PART I. HIGHLIGHTS / SUMMARY OF THE SCHEME

Sr. No.	Title	Description
I.	Name of the Scheme	Tata BSE Quality Index Fund
II.	Category of the Scheme	Other Schemes - Index Fund
III.	Scheme type	An open ended fund replicating / tracking the BSE Quality Total Return Index (TRI).
IV.	Scheme Code	TATA/O/O/OIN/25/02/0075
V.	Investment Objective	The investment objective of the scheme is to provide returns, before expenses, that commensurate with the performance of BSE Quality Total Return Index (TRI), subject to tracking error. However, there is no assurance or guarantee that the investment objective of the scheme will be achieved. The scheme does not assure or guarantee any returns.
VI.	Liquidity / Listing details	The scheme is an open-ended scheme. The scheme is open for resale and repurchase of units at NAV based price, with applicable loads, if any on every business day on an ongoing basis. Under normal circumstances the AMC shall dispatch redemption proceeds within three working days from the date of redemption or repurchase, subject to exceptional circumstances as mentioned in this document. Currently the scheme is not listed. However, the Mutual Fund may at its sole discretion additionally list the Units of the Scheme on more than one stock exchanges at a later date.
VII.	Benchmark (Total Return Index)	BSE Quality Total Return Index (TRI). Benchmark Selection Rationale: The index mentioned as benchmark above, is ideal benchmark for this scheme, since the investment objective of the scheme is to replicate /track the performance of the index.
VIII.	NAV Disclosure	The AMC will calculate and disclose the first NAV within a period of 5 Business Days from the date of allotment of Units of the Scheme. Thereafter, the NAVs will be calculated and disclosed on every Business Day. The AMC shall prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India- AMFI (www.amfiindia.com) by 11 p.m. on every Business Day [^] . However, due to the inability in capturing same day valuation of underlying investments, the NAV shall be disclosed by 11 P.M. of the next business day [^] . [^] If the NAVs are not available before the commencement of Business Hours on the following day (i.e., next day after the respective business day) due to any reason, the Mutual Fund shall issue a press release giving reasons for the delay and explain by when the Mutual Fund would be able to publish the NAV. Due to difference in the expense ratio, the NAV of each option of Direct Plan will be different from the NAV of each option of Regular Plan. Similarly, due to the payout option, the NAV of Income Distribution Option will be different from the NAV of Growth option. In case of investment in overseas securities by the scheme as mentioned in the asset allocation pattern of the scheme, the NAV of the fund will be based on the prices of overseas securities converted into Indian rupees.
IX.	Applicable timelines	Timeline for: <ul style="list-style-type: none"> Dispatch of redemption proceeds: The redemption proceeds will be dispatched to the unit holders within three working days from the date of redemption or repurchase, subject to exceptional circumstances as mentioned further in this document. Dispatch of Income Distribution Cum Capital Withdrawal (IDCW): The payment of dividend to the unitholders shall be made within seven working days from the record date, subject to exceptional circumstances as mentioned further in this document.
X.	Plan and Options Plans / Options and sub options under the Scheme	The Scheme has the following Plans across a common portfolio: Regular Plan: This Plan is for investors who wish to route their investment through any distributor. Direct Plan: This Plan is only for investors who purchase /subscribe units in a scheme directly with the Fund and is not available for investors who route their investments through a Distributor. Both the Plans under the Scheme offer Growth & Income Distribution cum capital withdrawal Option. Income Distribution cum capital withdrawal option under each Plan further offers of choice of Payout of Income Distribution cum capital withdrawal Option, Reinvestment of Income Distribution cum capital withdrawal Option. Compulsory Reinvestment of Income distribution cum Capital Withdrawal: To reduce the expenses of the scheme and for the convenience of the investors/- the income distribution cum capital withdrawal shall be compulsorily reinvested (for investors of non-electronic mode) within the scheme at the applicable ex-dividend NAV if the payout amount is lower than or equal to Rs. 100/-

in the same option of the respective plans of the scheme at the ex- dividend rate.

Investor shall note that when units are sold, and sale price (NAV) is higher than face value of the unit, a portion of sale price that represents realized gains shall be credited to an Equalization Reserve Account and which can be used to pay income distribution cum capital withdrawal. Hence payout amounts can be distributed out of investors capital (Equalization Reserve), which is part of sale price that represents realized gains.

Please note that the income distribution cum capital withdrawal shall be distributed at the discretion of the Trustees subject to availability of distributable surplus.

Investors subscribing under Direct Plan of the Scheme will have to indicate "Direct Plan" against the scheme name in the application form.

Default Plan:

Investors are requested to note the following scenarios for the applicability of "Direct Plan (application not routed through distributor) or Regular Plan (application routed through distributor)" for valid applications received under the scheme.

XXII.	Specific attribute of the scheme (such as lock in, duration in case of target maturity scheme/ close ended schemes) (as applicable)	The fund, being open ended in nature, has perpetual duration.
XXIII.	Special Products / facilities available ongoing basis	Systematic Investment Plan:- The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Units will be

		<p>allotted at the applicable NAV along with applicable load (if any). "SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment."</p> <p>SIPrise facility:- SIPrise is an optional facility offered by Tata Mutual Fund (TMF) for its eligible schemes (Growth option). This facility is aimed to encourage investors to invest regularly through Systematic Investment Plans (SIP) in TMF schemes for pre-defined tenure. Post SIP period (Investors have an option to select pause period) the accumulated units will be switched from the source scheme to the target scheme. Investors also have an option to select the source scheme as the target scheme. In this case, there would not be any unit transfer through systematic transfer plan (STP). The investor would receive periodic amount through systematic withdrawal plan (SWP) till the units are available. The AMC reserves the right to modify list of eligible schemes from time to time.</p> <p>Systematic Transfer Plan:- A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer an amount from one TMF Scheme (Source Scheme) to another TMF Scheme (Target Scheme) on a date/ frequency prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. The net amount will be considered for allotment in the target scheme and units will be allotted as per the applicable NAV of the target scheme.</p> <p>Systematic Withdrawal Plan:- This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be redeemed/ subtracted from the unit balance of that unitholder. In case the date falls during a non-business day/ book closure period the immediate next Business Day will be considered for this purpose.</p> <p>SWAP facility (Switch and Withdrawal Automation Plan)</p> <p>The investor, under a designated open-ended scheme, can opt to switch their investment from the (open-ended) source scheme to the growth plan of the (open-ended) target scheme and set up a Systematic Withdrawal Plan from the target scheme at the same time. This facility allows investors to transfer investment corpus to the desired fund and withdraw the required amounts from your investments in a single process through a single form.</p> <p>For further details of above special products / facilities and Terms & Conditions, please refer "Other Scheme Specific Disclosures of this document, KIM/Application/enrollment form and SAI.</p>

Other Highlights

- A Mutual Fund - sponsored by Tata Sons Private Limited (TSPL) and Tata Investment Corporation Limited (TICL).
- The Scheme is managed by Tata Asset Management Private Limited (TAMPL).
- Earnings of the Fund are exempt from income tax under Section 10(23D) of the Income Tax Act, 1961.
- **Interpretation**
For all purposes of this Scheme Information Document (SID), except as otherwise expressly provided or unless the context otherwise requires:
 - a. The terms defined in this SID include the plural as well as the singular.
 - b. Pronouns having a masculine or feminine gender shall be deemed to include the other.
 - c. The term "Scheme" refers to Tata BSE Quality Index Fund including the options / sub-options thereunder.
 - d. The term "Custodian" refers to Standard Chartered Bank.

REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. The two conditions mentioned above shall be complied with on a calendar quarter basis, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period.

However, in case the Scheme does not have a minimum of 20 investors, on an average basis, in the stipulated period (i.e. during the concerned calendar quarter), the provisions of Regulation 39(2) (c) of the SEBI (MF) Regulations would become applicable automatically without any reference

from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The Scheme shall adhere to the requirements prescribed by SEBI from time to time in this regard.

