions as if it were a loan. Repo instruments have to be valued at the resale price after

deduction of applicable interest rate up to the date of resale. To put it differently, it is at the net consideration paid i.e., loan given plus interest accrued every day. The difference between repurchase and sale prices is accounted as interest income.

C. Equity and Equity Related Securities

Traded Securities are to be valued at the last quoted closing price on the selected Stock Exchange. Where security is not traded on the selected stock exchange, the last quoted closing price of another Stock Exchange may be used. If a security is not traded on any stock exchange on a particular valuation day, the value at which it was traded on the selected stock exchange or any other stock exchange, as the case may be, on the earliest previous day may be used, provided such date is not more than thirty days prior to valuation date.

Process followed for valuation of traded equity and equity related securities by Bank of India Mutual Fund would be as follows:

- (i) For valuation purposes NSE has been selected as appropriate stock exchange for equity and equity related securities held by all the schemes.
- (ii) To summarise, if a security is not traded on NSE on a particular valuation day, the value at which it was traded on BSE, on the earliest previous day is used, provided such day is not more than thirty days prior to the valuation date.

STOCK AND INDEX DERIVATIVES:

VALUATION OF FOREIGN SECURITIES & ADR/GDR:

Exchange to be considered for valuation of foreign securities and ADRs/GDRs is to be approved by the AMC Board. SEBI has not prescribed the method of valuation of foreign securities and ADR/GDR. Process of valuation to be followed by Bank of India Mutual Fund (Formerly BOI AXA Mutual Fund) would be as follows:

a) Receiving last quoted price:

If the security is listed in a time zone ahead of ours than the same day's universal closing price from Reuters (obtained at 5 pm IST) would be used for valuation. If the security is listed in the time zone behind ours then the previous day's universal closing price from Reuters (obtained at 5pm IST) would be used for valuation

b) Converting the price in Indian Rupees

Since these prices are in foreign currency these are to be converted in Indian Rupees by applying the exchange rate. Reuters also provide closing conversion rate, which can be used for converting the foreign currency prices in INR. This closing price in INR should also be used for valuation of foreign securities and ADR/GDR.

In case Reuters has not provided the conversion rate, the closing price of the security should be converted to INR at RBI reference rate.

Equity / Index Options Derivatives:

- (i) Market values of traded open option contracts shall be determined with respect to the exchange on which it is contracted originally, i.e., an option contracted on the National Stock Exchange (NSE) would be valued at the Traded price on NSE. The price of the same option series on the Mumbai Stock Exchange (BSE) cannot be considered for the purpose of valuation, unless the option itself has been contracted on the BSE.
- (ii) The Exchanges give daily settlement prices in respect of all derivatives positions. These settlements prices would be adopted for the position and the same will be used for valuation which are not traded.

The Exchange gives daily settlement prices in respect of Futures positions. These settlements prices shall be used for the purpose of valuation of Futures.

VALUATION OF OTHER INSTRUMENTS:

VALUATION OF RIGHTS ENTITLEMENTS:

As per Schedule VIII of SEBI (Mutual Funds) Regulations:

- a) When Company announces rights to the existing equity shareholders, under its Listing Agreement with Stock Exchange; it has to declare ex-right date for the purpose of trading on the Stock Exchange. Ex-right date is a date from which the underlying shares, which are traded on the Stock Exchange, will not be entitled to the rights. These rights entitlements can also be renounced in favour of a willing buyer. These renunciations are in some cases traded on the Stock Exchange. In such case these should be valued as traded equity related securities
- b) Till the rights are subscribed, the entitlements as per Regulations have to be valued as under: Valuation of non-traded rights entitlement is principally the difference between the right price and ex-right price. SEBI Regulations have explained this with the help of following formula:

$$V_r = n / m \times (P_{ex} - P_{of})$$

Where V_r = Value of Rights

n = Number of rights offered

m = Number of original shares held

Pex = Ex-right price

Pof = Rights offer price

- c) The following issues while valuing the rights entitlements have to be addressed:
- (i) In case original shares on which the right entitlement accrues are not traded on the Stock Exchange on an ex-right basis, right entitlement should not be recognised as investments.
 - (ii) When rights are not treated paripassu with the existing shares such as, restrictions with regard to IDCW etc., suitable adjustment should be made by way of a discount to the value of rights at the last IDCW announced rate.
 - (iii) Where right entitlements are not subscribed to but are to be renounced, and where renouncements are being traded, the right entitlements have to be valued at traded renunciation value.
 - (iv) Where right entitlements are not traded and it was decided not to subscribe the rights, the right entitlements have to be valued at zero.
 - (v) In case the Rights Offer Price is greater than the ex-rights price, the value of the rights share is to be taken as zero.

VALUATION OF SUSPENDED SECURITY:

- a) In case trading in an equity security is suspended for trading on the stock exchange up to 30 days, then the last traded price would be considered for valuation of that security.
- b) If an equity security is suspended for trading on the stock exchange for more than 30 days, then it would be considered as non traded and valued accordingly.

