	<p>Portfolio rebalancing under defensive consideration</p> <p>As per para 3.6.7.1 of SEBI Master Circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, the asset allocation pattern indicated above may change for a short term period on defensive considerations, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. These proportions may vary depending upon the perception of the Fund Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be rebalanced within 7 calendar days from the date of deviation and further action may be taken as specified under SEBI Circulars/ AMFI guidelines issued from time to time.</p> <p>Change in Investment Pattern Subject to the Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and defensive considerations. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of sub regulation (15A) of Regulation 18 of the Regulations, as detailed later in this document.</p>
<p>Investment Strategy</p>	<p>The scheme is an Exchange Traded Fund (ETF) tracking the Nifty Bank Total Returns Index. The Scheme will be passively managed employing an investment strategy that seeks to track/replicate the performance of the underlying index, subject to tracking error. The scheme seeks to achieve this goal by investing in the securities constituting the Nifty Bank Total Returns Index in the same proportion as in the Index.</p> <p>The scheme may take exposure to derivative instruments on underlying index (stock/ index futures) up to 20% of the Net Assets. Derivatives shall mean derivatives instruments as permitted by SEBI, including derivative exposure in accordance with SEBI Master Circular dated May 19, 2023 and such other amendments issued by SEBI from time to time. The Scheme may take an exposure to equity derivatives of constituents of the underlying Basket when securities of the Basket are unavailable, insufficient or for rebalancing at the time of change in Basket or in case of corporate actions, for a short period of time, subject to derivative limits. Such exposure to derivatives will be rebalanced within seven calendar days. The Scheme may use derivative instruments such as stock/index futures and stock/index options contracts, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme. Derivative limit subject to limit of 20% of net assets.</p>
<p>Risk Profile of the Scheme</p>	<p>Standard Risk Factors</p> <ol style="list-style-type: none"> i. Investments in mutual fund units involves investment risks such as market risk, credit & default risk, liquidity risk, trading volumes, settlement risk, including the possible loss of principal and there is no assurance or guarantee that the objectives of the Scheme will be achieved. ii. As the price/ value/ interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the scheme may go up or down. iii. Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee future performance of the scheme. iv. Baroda BNP Paribas Nifty Bank ETF is the name of the scheme and does not in any manner indicate either the quality of the scheme or its future prospects and returns. v. The sponsor / associates are not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs. 10,00,000/- (Rupees Ten lakhs only) to the corpus of the Mutual Fund made by it towards setting up the Fund and such other accretions and additions to the corpus vi. The present scheme is not a guaranteed or assured return scheme. vii. From time to time and subject to the SEBI Regulations, the Sponsor, their associates, subsidiaries, the Mutual Fund and the AMC may invest directly or indirectly in the Scheme. These entities may acquire a substantial portion of the Scheme's Units and collectively constitute a major Investor in the Scheme. Accordingly, Redemption of Units held by such entities may have an adverse impact on the Scheme because the timing of such Redemption may impact the ability of other Unit holders to Redeem their Units. viii. The Mutual Fund is not guaranteeing or assuring any IDCW. The Mutual Fund is also not assuring that it will make periodical IDCW distributions, though it has every intention of doing so. All IDCW distributions are subject to the availability of distributable surplus of the Scheme. <p>Scheme Specific Risk Factors</p> <p>The scheme tracks benchmark index which may comprise of large Indian banking stocks. The scheme being passively managed invests in stocks of the underlying index and will therefore be subject to the risks associated with concentration of investments in a particular company/sector. The weightage of each stock is capped at the time of rebalancing of index, which may help in limiting concentration risk. In addition, the scheme may be subject to following sector specific risks including but not limited to:</p> <ul style="list-style-type: none"> • The performance of the banking sector has a direct correlation to the performance of the economy. The sector is vulnerable to the adverse impacts on domestic as well as the global economy. Events such as recession, war, monsoon, political upturn, etc. may adversely affect the banks. • The sector is highly regulated in terms of capital and liquidity requirements, recognition and provisioning requirement for advances, valuation of investments, etc. Hence, changes in such requirements may adversely affect performance of banks. • Changes in Government/Reserve Bank of India policy/regulation/reforms etc. affecting banking sector may have a significant bearing on performance of the banks. • Macroeconomic factors like changes in interest rate, inflation rate, etc. can have direct impact on the performance of banks or the companies which have been provided funding by banks. • The volatility and/or performance of the said sector and/or of the companies belonging to this sector may have a material adverse bearing on the performance of the Scheme <p>Right to Limit Redemptions: The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with para 1.12 of SEBI Master circular dated May 19, 2023.</p>

Risks associated with investing in Equities:

- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The value of the Schemes' investments in Equity & equity related instruments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- The Mutual Fund may not be able to sell securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to be collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that IDCW is due only when declared and there is no assurance that a company (even though it may have a track record of payment of IDCW in the past) may continue paying IDCW in future. As such, the schemes are vulnerable to instances where investments in securities may not earn IDCW or where lesser IDCW is declared by a company in subsequent years in which investments are made by schemes. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay IDCW, the performance of the schemes may be adversely affected due to such factors.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavors to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- The schemes are also vulnerable to movements in the prices of securities invested by the schemes which again could have a material bearing on the overall returns from the schemes. These stocks, at times, may be relatively less liquid as compared to growth stocks.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- The Scheme may find itself invested in unlisted securities due to external events or corporate actions. This may increase the risk of the portfolio as these unlisted securities are inherently illiquid in nature and carry larger liquidity risk as compared to the listed securities or those that offer other exit options to the investors.

Risks associated with ETF:

- Investments in the securities constituting the Index are subject to price fluctuation on daily basis. The volatility in the value of those securities is due to various micro and macroeconomic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on the NAV of Scheme.
- As the units of the ETF are listed on the Stock Exchange, trading in the units may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or Regulator. There could also be trading halts caused by extraordinary market volatility and pursuant to Exchange Authorities and Regulator circuit filter rules and the ETF's would not be able to buy/sell securities in case of subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the ETF's will continue to be met or will remain unchanged.
- Listing and trading of the ETF's are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and Regulator. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the ETF's and its prices.
- The NAV of the ETF's and or Index funds reflect the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange, the units of the ETF's may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the ETF's, perceived trends in the market outlook, etc.
- **Market Risk:** The ETF's and or Index funds NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in ETF's and or Index funds NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlining investments.
- **Index-Related Risk:** The ETF's and or Index funds invests in securities of the Nifty Bank Total Returns Index and in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Index would be applicable to the ETF's and or index funds. The Index may have its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The ETF's and or Index funds would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The ETF's and or Index funds would not select securities in which it wants to invest but is guided by the Index. As such the ETF's and or Index funds is not actively managed but is passively managed. There is no guarantee that the ETF's and or Index funds will achieve a high degree of correlation to the Underlying Index and therefore achieve its investment objective.
- **Management Risk.** As the ETF's and or Index funds may not fully replicate the Underlying Index, it is subject to the risk that investment strategy may not produce the intended results.
- **Concentration Risk.** The ETF's and or Index funds may be susceptible to an increased risk of loss, including losses due to adverse occurrences affecting the ETF's and or index funds more than the market, to the extent that the investments are concentrated in the securities of a particular issuer or issuers, country, group of countries, region, market, industry, group of industries, sector or asset class.

- In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the ETF to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the ETF portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the ETF.
- **Passive Investments:** The ETF's and or Index funds is not actively managed. Since the Scheme is linked to an index, it may be affected by a general decline in the securities constituting that index. The Scheme as per its investment objective invests in the securities of the underlying index regardless of their investment merit.
- **Equity Securities Risk:** Equity securities are subject to changes in value and their values may be more volatile than those of other asset classes.

Risks associated with investing in fixed income securities:

- **Credit and Counterparty risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security or honor its contractual obligations).
- Counterparty risk refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments or the conclusion of financial derivatives contracts.
- The value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit and counterparty risk as well as any actual event of default. Changes in financial conditions of an issuer, changes in economic and political conditions in general, or changes in economic or and political conditions specific to an issuer, all of which are factors that may have an adverse impact on an issuer's credit quality and security value.
- **Liquidity Risk:** The liquidity of the scheme's investment is inherently restricted by trading volumes in the securities in which the scheme invests.

A lower level of liquidity affecting an individual security or an entire market at the same time, may have an adverse bearing on the value of the scheme's assets. More importantly, this may affect the Fund's ability to sell particular securities quickly enough to minimize impact cost, as and when necessary to meet requirements of liquidity or to sell securities in response to triggers such as a specific economic/corporate event.

Trading volumes, settlement periods and transfer procedures may restrict the liquidity of a few or all the investments and may affect the liquidity of the investments of the scheme.

The scheme may be unable to implement purchase or sale decisions when the markets turn illiquid, missing some investment opportunities or limiting ability to face redemptions. The lack of liquidity could also lead to the risk that the sale price of a security could be substantially lower than the fair value of the security.