[^] Debt / Money Market Instruments includes instruments like but not limited to Commercial Paper, Certificates of Deposit, Treasury Bills, Bills Rediscounting, Short term Corporate Bonds, Repos, Short-term Government securities and any other such short-term instruments as may be allowed under the regulations prevailing from time to time.

^{^^} The scheme may also invest in units of liquid / money market / debt mutual fund schemes of Tata Mutual Fund or in the Scheme(s) of other mutual funds in conformity with the investment objective/ asset allocation of the Scheme.

The scheme will invest in all the stocks in the same weightage that they represent in the underlying Index. A small portion of the net assets (up to 5%) will be invested in debt and money market instruments to meet the liquidity requirements of the Scheme.

The Scheme may take an exposure to equity derivatives instruments of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. The rebalancing in such cases will be done within the stipulated time as mentioned in 'change in investment pattern' para. The margin money requirement for the purposes of derivative exposure will be held in the form of Term Deposits, cash or cash equivalents or as may be allowed under the Regulations.

A part of the net assets may be invested in the triparty repo as may be permitted by RBI to meet the liquidity requirements. Securities in which investment is made for the purpose of ensuring liquidity (debt and money market instruments) are those that fall within the definition of liquid assets.

The scheme(s) will comply with the provision no. 12.24.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 which specifies that the cumulative gross exposure through equity, debt, money market instruments, mutual fund units, derivative positions, other permitted securities / assets and such other securities / assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the scheme. As per provision no. 12.25.3 of SEBI Master Circular on Mutual Fund dated June 27, 2024, cash, or cash equivalents with residual maturity of less than 91 days shall not be treated as creating any exposure.

Pending deployment of funds of the Scheme in securities in terms of the investment objective of the scheme as stated above, the funds of the Scheme may be invested in short term deposits of scheduled commercial banks in accordance with provision no. 12.16 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

The Scheme shall ensure that the underlying Index complies to the portfolio concentration norms as per provision no. 3.4 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

Change in Investment Pattern / Portfolio Rebalancing

Rebalancing due to Short Term Defensive Consideration

Being a passively managed open-ended index fund, changes in investment pattern are normally not foreseen. However, for short durations part of the corpus may remain pending for deployment, in cases of extreme market conditions, special or corporate events, etc. The Fund Manager, with the intention to protect the interests of the unit holders may change the investment pattern for short term and defensive considerations pursuant to provision no. 1.14.1.2 of SEBI Master Circular on Mutual Fund dated June 27, 2024. The same will be rebalanced within 7 Calendar Days.

Rebalancing due to Portfolio Replication

In case of change in constituents of the index due to periodic review, pursuant to provision no. 3.6.7 of SEBI Master Circular on Mutual Fund dated June 27, 2024, the portfolio of the scheme will be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Deployment of NFO Proceeds in Triparty Repo or any other instrument as may be permitted by SEBI:

In accordance with provision no. 1.10.3 of SEBI Master Circular on Mutual Fund dated June 27, 2024, the scheme may deploy NFO proceeds, before closure of NFO period, in 'The Clearing Corporation of India Ltd.'s (CCIL) TREPS'. AMCs will not charge any investment management and advisory fees on funds deployed in Triparty repo on Government Securities. The appreciation received from such investments shall be passed on to investors. Further, in case the minimum subscription amount is not garnered by the scheme's during the NFO period, the interest earned upon investment of NFO proceeds in such instruments shall be returned to investors, in proportion of their investments, along-with the refund of the subscription amount.

B. WHERE WILL THE SCHEME INVEST

In line with the investment allocation pattern of the scheme, the scheme will invest in:

- i) Equity and equity related instruments and/ or equity derivatives.
- ii) Debt and money market instruments.
- iii) Units of Domestic Mutual Funds

C. WHAT ARE THE INVESTMENT STRATEGIES ?

The Fund is a passively managed Index fund which will employ an investment approach designed to replicate / track the performance of the BSE Quality Total Return Index (TRI). The Scheme seeks to achieve this goal by investing in securities constituting the Index in same proportion as in the Index. The Scheme will invest at least 95% of its total assets in the securities comprising the Underlying Index. The Scheme may also invest in debt / money market instruments including units of Mutual Funds to meet the liquidity and expense requirements.

The fund is ideal for those investors who would like to invest in passively managed fund investing in a portfolio of companies forming part of the BSE Quality Total Return Index.

Tracking Error

Tracking error is a measure of the difference in returns from the Scheme and the returns from the index. It is computed as the standard deviation of the difference between the daily returns of the underlying benchmark and the NAV of the Scheme on an annualized basis. Tracking error could be the result of a variety of factors including but not limited to:

- Delay in the purchase or sale of stocks within the benchmark due to:
 - i. Illiquidity in the stock,
 - ii. Delay in realization of sale proceeds,
- The scheme may buy or sell the stocks comprising the index at different points of time during the trading session at the then prevailing prices which may not correspond to its closing prices.
- The potential for trades to fail, which may result in the Scheme not having acquired the stocks at a price necessary to track the benchmark price.
- The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses.
- Investment in Debt and money market instruments to meet redemption / other liquidity requirements.
- Addition or Removal of stocks from the index-by-index service provider
- Disinvestments to meet redemptions, recurring expenses, income distribution cum capital withdrawal payouts etc.
- Execution of large buy / sell orders.
- Transaction cost and recurring expenses
- Delay in realization of Unit holders' funds
- Levy of margins by exchanges

The Scheme will endeavor to minimize the tracking error by:

- Rebalancing of the portfolio.
- Setting off incremental subscriptions against redemptions.
- Use of derivatives for portfolio rebalancing and efficient portfolio management
- Fast track in expediting in deployment of Cash
- Maintaining low levels of Cash

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. The tracking error based on past one year rolling data shall not exceed 2%. However, in case of events like, dividend issuance by constituent members, rights issuance by constituent members, and market volatility during rebalancing of the portfolio following the rebalancing of the Underlying Basket, etc. or in abnormal market circumstances, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees. However, the Fund will endeavor to limit the tracking error within 2% limits. The Fund in existence for a period of less than one year, the annualized standard deviation will be calculated based on available data.

Tracking Difference

"Tracking Difference" is the difference of return between the fund and its respective benchmark. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme.

Trading in Derivatives by the Scheme

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Futures, Options, etc.

Subject to SEBI (Mutual Fund) Regulations, 1996, the Scheme may take an exposure to equity derivatives of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. Exposure to derivative instruments will be restricted to the limit as specified in the para on asset allocation pattern of the scheme.

Example: Please note that below mentioned examples are purely for illustration purposes only and actual exposure may vary to a greater extent in line with the regulatory directives.

Derivative Instruments & Related Examples:**Futures:**

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract. Currently, futures contracts have a maximum expiration cycle of 3 months. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Portfolio Rebalancing

Fund Manager may use derivatives for portfolio rebalancing of the scheme to achieve a particular desired portfolio position at a lower cost using derivatives rather than cash market transactions. Suppose the market moves upward direction for a while and fund manager wants to reduce weightage of scrips which moves one sided along with the market movement. Hence, he may decide to rebalance the portfolio by buying a stock future rather than the stock itself. He may deploy a buy-and-hold strategy by selling a stock or an index portfolio today, investing the proceeds in the money market, and having a locked-in price to buy it back at a future date.

However, a fund's position in a stock -underlying and derivatives taken together - should be within the fund's maximum permissible limit in the stock. For this purpose, stock option long calls should be counted as notional value.

Risks associated with Future Contracts:

Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks. The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. Additional risks could be on account of illiquidity and potential mispricing of the futures.

Options:

An option gives a person the right but not an obligation to buy or sell something. An option is a contract between two parties wherein the buyer receives a privilege for which he pays a fee (premium), and the seller accepts an obligation for which he receives a fee. The premium is the price negotiated and set when the option is bought or sold. A person who buys an option is said to be long in the option. A person who sells (or writes) an option is said to be short in the option.

There are two basic types of options, call option and put option.

- a. **Call option:** A call option gives the buyer of the option the right but not the obligation to buy a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.
- b. **Put option:** A put option gives the buyer of the option the right but not the obligation to sell a given quantity of the underlying asset, at a given price (strike price), on or before a given future date.