VALUATION OF UNITS OF MUTUAL FUNDS:

- a) Mutual Fund Units, if traded, will be valued at last traded price on the stock exchange. If not traded, the same would be valued at the last declared NAV on AMFI website as on the valuation date

Valuation of Units of Investment Trust/REITs:

On a particular valuation day, these securities will be valued at the last quoted closing price on the National Stock Exchange of India Limited (NSE)*. If a security is not traded on NSE, it will be valued at the last quoted closing price on the Bombay Stock Exchange Limited (BSE). If a security is not traded on any stock exchange on a particular valuation day, the last quoted closing price on NSE or BSE (in the order of priority)) on the earliest previous day would be used, provided such day is not more than thirty days prior to the valuation day. If the security cannot be priced as per the aforementioned criteria, then the valuation will be determined by the Valuation Committee based on the principles of fair valuation. While fair valuing the security,

the Valuation Committee will also consider if the price of the security is available on any other recognized stock exchange other than NSE and BSE and if the same is reliable/ can be considered for fair valuation.

VALUATION OF GOLD IN CASE OF EXCHANGE TRADED GOLD FUND:

Valuation of Gold funds:

The gold acquired by the scheme is in the form of standard bars and its value as on a particular day is determined as under :AM fixing price of London Bullion Market Association (LBMA) in US dollars per troy ounce for gold having a fineness of 995.0 parts per thousand, subject to the following:(a) Adjustment for conversion to metric measure as per standard conversion rates;(b) Adjustment for conversion of US dollars into Indian rupees as per the reference rate provided by Financial Benchmarks India Pvt. Ltd. Addition of transportation, and other charges that may be normally incurred in bringing such gold from London to the place where it is actually stored on behalf of the mutual fund Provided that the adjustment under clause (c) above may be made on the basis of a notional premium that is usually charged for delivery of gold to the place where it is stored on behalf of the mutual fund; Provided further that where the gold held by a scheme has a greater fineness, the relevant LBMA prices of AM fixing shall be taken as the reference price under this sub-paragraph. GST will not be included for valuation of Gold as the Scheme will be eligible for input credit of GST paid on purchase of Gold. If the gold acquired by the Scheme is not in the form of standard bars, it shall be assayed and converted into standard bars which comply with the good delivery norms of the LBMA and thereafter valued like standard bars. If on any day the LBMA AM fixing or reference rate issued by Financial Benchmarks India Ltd (FBIL) is not available due to holiday, then the immediately previous day's prices are applied for the purpose of calculating the value of gold.

Valuation of Exchange Traded Funds including gold:

Exchange Traded Funds shall be valued at the closing price on the National Stock Exchange (NSE) / Bombay Stock Exchange (BSE) on the valuation day. If not traded on the primary stock exchange (NSE), the closing price on the other stock exchange will be considered. In case of no trades on either stock exchanges, the last available NAV as per AMFI website shall be used.

Non Traded EQUITY AND EQUITY RELATED SECURITIES:

a) Two distinct definitions for recognition as non-traded securities are noted.

If the equity securities are not traded on any stock exchange for a period of thirty days prior to the valuation date, the scrip must be treated as 'non- traded' scrip

b) Basic Conditions of valuation of Non-traded Securities

The Regulations prescribe following conditions for valuation of non-traded securities:

- (i) Non-traded securities shall be valued based on realisable value on the basis of the valuation principles adopted by the Board.
- (ii) The basis should be appropriate valuation methods on the principles approved by Board of AMC. Such basis should be documented in Board minutes
- (iii) Methods used to arrive at good faith valuation should be periodically reviewed by the Trustees.
- (iv) Methods used to arrive at "realisable value" should be such that the auditors report the same as 'fair and reasonable' in their report on the annual accounts.

c) Additional conditions to be adhered to for valuation of non-traded securities:

- (i) Same price needs to be considered for the particular security across the schemes
- (ii) Valuation needs to be done on trade date itself and not on settlement date
- (iii) Prices to be computed up to 4 decimals

A) APPLICATION MONEY FOR PRIMARY MARKET ISSUE:

- (i) Application money should be valued at cost up to 30 days from the closure of the issue. If the security is not allotted within 30 days from the closure of the issue, application money is to be valued as per the directives of valuation committee. Rationale of valuing such application money should also be recorded.
- (ii) Equity securities allotted and proposed to be listed, but not listed, are to be valued at cost till two months from the date of allotment and after two months, are to be valued as unlisted securities. Method of valuing unlisted equity is stated at para 1.3 below.

B) NON-TRADED / THINLY TRADED EQUITY

Thinly traded equity/ equity related security is defined in SEBI (Mutual Fund) Regulations as follows:

When trading in an equity/equity related security (such as convertible debentures, equity warrants, etc.) in a month is both less than ₹ 5 lacs and the total volume is less than 50,000 shares, it shall be considered as thinly traded security and valued accordingly

In line with the guidelines issued by SEBI, non-traded / thinly traded securities should be valued as follows:

a) Net worth per share is computed as follows:

- (i) Net worth of the company = Paid up share capital + Reserves other than Revaluation reserve - Miscellaneous expenditure, debit balance in Profit and Loss account and

certain contingent liabilities.