- **Interest Rate Risk & Re-investment Risk:** The value of an investment may be affected by interest rate fluctuations. Interest rates may be influenced by several elements or events, such as monetary policy, the discount rate, inflation, etc. The value of debt and fixed income securities held by the Scheme generally will vary inversely with the changes in prevailing interest rates. In general, price of debt and fixed income securities go up when interest rates fall, and vice versa. Securities of any issuer that has higher duration could be riskier in terms of price movements relative to those with lower duration. Thus, any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security. The investments made by the Scheme are subject to reinvestment risk. This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Sovereign risk:** The Central Government of India is the issuer of the local currency debt in India. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying least probability of a default, such securities are known as securities with sovereign credit. It also implies that the credit risk on such Government securities is even lower than that on non-government securities with "AAA" rating and hence yields on government securities are even lower than yields on non-government securities with "AAA" rating.
- **Concentration Risk:** The Scheme may pursue only a limited degree of diversification. It may invest in a limited number of securities or invest a greater proportion of assets in the securities of very few issuers (within the limits permitted by regulation) or be concentrated on a few market sectors as compared to a diversified scheme. The scheme is also expected to have higher market liquidity risk on account of concentration. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

Risk Factors associated with Investments in Derivatives:

The Scheme(s) may use various derivative instruments and techniques, permitted within SEBI (Mutual Funds) Regulations, 1996 from time to time including but not limited for portfolio balancing and hedging purpose, which may increase the volatility of Scheme's performance. Usage of derivatives will expose the Scheme(s) to certain risks inherent to such derivatives.

Derivative products are specialized instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. There is a possibility that a loss may be sustained by the Scheme(s) as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, interest rates and indices. Even a small price movement in the underlying instrument could have a large impact on their value. This could increase the volatility of the Scheme's performance.

In case of hedge, it is possible that derivative positions may not be perfectly in line with the underlying assets they are hedging. As a consequence the derivative cannot be expected to perfectly hedge the risk of the underlying assets. This also increases the volatility of the Scheme's performance. Some of the risks inherent to derivatives investments include:

1. **Price Risk:** Despite the risk mitigation provided by various derivative instruments, there remains an inherent price risk which may result in losses exceeding actual underlying.
2. **Default Risk:** This is the risk that losses will be incurred due to default by counter party. This is also known as credit risk or counterparty risk.
3. **Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying being hedged for e.g., mismatch between the maturity date of the futures and the actual selling date of the asset.
4. **Limitations on upside:** Derivatives when used as hedging tool can also limit the profits from a genuine investment transaction.
5. **Liquidity risk:** This risk pertains to how saleable a security is in the market. All securities/instruments irrespective of whether they are equity, bonds or derivatives may be exposed to liquidity risk (when the sellers outnumber buyers) which may impact returns while exiting opportunities.
6. **Systematic Risk:** The risk inherent in the capital market due to macro economic factors like Inflation, GDP, Global events
7. **System Risk:** The risk arising due to failure of operational processes followed by the exchanges and OTC participants for the derivatives trading.

Risks associated with investments in mutual fund units

To the extent of the investments made by the scheme in mutual funds units, the risks associated with investing in such funds like market risk, credit & default risk, liquidity risk, redemption risk including the possible loss of principal; etc. will exist.

Other Risks:

- **Risk associated with inflation:** Over time, yields of short-term investments may not keep pace with inflation, leading to a reduction in an investment's purchasing power.
- **Legal risk:** The scheme may be affected by the actions of government and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations which the public may not be aware of. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the scheme from pursuing their strategies or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example nationalization of any institution or restrictions on investment strategies in any given market sector or changing requirements and imposed without prior warning by any regulator.
- **Taxation risk:** The value of an investment may be affected by the application of tax laws, including withholding tax, or changes in government or economic or monetary policy from time to time. As such, no guarantee can be given that the financial objectives will actually be achieved. The tax information described in this Scheme Information Document (SID) is as available under the prevailing taxation laws. This could be changed at any moment by regulation. Further, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the scheme will endure indefinitely.
- **Valuation risk:** This risk relates to the fact that markets, in specific situations and due to lack of volumes of transactions, do not enable an accurate assessment of the fair value of invested assets. In such cases, valuation risk represents the possibility that, when a financial instrument matures or is sold in the market, the amount received is less than anticipated, incurring a loss to the portfolio and therefore impacting negatively the NAV of the scheme.
- **Operational Risk:** Operational risk addresses the risk of trading and back office or administration issues that may result in a loss to the Scheme. This could be the result of oversight, ineffective securities processing procedures, computer systems problems or human error. There could also be risk associated with grouping of orders. For instance, at the time of placing the trades, the fund manager shall group orders on behalf of all schemes managed by him, provided it is unlikely to be detrimental overall for any of the schemes whose orders have been included. However, such grouping may have a detrimental effect to the scheme compared to the execution of an individual order for the scheme.