On expiry of a call option, if the market price of the underlying asset is lower than the strike price the call would expire unexercised. Likewise, if, on the expiry of the put option, the market price of the underlying asset is higher than that of the strike price the put option will expire unexercised. The buyer/holder of an option can make a loss of not more than the option premium paid to the seller/writer, but the possible gain is unlimited. On the other hand, the option seller/writer's maximum gain is limited to the option premium charged by him from the buyer/holder but can make unlimited loss.

Risks associated with Option Contracts:

The option contracts give a person the right but not an obligation to buy or sell. The risk is potential mispricing and exposure to options can limit the profits from a genuine investment transaction.

Definition of Exposure in case of Derivative Positions

Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price*Lot Size*Number of Contracts
Short Future	Futures Price*Lot Size* Number of Contracts
Option Bought	Option Premium Paid*Lot Size* Number of Contracts.

In Addition to the above, SEBI has also prescribed following derivative position limits:

Position Limits for Mutual Fund and its scheme:

Position limit for Index Options and Index Futures contracts	
Index Options Contract*	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index options contracts, whichever is higher.
Index Futures Contract**	On a particular underlying index Rs.500 Crore or 15% of the total open interest of the market in equity Index futures contracts, whichever is higher.

* This limit would be applicable on open positions in all options contracts on a particular underlying index.

** This limit would be applicable on open positions in all futures contracts on a particular underlying index.

Additional position limit for hedging	
In addition to the position limits as mentioned above, Mutual Funds may take exposure in equity index derivatives subject to the following limits:	Short positions in index derivatives (short futures, short calls, and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
	Long positions in index derivatives (long futures, long calls, and short puts) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills, and similar instruments.
Position limit for Stock Options and Stock Futures contracts	
The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL). This limit would be applicable on aggregate open positions in all futures and all option contracts on a particular underlying stock.	

Position limit for each scheme of a Mutual Fund

The scheme-wise position limit requirements shall be:

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a mutual fund shall not exceed the higher of:
 - 1% of the free float market capitalization (in terms of number of shares). Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts)
2. This position limits shall be applicable to the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
3. For index-based contracts, Mutual Funds shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

For detailed risk associated with use of derivatives, please refer paragraph "Scheme Specific risk factors."

For detailed derivative strategies, kindly refer SAI.

Portfolio Turnover Policy:

"Portfolio Turnover" is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Fund's portfolio during the given period. Being index fund, the fund Manager will follow a passive strategy while investing. The portfolio turnover is expected to be in line with the volume of subscription and redemption in the scheme.

Pursuant to schedule IX read with Regulation 50 of the SEBI (Mutual Funds) Regulations 1996, the cost of investments acquired or purchased shall include brokerage, stamp, charges and any other charge customarily included in the brokers bought note while the sale proceeds of investments sold or redeemed shall be net of brokerage, stamp charges and any other charges customarily included in the brokers sale note. Therefore, brokerage, stamp charges and any other charge customarily included in brokers note shall form part of the purchase or sale value of investment, including value of the portfolio securities owned by the scheme(s), and the resultant annual portfolio turnover rate.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Scheme Benchmark:

BSE Quality Total Return Index (TRI)

Benchmark Selection Rationale:

The index mentioned as benchmark above, is ideal benchmark for this scheme, since the investment objective of the scheme is to replicate /track the performance of the index.

The performance of the scheme shall be benchmarked to the Total Return (TRI) variant of the benchmark.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

Net Asset Value ("NAV") of the Units shall be determined as of the close of each Business Day.

NAV shall be calculated in accordance with the following formula:

$$\text{NAV} = \frac{\text{Market Value of Scheme's Investments} + \text{Accrued Income} + \text{Receivables} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{Number of Units Outstanding}}$$

The computation of Net Asset Value, valuation of Assets, computation of applicable Net Asset Value (related price) for ongoing Sale, Redemption, Switch and their frequency of disclosure shall be based upon a formula in accordance with the Regulations and as amended from time to time including by way of Circulars, Press Releases, or Notifications issued by SEBI or the Government of India to regulate the activities and growth of Mutual Funds. The NAVs of the fund shall be rounded off up to four decimals.

The valuation of investments including ETCD's shall be based on the principles of fair valuation specified in Schedule VIII of the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued by SEBI /AMFI from time to time. Investment Policy & Valuation policy for participation in ETCDs are in place. * Please refer Para V. of SAI on 'Investment valuation norms for securities & other assets' for details.

Each option of the Regular Plan & Direct Plan will have a separate NAV.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit
 Entry Load: NIL
 Exit Load 1%
 Sale Price = NAV + (Entry Load(%) * NAV)
 Sale Price = 11 + (0% * 11)
 Sale Price = 11 + 0
 Sale Price = Rs. 11/-
 Repurchase Price = NAV – (exit load (%) * NAV)
 Repurchase Price = 11 – (1%*11)
 Repurchase Price = 11 – 0.11
 Repurchase Price = Rs.10.89

Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationery, bank charges etc.

In accordance with the provision of SEBI, the NFO expenses shall be borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

Slab wise break up depending on the assets under management:

As per provision no. 52.6.b of SEBI (Mutual Funds) Regulations, 1996 in case of an index fund scheme the total expense ratio of the scheme including the investment and advisory fees shall not exceed 1.00% of the daily net assets. The AMC has estimated that upto 1.00 % (excluding additional permissible limits as per Regulation 52(6A)(b) & 52(6A)(c)) of the daily average net assets of the scheme will be charged to the scheme as expenses.

For the actual current expenses being charged, the investor should refer to functional Weblink: <https://www.tatamutualfund.com/expense-ratio/total-expense-ratio>.

Additional expenses for gross new inflows from specified cities under Regulations 52(6A)(b)	Upto 0.30%^
Additional expenses under Regulations 52(6A)(c)	Upto 0.05%

** Any other expenses which are directly attributable to the Scheme, may be charged with the approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

* Excluding Goods & Services Tax on investment and advisory fees

^ Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are at least:

- (i) 30 per cent of gross new inflows in the scheme, or.
- (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis:

Provided further that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities:

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Additional TER can be charged based on inflows only from retail investors (i. e other than corporates and institutions) from B 30 cities as per provision no. 10.1.3 of SEBI Master Circular on Mutual Fund dated June 27, 2024. Retail Investor means transaction from individual investors where inflow is upto Rs. 2,00,000/- per transaction.

Note: Expenses of Direct Plan will be lower than expenses of the Regular Plan as no commission/distribution expenses will be charged in the case of Direct Plan. All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. NAV of the Direct Plan will be different than the NAV of Regular Plan.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily paid from the scheme only within the regulatory limits and not from the books of AMC, its associate, sponsor, trustees or any other entity through any route in terms of SEBI circulars, subject to the clarifications provided by SEBI to AMFI vide letter dated February 21, 2019 on implementation of provision no 5.9, 14.3.3.4 b.ii 10.1.12, of SEBI Master Circular on Mutual Fund dated June 27, 2024 on Total Expense Ratio (TER) and performance disclosure for Mutual Fund.

With reference to SEBI's letter no. SEBI/HO/ IMD/ IMD-SEC-3/ P/ OW/ 2023/ 5823/ 1 dated February 24, 2023, and AMFI Circular No. CIR/ ARN-23/ 2022-23 March 07, 2023, the B-30 incentive structure for new inflows has been kept in abeyance with effect from March 01, 2023 till the incentive structure is appropriately re-instated by SEBI with necessary safeguards.

In the case of a scheme invest invests a minimum of sixty-five percent of its net assets in equity and equity related instruments, the scheme will be considered as equity-oriented scheme for the purpose of total expense ratio.