- (ii) Net worth per share = (Net worth of the company / Number of paid up shares).
- b) Computation of capitalised value of earning per share (EPS):
 - (i) Determination of the Industry Price Earning Ratio (P/E) to which the company belongs.
 - Classification of industries provided by AMFI should be adopted.
 - Presently Industry P/E Ratio used is provided by NSE on a monthly basis. However, the P/E ratio data if not available from BSE/NSE, P/E provided by the Capital Market, Prowess (CMIE), Bloomberg etc. should be taken.
 - (ii) Compute EPS from the latest audited annual accounts. In case the EPS is negative, EPS value shall be considered as zero
 - (iii) Compute capitalised value of EPS at
75% discount $(P/E \times 0.25) \times \text{EPS}$
- c) Computation of fair value per share to be considered for valuation at 10 % discount for illiquidity.
$$[(\text{Net worth per share} + \text{Capitalised value of EPS}) / 2] \times 0.90$$
- d) In case the latest balance sheet i.e. balance sheet prepared within nine months from the close of the accounting year of the company, is not available (unless the accounting year is changed) the shares should be valued as zero.
- e) In case an individual non traded / thinly traded security as valued aforesaid, accounts for more than 5% of the total asset of the scheme, AMC should appoint an independent valuer. The security shall be valued on the basis of the valuation report of the valuer.
- f) To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued by the procedure above and the proportion which it bears to the total net assets of the scheme to which it belongs would be compared on the date of valuation.

C) VALUATION OF UNLISTED EQUITY:

Methodology for Valuation - unlisted equity shares of a company shall be valued "in good faith" as below:

- a) Based on the latest available audited balance sheet, Net Worth shall be calculated as the lower of item (1) and (2) below:
 1. Net Worth per share = $[\text{Share Capital} + \text{Free Reserves (excluding revaluation reserves)} - \text{Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses}] / \text{Number of Paid up Shares}$.
 2. After taking into account the outstanding warrants and options, Net Worth per share

- shall again be calculated and shall be = [Share Capital + consideration on exercise of Option and/or Warrants received/receivable by the Company + Free Reserves (excluding Revaluation Reserves) - Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] / Number of Paid up Shares plus Number of Shares that would be obtained on conversion and/or exercise of Outstanding Warrants and Options.
3. The lower of (1) and (2) above shall be used for calculation of Net Worth per share and for further calculation in (c) below.
 - b) Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which shall be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75 per cent. i.e. only 25 per cent of the industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share (EPS) of the latest audited annual accounts will be considered for this purpose.
 - c) The value as per the Net Worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15 per cent for illiquidity so as to arrive at the fair value per share.

The above valuation methodology shall be subject to the following conditions:

- a All calculations shall be based on audited accounts.
- b If the latest Balance Sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.
- c If the Net Worth of the company is negative, the share would be marked down to zero.
- d In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.
- e In case an individual security accounts for more than 5 per cent of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5 per cent of the total assets of the scheme, it shall be valued in accordance with the procedure as mentioned above on the date of valuation.

At the discretion of the AMCs and with the approval of the Trustees, unlisted equity shares may be valued at a price lower than the value derived using the aforesaid methodology.

D) VALUATION OF NON-TRADED WARRANTS

- Warrants are the entitlements to subscribe for the shares at a predetermined price at a later date in future.
- In respect of warrants to subscribe for shares attached to instruments, the warrants can be valued similarly to the valuation of convertible portion of debentures as mentioned in the paragraph 2.3, as reduced by the amount which would be payable on exercise of the

warrant.

- However, as the warrants can be converted only after few years, it would be appropriate to discount the value of this entitlement and find out the present value of the warrants. (The benchmark that can be considered for discounting could be interest rate for the comparable period, prevailing in the market.)
- Value of Warrant = Present Value of [Value of underlying shares - exercise price]
- If the amount payable on exercise of the warrants is higher than the value of the share, the value of the warrants should be taken as zero.

E) VALUATION OF PREFERENCE SHARES:

- Convertible preference shares should be valued like convertible debentures
- Non-convertible preference shares should be valued like debentures. However, if company does not pay IDCW in any year, it would be treated like non-performing debentures.

F) VALUATION OF ILLIQUID SECURITY IN EXCESS OF 15% OF TOTAL ASSETS OF THE SCHEME:

- Illiquid security means securities defined as non-traded, thinly traded and unlisted equity shares.
- As per the SEBI Regulations aggregate value of Illiquid securities should not exceed 15% of the total assets of the scheme and any illiquid securities held above 15% of the total assets shall be assigned zero value.

Provided that in case any scheme has illiquid securities in excess of 15% of total assets as on September 30, 2000 then such a scheme shall within a period of two years bring down the ratio of illiquid securities within the prescribed limit of 15% in the following time frame:

- (i) All the illiquid securities above 20% of total assets of the scheme shall be assigned zero value on September 30, 2001.
 - (ii) All the illiquid securities above 15% of total assets of the scheme shall be assigned zero value on September 30, 2002.
- In respect of close-ended funds, for the purpose of valuation of illiquid securities, the limits of 15% and 20% applicable to open-ended funds should be increased to 20% and 25% respectively.
 - Wherever a scheme has illiquid securities as at September 30, 2001 not exceeding 15% in the case of an open ended funds and 20% in the case of closed ended funds, the concessions of giving time period for reducing the illiquid security to the prescribed limits would not be applicable and at all time the excess over 15% or 20% shall be assigned nil value.

G) VALUATION OF SHARES ON DE-MERGER:

On de-merger following possibilities arise which influence valuation these are:

- i **Both the shares are traded immediately on de-merger:** In this case both the shares are valued at respective traded prices.
- ii **Shares of only one company continued to be traded on de-merger:** Traded shares is to be valued at traded price and the other security is to be valued at traded value on the day before the de merger less value of the traded security post de merger. In case value of the share of de merged company is equal or in excess of the value of the pre de merger share, then the non-traded share is to be valued at zero.
- iii **Both the shares are not traded on de-merger:** Shares of de-merged companies are to be valued equal to the pre de merger value up to a period of 30 days from the date of de merger. The market price of the shares of the de-merged company one day prior to ex-date can be bifurcated over the de-merged shares. The market value of the shares can be bifurcated in the ratio of cost of shares.