Risk factors associated with processing of transaction in case of investors investing in mutual fund units through Stock Exchange Mechanism: The trading mechanism introduced by the stock exchange(s) is configured to accept and process transactions for mutual fund units in both Physical and Demat Form. The allotment and/or redemption of Units through NSE and/or BSE or any other recognized stock exchange(s), on any Business Day will depend upon the modalities of processing viz. collection of application form, order processing / settlement, etc. upon which the Fund and the AMC have no control. Moreover, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by respective recognized stock exchange(s) upon which the Fund and the AMC have no control. Accordingly, there could be negative impacts to the investors such as delay or failure in allotment / redemption of Units. The Fund and the AMC are not responsible for the negative impacts.

Tracking Error Risk: Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying index and NAV of the scheme. The scheme's returns may deviate from the underlying benchmark index for the following reasons:

- Fees & expenditure incurred by the scheme.
- Cash held by the scheme due to subscriptions or to meet redemptions, expenses etc.
- Corporate Actions
- Halting of trading in underlying securities by exchange
- Methodology of calculation of settlement price of the index. The benchmark or underlying index reflects the Volume Weighted Average Price (VWAP) of securities in the last half hour. However, the scheme may buy and sell at different points in time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
- Inability to acquire the securities due to various reasons like circuit filters, lack of liquidity etc.
- Delay in replicating the portfolio during times of high volatility and reconstitution/rebalancing of index.
- Rounding off securities for buying or selling as compared to the underlying index.

	<p>The AMC and fund manager would monitor the tracking error of the scheme on an ongoing basis and would seek to keep tracking error as low as possible. Under normal circumstances and as per SEBI regulation, it would not cross 2% per annum. However, in case of various market events beyond the control of AMC or fund manager like dividend issuance by constituent members, rights issuance by constituent members, market volatility during reconstitution and rebalancing of portfolio and any abnormal circumstances, tracking error may exceed the prescribed limits. There can be no assurance or guarantee that the scheme will achieve any particular level of tracking error relative to performance of the Underlying Index</p> <p>Tracking Difference: The tracking difference i.e. the annualized difference of daily returns between the index and the NAV of the Scheme will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.</p> <p>Risks associated with segregated portfolio:</p> <ul style="list-style-type: none"> Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. Security comprises of segregated portfolio may not realise any value. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV. Trading in the units of segregated portfolio on the Exchange may be halted because of market conditions, including any halt in the operations of Depository Participants or for reasons that in view of the Exchange Authorities or SEBI, trading in the units is suspended and / or restricted. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange rules of 'circuit filter'. There can be no assurance that the requirements of Stock Exchange necessary to maintain the listing of units of scheme will continue to be met or will remain unchanged. <p>Passive Investments:</p> <p>The Scheme is not actively managed. Since the Scheme is linked to index, it may be affected by a general decline in the Indian markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.</p>
<p>Risk Control Measures</p>	<p>For the Scheme, risks would be the impact cost on securities, the delayed communication of weightage changes by the index service providers and the delayed calculation of net change in assets of the Scheme, amongst others.</p> <p>It is proposed to manage the risks by placing limit orders for basket trades and other trades, proactive follow-up with the service providers for daily change in weights in index as well as monitor daily inflows and outflows to and from the Fund closely.</p> <p>While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.</p> <p>Since investing requires disciplined risk management, the AMC would incorporate adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns.</p> <p>The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in depth credit evaluation of the securities proposed to be invested in will be carried out by the investment team of the AMC.</p> <p>The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by RBI/SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.</p> <p>Risk Mitigation Measures:</p> <p>The Scheme's will invest in various securities / instruments which carry various risks such as inability to sell securities, trading volumes and settlement periods, market risk, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging.</p> <p>In order to mitigate the various risks, the portfolio of the Scheme will be constructed in accordance with the investment restriction specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.</p> <p>Further, the AMC has necessary framework in place for risk mitigation at an enterprise level. The Risk Management division is an independent division within the organization. Internal limits are defined and judiciously monitored. Risk indicators on various parameters are computed and are monitored on a regular basis. There is a Board level Committee, the Risk Management Committee of the Board, which enables a dedicated focus on risk factors and the relevant risk mitigants.</p>
<p>Plans & Options</p>	<p>Currently, there are no investment Plans/Options being offered under the Scheme.</p> <p>However, the Trustee reserves the right to introduce investment Plans/Options under the Scheme at a future date in accordance with SEBI (MF) Regulations.</p> <p>The Trustee also reserves the right to discontinue/withdraw any option/investment plan, if deemed fit.</p>
<p>Applicable NAV for subscription</p>	<p>Offer of units of Rs. 10 per unit issued at a premium approximately equal to the difference between face value and allotment price during the NFO period. Allotment price shall be approximately equal to 1/1000th of the value of Bank Nifty Index.</p> <p>On ongoing basis, Units of the Scheme will be allotted at approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC. Additionally, the difference in the value of portfolio and cost of purchase/sale of Portfolio Deposit on the exchange for creation/redemption of the Units including the Cash Component and transaction handling charges, if any, will have to be borne by the Authorized Participant/ Large Investor.</p> <p>The Units of the Scheme will be listed on the Capital Market Segment of the National Stock exchange of India Ltd. (NSE) and/ or BSE Limited (BSE) and/or on any other recognized Stock exchange(s) as may be decided by AMC from time to time. All investors including Authorized Participants and Large Investors can subscribe (buy) / redeem (sell) Units on a continuous basis on the NSE and/ or BSE on which the Units are listed during the trading hours on all the trading days.</p> <p>In addition, Authorized Participants and Large Investors can directly subscribe to/ redeem the Units on all Business Days with the Fund in 'Creation Unit Size' on an ongoing basis.</p>