Notes:

- 1) Brokerage & transaction costs which are incurred for the purpose of execution of trade may be capitalised to the extent of 12bps and 5bps for cash market transactions and derivatives transactions respectively. GST on brokerage and transaction cost paid for execution of trades shall be within the limit prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996. Any payment towards brokerage and transaction cost, over and above the said 12 bps and 5bps for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
- 2) AMC shall annually set apart atleast 1 basis point on daily net assets for investor's education and awareness initiatives.
- 3) The fund shall update the current expense ratios on the website (www.tatamutualfund.com) at least three working days prior to the effective date of the change. The exact functional weblink for TER is <https://www.tatamutualfund.com/expense-ratio/total-expense-ratio>.
- 4) **Illustration of impact of expense ratio on scheme return. Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme.**

D. LOAD STRUCTURE

A load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. provision no. 10.4.1.a of SEBI Master Circular on Mutual Fund dated June 27, 2024 there shall be no entry load for all Mutual Fund schemes. Goods & Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods & Services tax, if any, shall be credited to the scheme.

The Load Structure of the Scheme is given hereunder:

Type of Load	Load chargeable (as %age of NAV)
Entry Load	Not Applicable (Pursuant to provision no. 10.4.1.a of SEBI Master Circular on Mutual Fund dated June 27, 2024, no entry load will be charged by the Scheme to the investor)
Exit	0.25% of the applicable NAV, if redeemed on or before 15 days from the date of allotment. Goods & Service Tax on exit load, if any, will be paid out of the exit load proceeds and exit load net of Goods & Service Tax, if any, will be credited to the scheme.

Units issued on reinvestment of income Distribution shall not be subject to exit load.

For applicability of load structure and NAV, switch-in will be considered as subscription and switch-out will be considered as redemption.

The AMC reserves the right to change/modify exit load, depending upon the circumstances prevailing at any given time. However, any change in the load structure will be applicable to prospective investment only. At the time of changing the load structure, the AMC will adopt the following measures:

- The addendum detailing the changes may be attached to Scheme Information Documents and Key Information Memorandum. The addendum may be circulated to all the distributors/brokers so that same can be attached to all Scheme Information Documents and Key information memoranda already in stock.
- The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure arrangement may be made to display the addendum in the Scheme Information Document in the form of a notice in all the investor service centers and distributor/ brokers' office.
- The introduction of the exit load along with the details may be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- A public notice shall be given in respect of such change in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head office of Mutual Fund is situated.

I. INTRODUCTION

A. DEFINITIONS / INTERPRETATION

Functional weblink that contains detailed description: Kindly visit <https://www.tatamutualfund.com/statutory-disclosures/other-statutory-disclosures>.

B. RISK FACTORS

Standard Risk Factors:

- Mutual Fund investments are subject to market risks, read all scheme-related documents carefully.
- Investment in Mutual Fund Scheme Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuates, the value of units of the scheme may go up or down.
- Mutual Funds and securities investments are subject to market risks and there can be no assurance and no guarantee that the Scheme will achieve its objective.
- As with any investment in stocks, shares and securities, the NAV of the Units under this Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the previous Schemes, the Sponsors or its Group / Affiliates / AMC / Mutual Fund is not indicative of and does not guarantee the future performance of the Scheme.
- Investment in equity and equity related securities, including option contracts involve a high degree of risks and investors should not invest in the schemes unless they can afford to take the risk of losing their investment.
- The sponsors are not responsible or liable for any loss resulting from the operations of the scheme beyond the initial contribution of Rs. 1 lakh made by them towards setting up of the mutual fund.
- Tata BSE Quality Index Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme, or its future prospects or the returns. Investors therefore are urged to study the terms of the scheme carefully and consult their Tax and Investment Advisor before investing in the Scheme.
- The scheme is not guaranteed or assured return scheme.

Scheme Specific Risk Factors:

Risk associated with investing in companies forming part of BSE Quality Index:

The specific risk factors related to the Scheme include, but are not limited to the following:

The Scheme, being a passively managed will invest atleast 95% of its net assets in Equity and Equity related instruments comprising of the Underlying Index. The Index is designed to reflect the behavior and performance of the companies that forms part of basic Industries – Stock broking & Allied, Mutual Fund Scheme, Asset Management Company, Financial Products Distributor, Exchange and Data Platform, Depositories, Clearing Houses and Other Intermediaries, Ratings, Other Capital Market Related Services & any other basic industries as specified from time to time. Given that the Scheme seeks to invest in equity / equity related instruments of the Companies belonging to this sector / theme / industry and hence the concentration is likely to be high in companies belonging to the that sector / theme / industry. Owing to the high concentration risk for sectorial / thematic schemes, the risk of capital loss is highest.

There is an element of unpredictable market cycles that could run for extended periods. Loss of value due to obsolescence, or regulatory changes coupled with structural rigidity of the scheme can lead to permanent loss of capital.

Further, the volatility and / or adverse performance of the said industry and/or of the scrips belonging to this industry would have a material adverse bearing on the performance of the Scheme.

The weightage of each stock is capped at the time of rebalancing of index, which may help in limiting concentration risk.

In addition, the scheme may be subject to following sector / theme / industry specific risks including but not limited to:

1. The performance of the sector / theme has a direct correlation to the performance of the economy. The sector / theme is vulnerable to adverse impacts on domestic as well as the global economy. Events such as recession, war, monsoon, political upturn, etc. may adversely affect the sector / theme.
2. Changes in Government / Reserve Bank of India policy / Regulation / Reforms etc. affecting capital market sector / theme may have a significant bearing on performance of the sector / theme.
3. Macroeconomic factors like changes in interest rate, inflation rate, etc. can have direct impact on the performance of these stocks.

4. The volatility and / or performance of the said sector / theme and / or of the companies belonging to this sector / theme may have a material adverse bearing on the performance of the Scheme.

Tracking Error & Tracking Difference Risk:

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the scheme, corporate actions, cash balance, changes to the underlying index, non-availability of issuances, regulatory policies and any such reasons that may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Difference" is the difference of return between the fund and its respective benchmark. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error / Tracking difference may arise including but not limited to the following reasons: -

- i. Expenditure incurred by the fund.
- ii. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be always invested as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
- iii. Securities trading may halt temporarily due to circuit filters.
- iv. Corporate actions such as debenture or warrant conversion, merger, change in constituents, etc.
- v. Disinvestments to meet redemptions, recurring expenses, etc.
- vi. Deviation in portfolio replication
- vii. Execution of large buy / sell orders.
- viii. Transaction cost (including taxes and insurance premium) and recurring expenses.
- ix. Realization of Unit holders' funds

The tracking error i.e., the annualized standard deviation of the difference in daily returns between the underlying index or goods and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMCs, the tracking error may exceed 2% and the same shall be brought to the notice of Trustees. However, the Fund will endeavor to limit the tracking error within 2% limits. The Fund existence for a period of less than one year, the annualized standard deviation shall be calculated based on available data.

Risks associated with investments in Equity Instruments:**Investment Risks**

Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can afford to take the risk of losing their investment.

The price of securities may go up or down depending on a variety of factors and hence investors may note that AMC/Fund Manager's investment decisions may not be always profitable. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilizing debt and money market instruments as a defensive investment strategy. The price of securities may be affected by factors affecting capital market such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in Government and Reserve Bank of India policy, taxation, political, economic, or other developments, closure of the Stock Exchanges etc. Investors should understand that the investment pattern indicated, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there is no assurance that the Fund's investment objective will be attained or that the Fund may not be able to maintain the indicated percentage of investment pattern under exceptional circumstances. There is no guarantee the investment / dis-investment decision will result in profit.

Market Risk

The Scheme's NAV will react to the stock market movements. The Investor could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

Settlement Risk

In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Schemes portfolio may result, at times, in potential losses to the Schemes, and there can be a subsequent decline in the value of the securities held in the respective Scheme's portfolio.

Risks associated with Debt / Money Markets Instruments:**Interest Rate Risk**

As with money instruments, changes in interest rate may affect the price of the money market instrument(s) and the Scheme's net asset value. The prices of instruments increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities fluctuate more in response to such interest rate changes than short-term securities. Indian debt and government securities markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to movements in the NAV.

Credit Risk

Credit risk or Default risk refers to the risk that an issuer of a fixed income security may default (i.e., the issuer will be unable to make timely principal and interest payments on the security). Because of this risk corporate debentures are sold at a higher yield above those offered on Government

Securities, which are sovereign obligations and free of credit risk. Normally, the value of fixed income securities will fluctuate depending upon the changes in the perceived level of credit risk as well as any actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk.