In case shares of any of the companies are not traded for more than 30 days, the AMC may continue to value the same as per the fair valuation method stated above or as decided by Valuation Committee.

D. Inter-scheme transfers

A Equity securities

All transactions in securities of listed companies would be routed through the stock markets at the prevalent reference price.

Debt Securities

With effect from 90 days of the issuance of the SEBI circular dated 24th September 2019 the inter scheme transfers for debt securities shall be valued as mentioned below:-

- AMCs shall seek prices for IST of any money market or debt security(irrespective of maturity) from the valuation agencies.
- If prices from valuation agencies are received within the pre-agreed TAT, an average of the prices so received shall be used for IST pricing.
- If price is received from only one valuation agency is received within the agreed TAT, that price may be used for IST pricing.
- If prices are not received from any valuation agencies within the agreed TAT, AMC may

determine the price for the IST in accordance with Clause 3(a) of the seventh schedule of SEBI(Mutual Funds) Regulations, 1996 which is as follows:-

- a) such transfers are done at the prevailing market price for quoted instruments on spot basis.
- b) the securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Additional Guidelines:

Based on SEBI Circular dated October 8th, 2020, the following additional safeguards have been prescribed:

1. In case of Close Ended Schemes, IST purchases would be allowed within "three" business days of allotment pursuant to New Fund Offer (NFO) and thereafter, no ISTs shall be permitted to/from Close Ended Schemes.
2. In case of Open Ended Schemes, IST may be allowed for following Scenarios:

- a) For meeting liquidity requirement in a scheme in case of unanticipated redemption pressure:

AMCs shall have an appropriate Liquidity Risk Management (LRM) Model at scheme level, approved by trustees, to ensure that reasonable liquidity requirements are adequately provided for. Recourse to ISTs for managing liquidity will only be taken after the following avenues for raising liquidity have been attempted and exhausted:

- I. Use of scheme cash & cash equivalent
- II. Use of market borrowing
- III. Selling of scheme securities in the market
- IV. After attempting all the above, if there is still a scheme level liquidity deficit, then out of the remaining securities, outward ISTs of the optimal mix of low duration paper with highest quality shall be effected.

The use of market borrowing before ISTs will be optional and Fund Manager may at his discretion take decision on borrowing in the best interest of unitholders. The option of market borrowing or selling of security as mentioned at para .2.a.II & 2.a.III above may be used in any combination and not necessarily in the above order. In case option of market borrowing and/or selling of security is not used, the reason for the same shall be recorded with evidence.

- b) For Duration/ Issuer/ Sector/ Group rebalancing
 - I. ISTs shall be allowed only to rebalance the breach of regulatory limit.
 - II. ISTs can be done where any one of duration, issuer, sector and group balancing is

required in both the transferor and transferee schemes. Different reasons cannot be cited for transferor and transferee schemes except in case of transferee schemes is being a Credit Risk scheme.

- III. In order to guard against possible mis-use of ISTs in Credit Risk scheme, trustees shall ensure to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in process of ISTs in Credit Risk scheme, in case the security becomes default grade after the ISTs within a period of one year. Such negative impact on performance shall mirror the existing mechanism for performance incentives of the AMC.
3. No ISTs of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment in terms of clause F of SEBI Circular No. SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 during the previous four months.

It has to be ensured that that Compliance Officer, Chief Investment Officer and Fund Managers of transferor and transferee schemes have satisfied themselves that ISTs undertaken are in compliance with the regulatory requirements. The Investment team should have a documentary evidence to be maintained in Annexure A format

H) VALUATION OF SEGREGATED PORTFOLIO

Based on the SEBI circular dated December 28, 2018 on creation of segregated portfolio in Mutual fund schemes. Notwithstanding the decision to segregate the debt and money market instrument, the valuation should consider the credit event and the portfolio shall be valued based on the principles of fair valuation. (i.e. realizable value of the assets) in terms of relevant provisions of SEBI (Mutual Fund) Regulation, 1996 and Circular (s) issued thereunder.

Irrespective of the above policy, the valuation committee might adopt valuation principles to align with fair valuation norms.

Hence, where the rate of tax prescribed under the relevant DTAA is lower than that prescribed under the Act, tax would be withheld and would be payable at such lower rate. The DTAA provisions are to be read along with the provisions of the Multi-lateral Instruments (MLI), where applicable. Section 90(4) of the Act, as amended by the Finance Act, 2013 (effective from April 1, 2012) provides that a taxpayer, not being a resident, to whom a DTAA applies, shall not be entitled to claim any relief under such DTAA unless a certificate of it being a resident in any country outside India (TRC) is obtained by it from the Government of that country. Further, section 90(5) of the Act introduced by Finance Act, 2013 and effective from 1 April 2012, provides that a taxpayer to whom a DTAA applies, as referred to in section 90(4) of the Act, shall provide such other documents and information, as may be prescribed. In this connection, on 1 August 2013, the Central Board of Direct Taxes (CBDT) had issued a Notification substituting Rule 21AB of the Income-tax Rules, 1962 (Rules) and prescribing the format of information to be provided under section 90(5) of the Act, i.e. in Form No 10F.