	<p>The subscription/redemption of Units of the Scheme in Creation Unit Size will be allowed both by means of exchange of Portfolio Deposit and by Cash.</p> <p>ON THE EXCHANGE</p> <p>As Units of the Scheme are listed on the NSE and BSE, Investors can buy/sell Units on a continuous basis on the Stock Exchange(s) on which the Units are listed during the trading hours on all trading days like any other publicly traded stock at prices which may be close to the NAV of the Scheme. Subscriptions made through Stock Exchanges/demat mode will be made by specifying the number of Units to be subscribed and not the amount to be invested.</p> <p>The minimum number of Units that can be bought or sold through the Stock Exchange is 1 (one) Unit of the Scheme.</p> <p>DIRECTLY FROM THE FUND</p> <p>The Scheme offers for subscriptions (purchase)/redemptions (sale) only for Authorised Participants and Large Investors in 'Creation Unit Size' on all Business Days from the date of listing at NAV based prices.</p> <p>Pursuant to para 8.7 of SEBI Master circular no. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, transactions in units of the Scheme by Authorized Participants / Large Investors directly with the AMC, intra-day NAV, based on the executed price at which the securities representing the underlying index are purchased / sold shall be applicable. For large investors, any order placed for redemption or subscription directly with AMC must be greater than INR 25 crore and in multiples of creation unit size exceeding INR 25 crore.</p> <p>The AMC will appoint Authorised Participants to also provide for the liquidity in secondary market on an ongoing basis. The Authorised Participants would offer two-way quotes (buy and sell quotes) in the secondary market for ensuring liquidity in Units of the Scheme.</p>
<p>Applicable NAV for Redemption</p>	<ol style="list-style-type: none"> For Redemption of units directly with the Mutual Fund: (Authorized Participants & Large Investors) Mutual Fund will repurchase units from Authorized participants/Large Investors on any Business Day in Creation Unit size at approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC. However, transaction charges payable to Custodian/Depository Participants, and other incidental charges relating to conversion of units into basket of securities may be deducted from redemption proceeds. For Redemption of units directly with the Mutual Fund (other than Authorized Participants): Investors other than Authorized Participants and Large Investors can redeem units directly with the Fund for less than Creation Unit size at approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer of units without any exit load if: <ol style="list-style-type: none"> Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days. <p>In case of the above scenarios, applications received from investors for redemption up to 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.</p> <p>Such instances shall be tracked by the AMC on an ongoing basis and in case any of the above mentioned scenario arises, the same shall be disclosed on the website of the Mutual Fund.</p> For Sale through Stock Exchange(s): All categories of investors may sell the Units of the Scheme through the Stock Exchange(s) on which the units of the Scheme are listed, on any trading day in round lot of one (1) Unit and multiples thereof. <p>Note: The transaction handling charges which include brokerage, Securities transaction tax, regulatory charges if any, depository participant charges, uploading charges and such other charges that the mutual fund may have to incur in the course of cash subscription/ redemption or accepting the portfolio deposit or for giving a portfolio of securities as consideration for a redemption request, shall be recoverable from the transacting Authorized Participant or Large Investor. As required under the Regulations, the Fund will ensure that the Redemption Price is not lower than 95% of the NAV applicable at that moment, provided that the difference between the Redemption Price and Purchase Price of the Units shall not exceed the permissible limit of 5% of the Purchase Price, as provided for under the Regulations.</p>
<p>Minimum amount for Purchase / Redemption/ Switches</p>	<p>NFO PERIOD : A minimum of Rs. 5,000 per application and in multiples of Rs.1 thereafter during NFO period.</p> <p>ONGOING BASIS :</p> <p>ON THE EXCHANGE</p> <p>Investors can subscribe (buy) and redeem (sell) Units on a continuous basis on the NSE and BSE on which the Units are listed. On the Stock Exchange(s), the Units of the Scheme can be purchased/sold in minimum lot of 1 (one) Unit and in multiples thereof.</p> <p>DIRECTLY FROM THE FUND</p> <p>The Scheme offers for subscriptions/redemptions only for Authorized Participants and Large Investors in 'Creation Unit Size' on all Business Days at a price determined on the basis of approximately indicative NAV based prices (along with applicable charges and execution variations) during the Ongoing Offer for applications directly received at AMC. Additionally, the difference in the value of portfolio and cost of purchase/sale of Portfolio Deposit on the Exchange for creation/redemption of scheme Units including the Cash Component and transaction handling charges, if any, will have to be borne by the Authorized Participant/ Large Investor.</p> <p>The Fund creates/redeems Units of the Scheme in large size known as "Creation Unit Size". Each "Creation Unit" consists of 50,000 Units of the Scheme. The "Portfolio Deposit" which is a pre-defined basket of Securities that represent the underlying index and will be defined and announced by the Fund on daily basis and can change from time to time and a "Cash Component" which will be exchanged for 50,000 Units of the Scheme. During buying or selling, for a concerned transaction.</p> <p>The Portfolio Deposit and Cash Component for the Scheme may change from time to time due to change in NAV.</p>