Reinvestment Risk

This risk refers to the difference in the interest rate levels at which cash flows received from the securities in the scheme is reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows are reinvested may be lower than that originally assumed.

Liquidity risk:

This represents the possibility that the dispatch price from selling the security might be lesser than the valuation price because of illiquid market. If a large outflow from the Scheme is funded by selling some of the illiquid securities, the NAV could fall even if there is no change in interest rates.

Risks associated with Derivatives:

Derivative products are leverage instruments and can provide disproportionate gains as well as disproportionate losses to the investors. Execution of such strategies depends upon the ability of the Fund Manager to identify such opportunities. Identification and execution of the strategies to be pursued by the Fund Manager involved uncertainty and decision of Fund Manager may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. Derivatives require the maintenance of adequate controls to monitor the transactions entered, the ability to assess the risk that a derivative add to the portfolio and the ability to forecast price of securities being hedged and interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio because of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates, and indices.

The risks associated with the use of derivatives are different from or greater than, the risks associated with investing directly in securities and other traditional investments."

Risks associated with Segregated Portfolio:

Investors holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. Security comprising of segregated portfolio may not realize any value. Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further the trading price of units on the stock market may be significantly lower than the prevailing NAV.

Risks associated with investing in Securities Segment and Tri-party Repo trade settlement:

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL thus reducing the settlement and counterparty risks for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, if the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.

Securities Lending by the Mutual Fund

The Scheme may participate in securities lending and borrowing scheme in accordance with Securities Lending Scheme, 1997, Regulation 44 (4) of SEBI (Mutual Funds) Regulations ,1996, provision no. 12.11 of SEBI Master circular on Mutual Fund dated June 27, 2024, framework for short selling and borrowing and lending of securities, provision no. 12.11.2.1.a of SEBI Master circular on Mutual Fund dated June 27, 2024. The Scheme shall also follow other relevant regulations /guidelines issued by stock exchange(s) from time to time. The Scheme shall participate in Securities Borrowing and Lending only with the SEBI approved intermediaries.

Securities Lending means the lending of securities to SEBI approved intermediaries for a tenure of 1 to 12 months at a negotiated compensation to enhance returns of the scheme portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The AMC will adhere to the following strict internal limits should it engage in Securities Lending.

Not more than 20% of the net assets of the Scheme can be deployed in stock lending . Collateral would always be obtained by the approved intermediary. Collateral value would always be more than the value of the security lent. Collateral can be in the form of cash, bank guarantee, and government securities, as may be agreed upon with the approved intermediary, and would also be subject to a mark to market valuation daily.

Example:

A scheme has a security of a company which it would wish to hold for a prolonged period as a core holding in the portfolio as per the fund manager's plan. In that case the investors would be benefited only to the extent of the rise in the value of the security, from time to time if any, on the exchange. If the scheme is enabled to lend the said security to a borrower who would be wanting to take advantage of the market fluctuations in its price, the borrower would return the security to the lender (fund) at a stipulated time or on demand for a negotiated compensation. The scheme's unitholders

can enhance their returns to the extent of the compensation it will earn for lending the same. An adequate security or collateral will have to be maintained by the intermediary. This should always be higher than the cost of the security. Thus it is in the interest of the investors that returns can be enhanced by way of stock lending rather than hold the security only for capital appreciation potential.

Thus the scenario under which the scheme would participate in stock lending would be:

1. There is a holding of security, e.g., of XYZ Ltd in the scheme which the fund manager wants to be the core holding of the fund for approximately 6 to 12 months.
2. There is a borrower (not mutual fund) for the security, (who has taken a short position in the market and needs the said security of XYZ Ltd to settle it) who is willing to put up a proper collateral for the same. (In all cases higher than the price of the script).
3. The borrower is represented by a proper recognized intermediary.
4. The agreement is to return the security or the amount so negotiated at a particular period or on demand.

Then the security will be lent by the scheme and the unitholders would benefit from the additional compensation earned for lending, apart from the capital appreciation which also happens in that stock. Thus, to summarize, stock lending would be done by the scheme only in the following circumstances:

- a) If permitted by trustees and the extent SEBI regulations in that regard, from time to time.
- b) If such activity generates additional returns for the scheme and helps to enhance the scheme returns.
- c) If considering the above and other factors all considered in totality, such activity is in the interest of unitholders in the scheme.

Securities Lending Risks

It may be noted that this activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends, rendering the value of collateral inadequate until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This, along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there will also be temporary illiquidity of the securities that are lent out and the Scheme(s) will not be able to sell such lent out securities until they are returned.

Risks associated with Investment in units of mutual fund:

Investment in Mutual Fund Units involves investment risks, including but not limited to risks such as liquidity risk, volatility risk, default risk including the possible loss of principal.

Liquidity risk – The liquidity of the scheme's investments is inherently restricted by trading volumes and settlement periods. In the event of an inordinately substantial number of redemption requests, or of a restructuring of the scheme's investment portfolio, these periods may become significant. In view of the same, the right to limit redemptions will be in accordance with provision no. 1.12 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

Volatility risks: There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will try to manage volatility risk through diversification across companies and sectors.

Default risk – Credit risk is risk resulting from uncertainty in counterparty's ability or willingness to meet its contractual obligations. This risk pertains to the risk of default on payment of principal and interest. Government Securities have zero credit risk while other debt instruments are rated according to the issuer's ability to meet the obligations.

Risk associated with potential change in Tax structure:

This summary of tax implications given in the taxation section is based on the current provisions of the applicable tax laws. This information is provided for general purposes only. The current taxation laws may change due to changes in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc., thus adversely impacting the scheme and its returns.

Investors are advised to consult their own tax advisors with respect to the specific tax and other implications arising out of their participation in the scheme prior to making any transaction.

Risks Factors associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and / or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

Right to Limit Redemptions:

The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. The same shall be in accordance with provision no. 1.12 of SEBI Master Circular on Mutual Fund dated June 27, 2024 (Restriction on redemption in Mutual Funds).

C. RISK MITIGATION STRATEGIES

Risk mitigation measures for portfolio volatility and portfolio concentration:

Tata BSE Quality Index Fund is an index fund where there will be concentration of securities which are part of BSE Quality Total Return Index. The scheme is subject to the risks associated with such securities forming part of this index. Index Fund being a passive investment and portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus, there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, considering the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme.

Risk Control / Mitigation measures for investment in Derivative Instruments:

The Scheme may take an exposure to equity derivatives of constituents or index derivatives of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted. All derivatives trade will be done only on the exchange with guaranteed settlement. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID.

Risk Control / Mitigation measures for Equity & Equity related instruments:

Nature of Risk	Mitigation Measures
Market Risk & Volatility	Market risk is a risk inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.
Concentration / Sectorial / Thematic Risk	Index Fund being a passive and portfolio follows the index and therefore the level of stock concentration in the portfolio and its volatility would be the same as that of the index, subject to tracking error. Thus there is no additional element of volatility or stock concentration on account of fund manager decisions. The Risk Mitigation strategy revolves around minimizing the Tracking error to the least possible through regular rebalancing of the portfolio, considering the change in weights of stocks in the Underlying Index as well as the incremental collections into / redemptions from the Scheme.
Liquidity Risks	The Scheme being passively managed fund will invest substantially in in the constitutes of underlying index in the same proportion. As such the liquidity of stocks that the scheme invests in could be relatively low. The scheme will endeavor to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.