In this regard the Central Board of Direct Taxes has prescribed the following information to be provided in Form 10F:

- i. Status (individual/company/firm etc.) of the taxpayer;

- iii. The taxpayer's tax identification number in the country or specified territory of residence and, if there is no such number, then, a unique number on the basis of which the taxpayer is identified by the Government of the country or the specified territory of which it claims to be a resident;
- iv. Period for which the residential status, as mentioned in the TRC, is applicable;
- v. Address of the taxpayer in the country or territory outside India during the period for which the TRC, mentioned in (iv) above, is applicable.

The above information, or any part thereof, may not be provided if it is already contained in the TRC. Further, the non-resident investor is required to keep and maintain documents necessary to substantiate the above prescribed information. The Tax Authority may require the non-resident investor to provide the above in relation to the claim of tax treaty.

- 10.2. As per the provision of Chapter X-A of the Act, General Anti-Avoidance Rule (GAAR) had been introduced by the Finance Act, 2012. GAAR is a broad set of provisions that has the effect of invalidating an arrangement that has been entered into by a taxpayer, under certain circumstances, where the main purpose is to obtain a tax benefit. This provision is introduced to address aggressive tax planning and codify the doctrine of “substance over form”. Where an arrangement is declared to be an “impermissible avoidance agreement”, the income-tax authorities can determine the consequences in relation to tax, of the arrangement, as may be deemed appropriate, including denial of tax benefit under a DTAA. GAAR provisions are applicable from financial year commencing on 1 April 2017

In the case of an individual or a HUF, the taxable long-term capital gains are not chargeable to tax if the entire net consideration received on such transfer is invested within the prescribed period in upto one residential house and the other specified conditions are fulfilled [section 54F of the Act]. If part of such net consideration is invested within the prescribed period in upto one residential house, then proportionate exemption is available.

12. Switching between Options

13. Consolidation or merger of schemes

Where there is a consolidation or merger of different schemes of a mutual fund and consolidation of plans within a scheme in the interest of investors, the units allotted in the consolidated scheme subsequent to the consolidation or merger would not be treated as a transfer and thus, the investor would not be liable to capital gains tax.

Further, the cost of acquisition in the consolidated or merged scheme shall be the cost of units in consolidating scheme and the period of holding in the consolidated or merged scheme shall include the period for which the units in consolidating schemes were held by the investor.

14. Roll-over of Fixed Maturity Plans

- 14.1. In respect of units under the fixed maturity plans (FMPs), where there is a roll-over of FMPs, such roll over shall not amount to transfer as the scheme remains the same and accordingly, no capital gains would arise to the investor. The capital gains will arise at the time of redemption of the units or opting out of the scheme.

15. Set-off and carry forward of losses

Capital asset being units of funds

- 15.1. Capital loss from transfer of units of a fund would be available for set-off against other capital gains made by the investor. However, losses on transfer of units held as long-term capital assets would be allowed to be set-off only against long-term capital gains. The amount of losses not set-off can be carried forward for a period of eight years.

Units held as stock in trade

- 15.2. A loss resulting from the transfer of units held as stock in trade or trading asset would be available for set off against income under any other head other than income under the head 'Salaries'. Where such loss cannot be wholly set-off, the amount remaining to be set-off can be carried forward for a period of eight years and set-off against income under the head 'Profits and Gains of Business or Profession'.

16. Minimum Alternate Tax (MAT)

- 16.1. In relation to capital gains income (whether long term or short term) arising on transactions in securities, if such income is credited to Profit and Loss account and tax payable on such capital gains income under normal provisions is less than the MAT rate of 15%, then in case of foreign companies, the same shall be reduced from the book profit under MAT computation. Consequently, corresponding expenses shall also be added while computing MAT.

Further, MAT provisions shall not apply to a foreign company if:

(i) the company is a resident of a country or a specified territory with which India has Double Taxation Avoidance Agreement (agreement) and does not have a permanent establishment in India; or

(ii) the company is a resident of a country with which India does not have an agreement referred above and the taxpayer is not required to seek registration under any law for the time being in force relating to companies.

Further, the MAT credit shall be carried forward up to 15 years.

Further, in case where assessee opts to be governed by provisions of section 115BAA or 115BAB of the Act, the MAT provisions would not be applicable.

17. Tax Benefits/ Consequences to the Mutual Fund

C Requirements under Prevention of Money Laundering Act and KYC Requirements:

In terms of the Prevention of Money Laundering Act, 2002, the Rules issued thereunder and the guidelines / circulars issued by SEBI and AMFI regarding Anti Money Laundering (AML Laws), all intermediaries, including Mutual Funds, have to verify and maintain records of all its investors through the mandated KYC process.

To simplify KYC norms and make them more investor friendly and uniform across all intermediaries registered with SEBI, SEBI has recently laid down certain changes in the KYC process. The primary objective behind this is to eliminate duplication of KYC across intermediaries in the securities market. For this purpose, KYC registration is being centralized through KRAs registered with SEBI. Thus, each investor has to undergo a uniform KYC process only once in the securities market and the details would be shared with other intermediaries by

the KRAs. CDSL Ventures Ltd. ("CVL"), who was retained by mutual funds for centralized registration and record keeping of KYC records, has obtained SEBI registration as a KRA.