Despatch of Repurchase (Redemption) Request	The redemption or repurchase proceeds shall be despatched to the unitholders within 3 working days from the date of redemption or repurchase. A penal interest of 15% per annum or such other rate as may be prescribed by SEBI from time to time, will be paid in case the redemption proceeds are not despatched within 3 working Days of the date of valid redemption request.

Further, all fees and expenses charged in the Direct Plan (in percentage terms) under various heads including the Investment Management and Advisory Fee shall not exceed the fees and expenses charged under such heads in the Regular Plan.

- (a) additional expenses under Regulation 52(6A) (c) at 0.05% of daily net assets of the scheme **;
 ** In accordance with SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2018/15 dated February 02, 2018, AMC shall not charge any additional expense of upto 0.05% as per Regulation 52(6A) (c), if exit load is not being levied under the Scheme.
- (b) The AMC may charge GST on investment management and advisory service fees ('AMC Fees') which shall be borne by the Scheme in addition to the total expense ratio mentioned in table above;
- (c) @Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

It is clarified that the brokerage and transaction cost incurred for the purpose of execution of trade may be capitalized to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of TER as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

The total expenses charged to the scheme shall be the maximum limit of TER as prescribed under regulation 52. All scheme related expenses including commission paid to distributors, if any, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 as amended from time to time on implementation of SEBI Circular dated October 22, 2018 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

Investors should note that the total recurring expenses of the scheme excluding issue or redemption expenses, whether initially borne by the Mutual Fund or by the AMC, but including the investment management and advisory fee, shall not exceed the limits as prescribed under Regulation 52 of the SEBI Regulations. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

Note:

Pursuant to AMFI email dated March 02, 2023, with respect to keeping the B-30 incentive structure in abeyance, the AMC will not charge additional 30 bps on new inflows garnered from retail investors from B-30 cities till further notice. The total expenses of the Scheme including the Investment Management and Advisory Fee shall not exceed the limits stated in Regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.

For the actual current expenses being charged, the investor should refer to the website of the mutual fund at the following link <<https://www.barodabnp-paribasmf.in/downloads/total-expense-ratio-of-mutual-fund-schemes>>. Any change proposed to the current expense ratio will be updated on the website and communicated to the investors via e-mail or SMS at least three working days prior to the effective date of the change (in accordance with para 10.1.8 of SEBI Master circular SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023). Further, the disclosure of the expense ratio on a daily basis shall also be made on the website of AMFI viz. www.amfiindia.com.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per SEBI (Mutual Funds) Regulations, 1996. The purpose of the above table is to assist the investor in understanding the various costs and expenses that an investor in the scheme will bear directly or indirectly.

An Illustration of impact of expense ratio on Scheme's returns:

If an investor A invests in a regular plan of a Scheme with an expense of 1% p.a. and an investor B invests in Direct Plan of the same scheme with an expense of 0.65% p.a. Assuming the gross return of this fund is 10% for that given year, investor A will make a return of 9% (post expense) for that year, whereas investor B will make 9.35% return for same period.