Risk Control / Mitigation measures for Debt and related Investments portion / allocation:

Nature of Risk	Mitigation Measures
Credit Risk	In house dedicated team for credit appraisal. Focus on good quality paper at the time of portfolio construction. Management analysis will be used to identify company specific risks. Management's past track record will also be studied. To assess financial risk a detailed assessment of the issuer's financial statements will be undertaken.
Price-Risk or Interest-Rate Risk	Close watch on the market events. Active duration management, focus will be on investing in lower duration debt instruments. The Scheme may invest the debt portion of the portfolio in money market instruments, units of money market / liquid schemes thereby mitigating the price volatility due to interest rate changes associated with long-term securities.
Risk of Rating Migration	The Scheme may invest the debt portion of the portfolio in short-term money market instruments, units of money market / liquid schemes thereby mitigating the risk of rating migration associated with long-term securities
Spread Risk	The Scheme may invest the debt portion of the portfolio in short-term money market instruments, units of money market / liquid schemes thereby mitigating the risk of spread expansion which is associated with long-term securities
Reinvestment Risk	The debt allocation of the scheme is primarily a cash management strategy, and such strategy returns are expected to reflect the very short-term interest rate hence investment is done in short term debt and money market instruments. Reinvestment risks will be limited to the extent of debt instruments, which will be a small portion of the overall portfolio value.
Liquidity Risk	The Scheme may invest in government securities, corporate bonds, and money market instruments. While the liquidity risk for government securities, money market instruments and short maturity corporate bonds may be low, it may be high in the case of medium to long maturity corporate bonds. The Scheme may, however, endeavor to minimize liquidity risk by investing the debt portion of the portfolio in relatively liquid short-term money market instruments, units of money market / liquid schemes.

While these measures are expected to largely mitigate the above risks, there can be no assurance that these risks will be completely eliminated.

The measures mentioned above are based on current market conditions and may change from time to time based on changes in such conditions, regulatory changes, and other relevant factors. Accordingly, our investment strategy, risk mitigation measures and other information contained herein may change in response to the same.

II. INFORMATION ABOUT THE SCHEME

A. Where will the scheme invest ?

Equity & Equity Related Instruments:

The Scheme would invest in stocks comprised in BSE Quality Total Return Index (TRI) in the same proportion (weightage) as in the Index.

The Scheme may take an exposure to equity derivatives instruments of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, etc. The Scheme will comply with all the applicable circulars issued by SEBI as regard to derivatives viz. provision no. 12.25 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

Debt & Money Market Instruments:

Debt / Money Market Instruments includes instruments like but not limited to:

1. Commercial Paper,
2. Certificate of Deposit,

Overview of Debt Market:

The major players in the Indian Debt Markets are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risks and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in the corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators to increase the liquidity and transparency such as introduction of repo in corporate bonds, Credit Default Swaps, compulsory reporting of secondary market OTC transactions on exchange platforms to name a few. Moreover, the recent successful introduction of Interest Rate Future on the benchmark 10-year Government Bond will also be likely to increase the depth in the debt market.

The market participants in the corporate debt and gilt markets are banks, financial institutions, mutual funds, corporates, insurance companies, FPIs, primary dealers and provident funds. The main debt instruments in the market are those issued by Corporates and State/Central Governments. Corporate papers carry credit risk while government securities are believed to carry no credit risk. The main risks with investments in debt securities are interest rate risk, credit risk and liquidity risk. Interest rate risk associated with debt instruments depends on the macroeconomic environment. It includes both market price changes due to changes in yields as well as coupon reinvestment rate risk. Corporate papers carry higher liquidity risk as compared to gilts due to the depth of the gilt market.

Money Market:

Money market encompasses a wide range of instruments with maturities ranging from one day to a year, issued by Government, Banks and corporates etc. and traded in markets of varying liquidity. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. However, such risks are lower in the case of money market instruments compare to other debt instruments. Further, within the gamut of money market instruments as available in the market, such risks are very low in the case of instruments issued by government. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk return profile. The data given in the table is based on market conditions around the date of the Offer document and can at best be considered indicative:

B. What are the investment restrictions ? (as per seventh schedule of SEBI {Mutual Fund} Regulations 1996)

In terms of provision no 12.22 of SEBI Master Circular on Mutual Funds dated June 27, 2024, all investment restrictions as contained in the SEBI (Mutual Funds) Regulations, 1996 shall be applicable at the time of making investment.

1. A mutual fund scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA; or
- 8% of its NAV in debt and money market securities rated AA; or
- 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustees and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in government securities, treasury bills and triparty repo on Government securities or treasury bills:

Provided further that investment within such limit can be made in mortgaged-backed securitized debt, which is rated not below investment grade by a credit rating agency registered with the Board.

Note:

- i. The long-term rating of issuers shall be considered for the money market instruments. However, if there is no long-term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long-term ratings, the most conservative long-term rating shall be taken for a given short-term rating.
- ii. Exposure to government money market instruments such as TREPS on G-Sec/ T-bills shall be treated as exposure to government securities.

However, considering the asset allocation pattern of this scheme, the investment in Debt / Money Market instruments shall be limited upto 5% of NAV.

1A A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments:

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the SEBI from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI:

Note:

- a) Provision no. 12.1 of SEBI Master Circular on Mutual Fund dated June 27, 2024 w.r.t. investment in unlisted debt & money market instruments.
- b) Mutual fund scheme may invest in unlisted non-convertible debentures (NCDs) that have a simple structure (i.e., with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

- c) SEBI has allowed the existing unlisted NCDs to be grandfathered till maturity, such NCDs are herein referred to as "identified NCDs. Accordingly, mutual funds schemes can transact in such identified NCDs, and the criteria specified in point (b) above shall not be applicable for such identified NCDs, Subject to compliance with investment due diligence and all other applicable.
- d) Maximum investment in unlisted NCDs will be 10 % of the debt portfolio of the scheme.

The existing unlisted NCDs are to be grandfathered till maturity, however SEBI clarified that the grandfathering of the identified NCDs is applicable across the mutual fund industry. Accordingly, mutual funds can transact in such identified NCDs. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.

- 2. No mutual fund under all its schemes should own more than ten per cent of any company's paid-up capital carrying voting rights.

Provided, investment in the asset management company or the trustee company of a mutual fund shall be governed by clause (a), of sub-regulation (1), of regulation 7B.

- 3. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:-

- (a) such transfers are done at the prevailing market price[^] for quoted instruments on a spot basis.
Explanation- "spot basis" shall have same meaning as specified by stock exchange for spot transactions.
- (b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

[^]Note: Provision no. 9.11 and 12.30 of SEBI Master Circular on Mutual Fund dated June 27, 2024

- 4. A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

- 5. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- 6. Every mutual fund shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
- 7. Pending deployment of funds of a scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short term deposits of schedule commercial banks, subject to provision no. 12.16 of SEBI Master Circular on Mutual Fund dated June 27, 2024.

Note:

- a. "Short Term" for parking of funds shall be treated as a period not exceeding 91 days.
- b. Short Term deposits shall be held in the name of the Scheme.
- c. Total investment of the Scheme in short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the Board of Trustees.
- d. Investments in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- e. The Scheme shall not invest more than 10% of the net assets in short term deposit(s) of any one scheduled commercial bank including its subsidiaries.
- f. The Scheme shall not invest in short term deposit of a bank which has invested in the Scheme. Trustees/ AMC shall also take steps to ensure that a bank in which the Scheme has short term deposit does not invest in the Scheme until the Scheme has short term deposit with such bank.
- g. No investment management and advisory fees will be charged for such investments in the Scheme.
- h. The aforesaid limits shall not be applicable to term deposits placed as margins for trading in the cash market.
- i. However, the period for 'pending deployment' as stated above for the Scheme shall not exceed 7 days.

- 8. No mutual fund [scheme] shall make any investment in,—

- a. any unlisted security of an associate or group company of the sponsor; or
- b. any security issued by way of private placement by an associate or group company of the sponsor; or
- c. the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets.

Provided that for the private equity fund or a pooled investment vehicle or a pooled investment fund acting as sponsor of mutual funds, the associate or group company shall also include,-

- a. associate or group company of the manager of any pooled investment vehicle; or

- b. investee companies in which the shareholding of ten percent or more is held by the schemes or funds managed by manager of the pooled investment vehicle; or
 - c. any investee company in which the pooled investment vehicle holds more than ten percent shareholding or where the directors of the pooled investment vehicle or corporate sponsor has representation on the board or right to nominate representatives on the SEBI.
9. No scheme of a mutual fund shall make any investment in any fund of funds scheme.
10. No mutual fund scheme shall invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company.