SEBI has mandated an In Person Verification ("IPV") of clients to be carried out as part of KYC. IPV shall be a one-time process, and once it is carried out by an intermediary, may be relied upon by other intermediaries also. For mutual funds, IPV may be carried out by the AMC or by the Registrar, or by Know Your Distributor ("KYD") compliant distributors who hold valid certifications issued by the National Institute of Securities Market ("NISM") / AMFI for their own clients or by Scheduled Commercial Banks ("SCB").

Under the new uniform KYC norms, the following shall be applicable for investing in the Schemes of the Mutual Fund:

- For New Investors who are not KYC compliant under the erstwhile or new KYC norms:
 - a. KYC Application Form available on the website www.boimf.in;
 - b. IPV / Document verification to be done by the Registrar / the AMC / KYD compliant distributors / SCBs;
 - c. Acknowledgement will be issued to the investor to facilitate subsequent investments from the investor;
 - d. KYC application and necessary documents should either come along with a financial transaction or when the account is opened. This is in line with demat and bank account opening process.
- New Investors who have already done their KYC with any other SEBI registered intermediary under the new KYC norms will not be required to do KYC again.
- Existing Investors in the mutual fund Industry who are KYC compliant will not be required to do KYC again.

KYC compliance with a KRA and enclosing the KYC Acknowledgement along with the application form are mandatory for all investors, including individuals, non-individuals, NRIs and channel investors, irrespective of the amount of application / value of transaction.

Applicants applying for units through a Power of Attorney must ensure that the KYC Acknowledgement of both the issuer of the Power of Attorney and the holder of the Power of Attorney are enclosed along with the application form. The KYC Acknowledgement referred above will be issued by the KRA when an investor submits to the KRA, a KYC application and the prescribed documents. This KYC Acknowledgement is issued by the KRA as a token of having verified the identity and address of the investor(s) and for efficient retrieval of records.

KYC status will be validated with the records of the KRA before allotting units. The Mutual Fund / the AMC will not be held responsible and / or liable for rejection of KYC Form by the KRA. Where it is not possible to verify the KYC compliance status of the investor at the time of allotment of units, the Registrar / the AMC / the Trustee shall verify the KYC compliance status of the investor within a reasonable time after the allotment of units. In the event of non-compliance of KYC requirements, the Trustee / the AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to levy of exit load, if any.

Investors may note that they need to comply with the KYC requirements by submitting requisite documents to the Registrar / the AMC / the Mutual Fund or any SEBI registered KRA and attaching the KYC Acknowledgement with the application form. For more information, please log on to www.cvlindia.com / www.amfiindia.com, before investing.

Applications are liable to be rejected, if KYC requirements are not complied with by all the applicants, and if KYC acknowledgement is not enclosed with the application form.

KYC applicability norms for various investor categories may change anytime in future. Hence, with a view to avoiding rejections, investors are requested to apprise themselves about KYC applicability before submitting their transactions.

Important: Please note:

- (i) In case of **joint-applicants**, KYC should be completed by all joint applicants.
- (ii) In case of applications under **Power of attorney**, KYC has to be completed by both the investor and the power of attorney holder.
- (iii) In case of **NRIs / PIOs**, they are required to complete KYC.
- (iv) In case of **minor**, the KYC should be completed by the Parent / Guardian signing on behalf of the Minor. However, in the event of such minor person becoming major, the KYC has to be completed on becoming major.
- (v) In case of **transmission**, KYC has to be completed by the person claiming under such transmission.
- (vi) In case of **nomination**, KYC has to be completed by the Nominee before invoking the nomination
- (vii) In case of lien / pledge etc, KYC has to be completed by the lien / pledge-holder

Change of any particulars mentioned in KYC Form: Investors / Unitholders should note that in case of any change in future in any particulars furnished in KYC Form, they should notify such changes in writing to the POS.

After issuing KYC Acknowledgement, the CVL/NSDL may cancel the evidence of KYC Compliance within prescribed time period in case of any deficiency in the document/information. Intimation of such cancellation of KYC Compliance will be sent by the CVL/NSDL to the investor. No separate communication will be sent to the investor if the KYC Form and documents submitted are found to be in order.

The Fund will validate the copy of KYC Acknowledgement received from the investors / Unitholder with the records of the CVL/NSDL. Applications for transactions irrespective of the value of transaction without a valid KYC Acknowledgement can be rejected, or in case of having allotted the Units, the allotted Units can be compulsorily redeemed or transaction reversed or the account blocked/frozen, and/or any other appropriate action may be taken by the AMC/the Fund.

AMC / Fund / RTA reserves the right to reject application forms for transactions in Units of the Fund if not accompanied by Common KYC Application Form (with supporting) or letter/ acknowledgement issued by KRA. The KYC compliance status of the investors will be validated with the records of the KRA. AMC /Fund/ RTA also reserves the right to undertake additional KYC measures or obtain such further/ additional information/ documents from the investor, as deemed necessary.

The Fund, Trustee, AMC or Registrar shall not be liable for any failure to perform its obligations or for any delay therein so as to complete verification of KYC compliance status of any investor.

For the purpose, the Unitholder should make a request in relevant form, which can be obtained from the Registrar or on the AMC Website. The AMC and/or its Registrar will, upon receiving such request and if found to be in order in all respects, note and record such Pledge of Units.