Also, please take a look at below illustration which shows impact of different expense ratio assumed on initial investment of Rs. 10,000 invested over period of 10 years with an average annualized gain of 15% p.a.

Particulars	Regular Plan	Direct Plan
Amount Invested at the beginning of the year	10,000	10,000
Returns before Expenses (@10%pa)	1,000	1,000
Expenses other than Distribution Expenses	65	65
Distribution Expenses	35	-
Returns after Expenses at the end of the Year	900	935
% Returns on Investment (Post Expenses)	9%	9.35%

Note:

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments, without considering any impact due to taxation.
- **Investors are requested to note that NAV declaration made by AMC/Mutual Fund on every business day is net of expenses, and consequently scheme performance disclosures made by Mutual Fund, which are based on NAV values of the scheme are also net of expenses but does not consider impact of load and taxes, if any.**

Transaction charges

Pursuant to para 10.5 of SEBI Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, the AMC/the Fund shall deduct transaction charges as per the following details from the subscription amount. The amount so deducted shall be paid to the distributor/agent of the investor (in case they have "opted in") and the balance shall be invested. In accordance with SEBI circular no. CIR/IMD/DF/21/2012 dated September 13, 2012, the distributors shall have an option either to opt in or opt out of levying transaction charge based on type of the product.

1. **First time investor in Mutual Fund (across all the Mutual Funds):** Transaction charge of Rs. 150/- for subscription of Rs. 10,000 and above shall be deducted.

	<p>2. Existing investor in Mutual Funds (across all the Mutual Funds): Transaction charge of Rs. 100/- per subscription of Rs. 10,000 and above shall be deducted.</p> <p>3. For SIP - Not applicable as no SIP shall be accepted in the fund.</p> <p>4. Transactions through stock exchange. <p>5. The statement of account shall reflect the net investment as gross subscription less transaction charge and the number of units allotted against the net investment.</p> <p>6. As per SEBI circular no. SEBI/ IMD/ CIR No. 4/ 168230/09 dated June 30, 2009, the upfront commission to distributors shall be paid by the investor directly to the distributor by a separate cheque based on the investor's assessment of various factors including service rendered by the distributor.</p>
Levy of Stamp Duty on applicable Mutual Fund Transactions	Investors/Unit holders are requested to note that that pursuant to Notification No. S.O. 1226(E) and G.S.R 226 (E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of The Finance Act, 2019, notified on February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, a stamp duty @0.005% of the transaction value would be levied on applicable mutual fund transactions. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase/switch transactions (including reinvestment of amounts under IDCW option i.e. dividend reinvestment) to the Investors/Unit holders would be reduced to that extent.
Waiver of Load for Direct Applications	In accordance with the requirements specified by the SEBI under para 10.4.1 (b) of SEBI Master circular dated May 19, 2023, no entry load will be charged for purchase / additional purchase / switch-in accepted by the Fund. Hence provision for waiver of load for direct application is not applicable.
Tax treatment for the Investors (unitholders)	Investors are advised to refer to the details in the Statement of Additional Information and also independently refer to his/ her tax advisor.
Daily Net Asset Value (NAV) Publication	<p>The AMC/Mutual Fund will calculate and disclose the first NAV(s) of the Scheme not later than 5 Business days from the date of allotment.</p> <p>Thereafter, the AMC shall declare the Net Asset Value (NAV) of the scheme on every Business Day on AMFI's website (www.amfiindia.com) by 11 p.m. and also on its website (www.barodabnpparibasmf.in). The NAV shall be calculated for all Business Days. In case of any delay, the reasons for such delay would also be explained to AMFI & SEBI in writing and the number of such instances would also be reported to SEBI on a quarterly basis. If the NAVs are not available before the commencement of business hours of the following day due to any reason, the AMC/Mutual Fund shall issue a press release providing reasons and explaining when the AMC/Mutual Fund would be able to publish the NAVs. INSTRUCTIONS