Provided that the limit of 10 per cent shall not be applicable for investments in the case of index fund or exchange traded fund or sector or industry specific scheme.

11. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
12. Save as otherwise expressly provided under SEBI (MF) Regulations, the Mutual Fund shall not advance any loans for any purpose.
13. The mutual fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase, redemption of units or payment of interest or IDCW to the unitholders.

Provided that the mutual fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

These investment limitations / parameters (as expressed / linked to the net asset / net asset value / capital) shall in the ordinary course apply as at the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciations or depreciations in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital or of any scheme of arrangement or for amalgamation, reconstruction or exchange, or at any repayment or redemption or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, TAMPL shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the Unitholders.

In addition, certain investment parameters (like limits on exposure to Industries, Companies, etc.) may be adopted internally by TAMPL, and amended from time to time, to ensure appropriate diversification / security for the Fund. The Trustee Company / TAMPL may alter these above stated limitations from time to time, and to the extent the SEBI (Mutual Funds) Regulations, 1996 change, to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its investment objective. As such all investments of the Scheme will be made in accordance with SEBI (Mutual Funds) Regulations, 1996, including Schedule VII thereof.

C. Fundamental Attributes

Following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

- i. SEBI has reviewed and provided its comments on the proposal.
- ii. A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- iii. The Unitholders are given an option for a period of at least 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. Index methodology (for index funds, ETFs and FOFs having one underlying domestic ETF)

Source: BSE

a) About the index

- The index measures the performance of the 30 highest quality companies in the BSE LargeMidCap, based on their quality scores (see *Appendix D*). Constituents are weighted by the product of their quality score and float-adjusted market capitalization.
- The launch date of Index is December 03, 2015 (<https://www.asiaindex.co.in>)
- The index is in existence & can be viewed on <https://www.asiaindex.co.in>

b) Eligible universe: The universe of the BSE Factor Indices is drawn from the constituents of the BSE LargeMidCap, a size sub-index of the BSE AllCap

c) Constituent Selection (<https://www.asiaindex.co.in>)

Companies satisfying the eligibility criteria are ranked based on their quality scores (see Appendix D of the index document).

If the underlying earnings per share ("EPS") or book value per share ("BVPS") for a given stock's return on equity ("ROE") is negative, a quality score is calculated but the stock is ineligible for index inclusion.

The top 24 companies (whether a current constituent or not) are selected for index inclusion. Existing constituents ranked 25-36 are selected in order of highest rank until the target constituent count of 30 is reached. If, after this step, the target constituent count is not achieved, then non-constituents are selected in order of highest rank until the target constituent count is reached.

d) Constituent Weightings:

The index employs a non-market capitalization weighting scheme, using the divisor methodology used in Asia Index Pvt. Ltd. equity indices. Each company is weighted by the product of its float-adjusted market capitalization weight in the eligible index universe and quality score, subject to security and sector constraints. This is done using an optimization procedure that chooses final weights in such a way as to minimize the sum of the squared differences of capped weight and uncapped weight, divided by uncapped weight for each stock, subject to the following constraints: the maximum weight of each security is the lower of 5% and 20 times its float-adjusted market capitalization weight in the eligible index universe, the maximum weight of any given common India Industry Classification Structure macro-economic indicator is 30%. Each stock's weight is floored at 0.05%. Note that the capping algorithm redistributes the excess weight to the other stocks in proportion to their quality weights, such that the tracking error is minimized.

Where the optimization procedure fails for a given period, the constraints are then relaxed in the following order: the maximum weight of the security and then the maximum weight of the macro-economic indicator.

Weight caps are applied at each semi-annual rebalancing.

Index constituents that are classified as part of the Diversified sector are treated as if they are part of the Industrials sector for index purposes.

For more information on weighting schemes, please refer to the Non-Market Capitalization Weighted Indices section of AIPL Index Mathematics Methodology

e) Regulatory Review:

In addition to the index construction and constituent weighting rules employed by each index, the indices are checked for consistency with the four Securities and Exchange Board of India ("SEBI") norms on a quarterly basis. If the norms are found not to have been adhered to during the period under review, the index committee, at its discretion and on a case-by-case basis, will take appropriate measures to ensure compliance with the SEBI norms. Any changes resulting from the regulatory review will take effect at market open on the Monday following the third Friday of March, June, September, and December, respectively.

f) Ongoing Maintenance

The indices are also reviewed on an ongoing basis to account for events such as mergers, takeovers, delistings, group changes, suspensions, surveillance objections, graded surveillance measure objections, spin-offs/demergers or bankruptcies. Changes to index composition and related weight adjustments are made as soon as they are effective. These changes are typically announced one to five business days prior to implementation date.

g) Additions

No companies are added to an index between semi-annual rebalancings. As such, the number of stocks in each index may fall below the targeted constituent count of 30 due to any deletions made between the semi-annual rebalancings

h) Deletions

A company can be deleted from an index between semi-annual rebalancings due to events such as mergers, takeovers, delistings, group changes, suspensions, surveillance objections, graded surveillance measure objections, spin-offs/demergers or bankruptcies. In addition, index constituents removed from an index's underlying universe are also deleted from the index on the same effective date.

- Whenever possible, changes in the index's components are announced at least one to five business days prior to the implementation date.
- Whenever practicable, Asia Index Private Limited Indices uses the closing price for all deletions.

i) Graded Surveillance Measure (GSM)

On a monthly basis, companies added to the GSM list are dropped from the indices. The effective date of the drop begins at market open on the Tuesday following the first Monday of each month. The reference date for the GSM list data is the third Friday of the previous month.

Any company dropped due to inclusion on the GSM list must remain off the list for six consecutive months prior to the rebalancing reference date to be reconsidered for index inclusion.

j) Index Rebalancing

The indices are rebalanced semi-annually, effective as of market open on the Monday following the third Friday of March and September, respectively. The fundamental data reference date for the BSE Enhanced Value Index and BSE Quality Index is five weeks prior to the rebalancing date. The rebalancing reference dates for the index universe and other data points are after the close of market on the third Friday of February and August, respectively.

Index shares are assigned based on prices after the close of market on the Wednesday prior to the second Friday of the rebalancing month, the actual weight of each stock at the rebalancing differs from these weights due to market movements.

k) Index Governance

The Asia Index Pvt. Ltd.'s Index Committee oversees these indices. The Index Committee meets regularly. At each meeting, the Index Committee reviews pending corporate actions that may affect index constituents, statistics comparing the composition of the indices to the market, companies that are being considered as candidates for addition to an index, and any significant market events. In addition, the Index Committee may revise index policy covering rules for selecting companies, treatment of dividends, share counts or other matters.

Asia Index Private Limited considers information about changes to its indices and related matters to be potentially market moving and material. Therefore, all Index Committee discussions are confidential.

Asia Index Pvt. Ltd.'s Index Committees reserve the right to make exceptions when applying the methodology if the need arises. In any scenario where the treatment differs from the general rules stated in this document or supplemental documents, clients will receive sufficient notice, whenever possible.

In addition to the daily governance of indices and maintenance of index methodologies, at least once within any 12-month period, the Index Committee reviews the methodology to ensure the indices continue to achieve the stated objectives, and that the data and methodology remain effective. In certain instances, Asia Index Pvt. Ltd. may publish a consultation inviting comments from external parties.

For information on Quality Assurance and Internal Reviews of Methodology, please refer to AIPL Equity Index Policy.

Impact Cost

Impact cost represents the cost of executing a transaction in each stock, for a specific predefined order size, at any given point of time. It is a practical and realistic measure of market liquidity; it is closer to the true cost of execution faced by a trader in comparison to the bid-ask spread. A company with lower impact costs suggests high liquidity as against the company with higher impact costs.

The updated constituents of the underlying index will be made available on the website of the Fund i.e. www.tatamutualfund.com.