As long as the pledge / lien remains marked in the records of the AMC/Fund, the Unit Holder will not be able to redeem / switch Units under lien, until the Lien Holder provides written authorisation to the Fund that the lien / charge can be vacated. As long as Units are under lien, the Lien Holder will have complete authority to exercise the lien, thereby redeeming such Units and receiving redemption proceeds. In such instance, the Unit Holder will be informed by the Registrar through an account statement. In no case will the Units be transferred from the Unit Holder to the Lien Holder. IDCWs declared on Units under Lien will be paid / re-invested to the credit of the Unit Holder and not the Lien Holder unless specified otherwise in the lien letter.

In this regard, the respective governments of India and US have signed an Inter Governmental Agreement-1 (IGA) on July 9, 2015. In terms of the IGA, Bank of India Mutual Fund ("Bank of India MF") and/ or Bank of India Investment Managers Private Limited ("Bank of India IM" / "AMC") are classified as a "Foreign Financial Institution" and in which case Bank of India MF and/ or Bank of India IM would be required, from time to time, to (a) undertake the necessary due-diligence process; (b) identify US reportable accounts; (c) collect certain required information/ documentary evidence ("information") with respect to the residential status of the unit holders; and (d) directly or indirectly disclose/ report/ submit such or other relevant information to the appropriate Indian authorities. Such information may include (without limitation) the unit holder's folio detail, identity of the unit holder, details of the beneficial owners and controlling persons etc. In this regard and in order to comply with the relevant provisions under FATCA, the unit holders would be required to fully cooperate & furnish the required information to the AMC, as and when deemed necessary by the latter in accordance with IGA and/ or relevant circulars or guidelines etc, which may be issued from time to time by SEBI/ AMFI or any other relevant & appropriate authorities.

The applicants/ unit holders/ prospective investors are advised to seek independent advice from their own financial & tax consultants with respect to the possible implications of FATCA on their investments in the scheme(s).

The underlying FATCA requirements are applicable from July 1, 2014 or such other date, as may be notified. In case required, Bank of India MF/ Bank of India IM reserves the right to change/ modify the provisions (mentioned above) at a later date.

CKYC Requirement for the new investors in mutual funds (From February 1, 2017) :

SEBI has issued circular no. CIR/MIRSD/ 66 /2016 dated July 21, 2016 and no.

CIR/MIRSD/120 /2016 dated Nov. 10, for uniform and smooth implementation of CKYC norms for on boarding of new investors in Mutual funds with effect from 1st Feb 2017

Central KYC Registry (CERSAI) is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity.

- Provide the complete details in the CKYC application form along with the required documents (for individual investors or non individual investors as appropriate). The said form is available on Bank of India MF's website i.e. www.boimf.in or on the website of Association of Mutual Funds In India i.e. www.amfiindia.com
- CKYC application and necessary document should either come along with financial transaction or when the client chooses to trade / invest / deal through the Intermediary and an account is opened in the schemes of Bank of India MF, the investor is required to submit, in person, the completed CKYC application form along with all the necessary documents as mentioned in the application form in any of the offices of the distributors (details provided in the following note) or Registrar and Transfer Agent of the Bank of India MF / Bank of India IM i.e. KFinTech and the Bank of India MF;
- In line with SEBI circular MIRSD/Cir-26/2011 dated December 23, 2011, it is mandatory for SEBI registered intermediaries to carry out "In-Person Verification" ("IPV") of any investor dealing with a SEBI registered intermediary for investments in a mutual fund, the Asset Management Companies, Registrar & Transfer Agent and distributors who comply with the certification process of National Institute of Securities Market (NISM) or Association of Mutual Funds in India (AMFI) and have undergone the process of "Know Your Distributor (KYD)" are authorised to carry out the IPV. However, in case of applications received by the mutual funds directly from the clients (i.e. not through any distributor), they may also rely upon the IPV performed by the scheduled commercial banks. Unless the IPV process is completed, the intermediary will not be able to process the KYC and obtain a temporary acknowledgment for submission of all the documents. Hence the investor will not be considered as KYC compliant under the new KYC compliance procedure and hence will not be permitted to make any investment in the Fund;
- Once all the documents are verified by a Central KYC Registry (Cersai), they will send the investor a acknowledgment within 10 working days from the date of receipt of necessary documents by them from the Fund or its Registrar and Transfer Agent informing the investor either about compliance by the investor of the new KYC compliance procedure ("final acknowledgment") or any deficiency in submission of details or documents.

Owner(s) [UBO(s)]’.

In accordance with the regulatory guidelines, UBO means the natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes those persons who exercise ultimate effective control over a legal person or arrangement. XII. GENERAL INFORMATION

A. Underwriting

During the three years ended March 31, 2022, the Mutual Fund has had no underwriting obligations.

B. Stock lending by the Mutual Fund

Stock lending involves lending of securities to another person or entity for a fixed period of time, at a negotiated compensation in order to enhance returns of the portfolio. Subject to and to the extent permitted by the Regulations, the Trustee may permit the Fund to engage in Stock Lending. The Fund can temporarily lend, through an approved intermediary, securities held by the Scheme to reputed counter-parties, for a fee, subject to internal norms, if any. This would enable generating better returns on those securities, which are otherwise bought with the intention to hold the same for a longer period of time. The securities lent will be returned by the borrower on the expiry of the stipulated period or the lender can call the same back before its expiry.