1. GENERAL INFORMATION

- a) The Application Form should be completed in ENGLISH in BLOCK LETTERS only. Please Tick (✓) in the appropriate box (□), where boxes have been provided. Please refer to the Scheme Information Document and the Key Information Memorandum carefully before filling the Application Form. All applicants are deemed to have accepted the terms of the Scheme Information Document subject to which this offer is being made and bind themselves to such terms of the Scheme Information Document upon signing the Application Form and tendering the payment.
- b) **Directions to investors applying under all Schemes of the Fund directly**
All existing / prospective investors are requested to note and follow the below-mentioned directions while applying for the units of the Schemes of Baroda BNP Paribas Mutual Fund to enable the AMC to treat them as direct applications:
1. In case of receipt of application form having broker code as blank space at the time of processing and allotting the units by the Registrars, AMC will consider such application as **"Direct"**. However, the Investors are requested to fill the blank space with the words such as **"Not Applicable"** or **"Direct"** so as to ensure that their application is processed as direct. Alternatively, investors can also strike off the blank space in the broker code field.
 2. Investors subscribing under Direct Plan of a scheme will have to indicate "Direct Plan" in the application form. Investors should also indicate "Direct" in the ARN column of the application form. However, in case Distributor code is mentioned in the application form, but "Direct Plan" is indicated against the scheme name, the Distributor code will not be considered and the application will be processed under Direct Plan. Further, where application is received for distributor plan without Distributor code or "Direct" mentioned in the ARN Column, the application will be processed under Direct Plan. If the Distributor Code is mentioned, but the Plan is not mentioned, the application shall be processed under Distributor Plan. Direct Plan shall be the default plan if the investor doesn't indicate any plan in the application form or in case of any ambiguity.
 3. In case, the Broker code is pre-printed on the application form, investors (any / all in case of joint holders) must strike-off the code & countersign before submitting the application form at the applicable collections centres / Official Points of Acceptance of Transaction, if investors requires change in the broker / direct status.
 4. Investors must provide their full signatures for the changes on the pre-printed application forms. Investors are also informed that if the changes / alterations carried out in the broker code are not accompanied with the full countersignature by the investor(s) on the said modification, the application will be processed with existing broker code details as recorded with the AMC. In case of multiple brokers preprinted on the transaction slip, the additional investment will be under "Direct", if the investor does not mention a specific broker.
 5. The Registrar shall be diligent in effecting the received changes in the broker code within a reasonable period from the time of receipt of the written request from the investors at the designated Official Points of Acceptance of Transaction.
 6. The detailed list of all the Official Points of Acceptance of Transactions will be available on the AMC website from time to time. The application received shall be considered "Direct" if they are submitted at the designated Official Points of Acceptance of Transactions, as notified from time to time.
 7. If the Scheme name on the application form and on the payment instrument are different, the application may be processed and units allotted at applicable NAV of the scheme mentioned in the application / transaction slip duly signed by investor(s).

Investors should note that the AMC, the Trustee and the Mutual Fund should not be held liable for any claims in case the application forms are not completed in the manner stated as above.

c) Employees unique identity number (EUIIN)

1. Investors should provide EUIIN of the distributor, particularly in advisory transactions. This would assist in tackling the problem of mis-selling even if the employee / relationship manager / sales person leaves the employment of the distributor.
2. EUIIN is applicable to sales persons of non individual ARN holders only. Individual / Sole Proprietorship ARN holders should intimate AMFI-unit of CAMS in case they employ any Sales Person for selling mutual funds so that EUIIN could be allotted to them by AMFI. EUIIN will not be applicable for overseas distributors who comply with the requirements as per AMFI circular CIR/ARN-14/12-13 dated July 13, 2012.
3. Transactions that will be considered for this purpose are purchases, switches, SIP / STP / STP Triggers registration, Transfer of Income Distribution cum Capital Withdrawal Plan (TIDCW). Transactions that will be excluded are auto SIP / STP / SWP / STP Triggers Installments, IDCW Reinvestments, Bonus Units, Redemption, SWP Registration, Zero Balance Folio creation and Transfer of Income Distribution cum Capital Withdrawal Plan (TIDCW) installments.
4. Distributors shall ensure that the sub broker affixes his / her ARN code and the EUIIN of the Sales Person in the columns separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder.
5. In case EUIIN is not provided or fails the validation test, ARN holder shall remediate the same within 30 days either by providing the EUIIN or submitting the declaration signed by the investor in the format prescribed by AMFI.
6. In case EUIIN or the above declaration is not provided within aforesaid remediation period, brokerage on the transaction shall be forfeited permanently.
7. AMC reserves the right to conduct a due diligence on the distributor's activities if it is observed that significantly large number of transactions is being submitted without EUIIN.
8. The EUIIN requirement shall be applicable for all modes of transactions including transaction through Stock Exchange Platform. The AMC shall comply with AMFI guidelines on this matter from time to time.

Applications under Power of Attorney / Body Corporate / Registered Society / Trust / Partnership

In case of an application under a Power of Attorney, the application should be accompanied by an original Power of Attorney or by a duly notarised copy of the Power of Attorney. The Mutual Fund / Trustee / AMC reserves the right to reject the application forms not accompanied by a Power of Attorney. Further, the Mutual Fund / Trustee / AMC reserves the right to hold Redemption proceeds in case the requisite documents are not submitted.