The AMC will follow regulatory restrictions as may be prescribed in carrying on the activities of Stock lending. Such lent stock, while they are on-lending, will not be available for sale, and this can result in temporary illiquidity.

Where the Investment Manager desire to engage in Stock Lending, it will apply the following limits:

- Not more than 20% of the net assets of the Scheme can generally be deployed in Stock Lending.
- Not more than 5% of the net assets of the Scheme can generally be deployed in Stock Lending to any single counter party.

Till date, the Mutual Fund has not engaged in any stock lending

C. Borrowing & Lending by the Mutual Fund

The Scheme may borrow monies to meet temporary liquidity requirements for the purpose of repurchase or redemption of Units or the payment of interest or IDCW to the Unit holders. However, such borrowing shall be restricted to 20% of the net assets of the Scheme and for a maximum period of six months. The limit of 20% may be revised by the Fund and to the extent the Regulations may permit.

The Fund may raise such borrowings, secured or unsecured, from any person or entity as it may deem fit, including Sponsor or Shareholders of any of their associate / group entities or banks, after approval by the Trustee, at market related rates.

The Fund will not advance any loans for any purpose.

D. Investment by AMC, Sponsor etc.

The AMC, Trustee Company, Sponsor, Shareholders and their associate or group companies may, subject to regulatory permissions wherever applicable, invest directly or indirectly in any Scheme from time to time.

The AMC will not charge any fees to the Fund / Scheme in relation to its own investments in the units of a Scheme as provided under extant regulations, unless regulatorily permitted.

It is likely that the above entities may acquire a substantial portion of a Scheme's units and thus cumulatively hold a major investment in the Scheme. In that case, if they or any of them tender units for redemption, there may be an adverse impact on the NAV of the Units of the Scheme and the timing of such repurchase may impact the ability of other unitholders to tender their Units for repurchase.

Further, The AMC shall base on the risk value assigned to the scheme, in terms of SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/197 dated October 5, 2020, shall invest minimum amount as a percentage of AUM based on the risk associated with the Scheme and such investment will not be redeemed till the completion of tenure of the scheme or till the scheme is wound up in terms of SEBI Circular SEBI/HO/IMD/IMD-IDOF5/P/CIR/2021/624 dated September 02, 2021 as amended from time to time. However, the AMC will not charge investment management fee on such investment in the Scheme.

During the NFO period, AMC's investment shall be made during the allotment of units and shall be calculated as a percentage of the final allotment value excluding AMC's investment pursuant to this circular

E. Inter - Scheme Transfer of Investments

Transfers of investments from one Scheme to another Scheme in the same mutual fund shall be allowed only if -

- (a) such transfers are done at the prevailing market price for quoted instruments on spot basis.

Explanation : "spot basis" shall have same meaning as specified by stock exchange for spot transactions.

- (b) the securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

In case of Open Ended Schemes, ISTs may be allowed in the following scenarios:

(A) For Meeting Liquidity Requirement in a scheme in case of unanticipated redemption pressure:

2. ISTs to be allowed only after all the below mentioned avenues have been attempted and exhausted:
 - (i) Use of Scheme Cash and Cash Equivalent
 - (ii) Selling of Scheme Securities in the Market
 - (iii) Use of Market Borrowing
3. The use of market borrowing before ISTs will be optional and Fund Manager may at his discretion take decision on borrowing in the best interest of unit-holders. The option of market borrowing or selling of security as mentioned at above may be used in any combination and not necessarily in the above order. In case option of market borrowing and/or selling of security is not used, the reason for the same shall be recorded with evidence.
4. Proper documentation of the attempts made to meet the liquidity through the above mentioned avenues would be maintained. Further, appropriate records of the Interscheme transfer shall also be maintained in the format provided in SEBI circular dated October 28, 2020.
5. After completion of the above, proposed IST would be referred to Investment Committee ("IC") with list of Securities of the lowest duration and highest quality for consideration by the IC for IST.
6. The IC shall then confirm with the Risk Team whether there is any negative news or rumors in the mainstream media or an alert has been generated about the security or issuer based on the internal credit risk assessment in terms of Clause F of SEBI Circular No SEBI/ HO/IMD/DF2/CIR/P/2019/104 dated October 01, 2019 during the previous 4 months
7. The IST of only Securities approved by IC would be effected only after completion of the abovementioned procedure.

(B) For Duration/Issuer/Sector/Group rebalancing:

1. Submission to the IC either in advance or post-facto the reason for the IST, ie.

Duration/Issuer/Sector/Group rebalancing and evidence thereof that the rebalancing (duration, issuer, sector or group) is required for both the transferor and transferee schemes. Risk Team to ensure that the same reasons are cited for both schemes (except if the transferee scheme is Credit Risk scheme)

2. Risk team shall then confirm whether there is any negative news or rumors in the mainstream media or an alert has been generated about the security or issuer based on the internal credit risk assessment in terms of Clause F of SEBI Circular No SEBI/HO/IMD/DF2/CIR/P/ 2019/104 dated October 01, 2019 during the previous 4 months. If yes, then the Inter Scheme transfer of such security shall not be allowed.
3. On completion of the above steps, Template consisting approval of Compliance Officer, Chief Investment Officer and Fund Manager of both transferor and transferee scheme shall be obtained and filed for documentary evidence.