AMC will follow uniform process 'in respect of investments made in the name of a minor through a guardian' by provision no. 17.6 of SEBI Master Circular on Mutual Fund dated June 27, 2024 and circular no. HO/IMD/POD-II/CIR/P/2023/0069 dated May 12, 2023 which states that payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian. For existing folios, the AMCs shall insist upon a Change of Pay-out Bank mandate before redemption is processed. Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor i.e., the account the minor may hold with the parent/legal guardian after completing all KYC formalities. • Companies, corporate bodies, public sector undertakings, trusts, wakf boards or endowments, funds, institutions, associations of persons or bodies of individuals and societies (including Co-operative Societies) registered under the Societies Registration Act, 1860 (so long as the purchase of Units is permitted under their respective constitutions). • Mutual Funds (including any Scheme managed by AMC or any Scheme of any other Mutual Fund); (in accordance with Regulation 44(1) read with Clause 4 of Schedule VII, of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Asset Management Company (AMC); (in accordance with Regulation 25(17) of the Securities & Exchange Board of India (Mutual Funds) Regulations, 1996). • Partnership firms, in the name of the partners. • Hindu Undivided families (HUF) in the sole name of the Karta. • Financial and Investment Institutions/ Banks. • Army/ Navy / Air Force, paramilitary Units, and other eligible institutions. • Religious and Charitable Trusts provided these are allowed to invest as per statute and their by-laws. • Non-resident Indians/ persons of Indian origin residing abroad (NRIs) on a full repatriation basis or on non-repatriation basis. • Foreign Portfolio Investor (Foreign Portfolio Investor (FPI) as defined under Regulation 2(1)(h) of Security Exchange Board of India (Foreign Portfolio Investors) Regulations, 2014. • International Multilateral Agencies approved by the Government of India. <p>Compliance under Foreign Account Tax Compliance Act (FATCA) regulations:</p> <p>United States of America (US) has introduced chapter no. 4 in the US Internal Revenue Code as a part of the Hiring Incentives to Restore Employment (HIRE) Act, which was enacted by the US legislature to create employment opportunities in US. The HIRE Act includes the Foreign Account Tax Compliance Act (FATCA), which now forms a part of the US-IR Code. The regulations for FATCA have undergone revision since 2010 and the final regulations make the FATCA provisions effective from July 1, 2014.</p>

	<p>The objective of FATCA is to detect "US Persons", who evade US taxes by using financial account maintained outside US. The US persons are defined as those who have either US citizenship or US residency. The FATCA stipulates reporting on -</p> <ol style="list-style-type: none"> i. US taxpayers about certain foreign financial accounts and offshore assets. ii. Foreign Financial Institutions (FFIs) about financial accounts with them of US taxpayers or foreign entities in which US taxpayers hold substantial ownership interest. <p>FFIs (including mutual funds in India) are required to periodically report information on accounts of US persons, who maintain balances above a threshold. In the event of a default in the reporting of information on accounts of US taxpayers, a withholding of 30% of the payment made from US sources will be imposed on the recalcitrant account holders and non-participating Financial Institutions. SEBI vide its circular no. CIR/MIRSD/2/2014 dated June 30, 2014, has advised that Government of India and US Government have reached an agreement in substance on the terms of an Inter-Governmental Agreement (IGA) to implement FATCA and India is now treated as having an IGA in effect from April 11, 2014. Tata Asset Management Company private Limited (TAMPL) is classified as a Foreign Financial Institution (FFI) under the FATCA provisions and in accordance therewith, the AMC would be required to comply with the rules & regulations of FATCA, from time to time.</p> <p>To ensure compliance with FATCA and other rules / directions / notifications as may be issued by Government of India or other regulatory authority, Mutual Funds are required to institute a process to identify US Person investors and report the same.</p> <p>Applicants are required to refer to the "FATCA information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.</p> <p>Common Reporting Standard (CRS)</p> <p>On similar lines of FATCA, the Organization of Economic Development (OECD), along with the G 20 countries, of which India is a member, has released a 'Standard for Automatic Exchange of Financial Account Information in Tax matters. To combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, the G 20 & OECD countries have together developed a common reporting standard(CRS) on automatic exchange of information(AEOI). On June 3,2015 India has joined the Multilateral Competent Authority Agreement(MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the 'source' jurisdiction to collect and report information to their tax authorities about account holder's 'resident' in other countries. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the 'resident' countries.</p> <p>In view of India's commitment to implement the CRS on AEOI and also the IGA with USA and with a view to provide information to other countries necessary legislative changes has already been made in Finance Act & by inserting Rules 114F to 114H and Form 61B to provide a legal basis for the Reporting Financial Institutions (RFIs) for maintaining and reporting information about the reportable accounts.</p> <p>Applicants are required to refer to the "FATCA/CRS information" section in the application and mandatorily fill/sign off on the same. Applications without this information / declaration being filled/signed off will be deemed as incomplete and are liable to be rejected. Investors are requested to note that the contents of the information to be provided/ declaration in the application form may undergo a change on receipt of communication / guidelines from Government of India or AMFI or SEBI or any other regulatory authority.</p> <p>With the change in guidelines, investors may be called for additional information required by the law. Investors are requested to keep Mutual Fund updated with a change in information already submitted by them with Mutual Fund. FATCA provisions are relevant not only at the on-boarding stage of investor(s)/unit holder(s) but also throughout the life cycle of investment with the Fund/the AMC. In view of this, Investors should immediately intimate to the Fund/the AMC, in case of any change in their status with respect to FATCA/CRS related declaration provided by them previously.</p> <p>Subject to the Regulations and other applicable laws, the AMC / Trustee may reject any application for subscription and/or redemption of units if found incomplete or due to unavailability of underlying securities, etc.</p> <p>Investors(s)/Unit holder(s) should consult their own tax advisors to understand the implications of FATCA/CRS provisions /requirements.</p>

<p>Special Products / facilities available</p>	<p>1. Systematic Investment Plan (SIP)</p> <p>The investors can benefit by investing specified Rupees amounts at regular intervals. The SIP allows the unitholders to invest a fixed amount of Rupees at regular intervals for purchasing additional units of the fund at NAV based prices. Investment can be done with the minimum / maximum amount and number of cheques specified by AMC from time to time. The cheques will be presented on the dates mentioned on the cheque and subject to realization. Investors may also register for SIP through One Time Mandate (OTM) form. The payment towards any future SIP instalments transactions received through any mode i.e. physical or electronic can be linked to the OTM form. Units will be allotted at the applicable NAV along with applicable load (if any).</p> <p>"SIP facility is available subject to terms and conditions. Please refer to the SIP Enrolment form for terms and conditions before enrolment."</p> <p>SIP with Top-up SIP facility:</p> <p>SIP with Top-up SIP is a facility whereby an investor has an option to increase the amount of the SIP Instalment by a fixed amount at pre-defined intervals. This will enhance the flexibility of the investor to invest higher amounts during the tenure of the SIP.</p> <p>Terms and conditions of top-up SIP are as follows:</p> <p>The Top-up option must be specified by the investors while enrolling for the SIP facility.</p> <p>Please refer application form for the minimum SIP Top-up amount.</p> <p>The Top-up details cannot be modified once enrolled. To make any changes, the investor must cancel the existing SIP and enrol for a fresh SIP with Top-up option.</p> <p>Under monthly SIP investors can opt for top up amount at half-yearly and yearly intervals. If the investor does not specify the frequency, the default interval for Top-up will be considered as Yearly.</p>

In case of Quarterly SIP, investors can opt for only Yearly interval top-up frequency.

For complete details regarding the SIP with top-up facility please refer to SIP Auto Debt Form with Top up facility enrolment form.

2. SIPrise facility:

SIPrise is an optional facility offered by Tata Mutual Fund (TMF) for its eligible schemes (Growth option). This facility is aimed to encourage investors to invest regularly through Systematic Investment Plans (SIP) in TMF schemes for pre-defined tenure. Post SIP period (Investors have an option to select pause period) the accumulated units will be switched from the source scheme to the target scheme. Investors also have an option to select the source scheme as the target scheme. In this case, there would not be any unit transfer through systematic transfer plan (STP). The investor would receive periodic amount through systematic withdrawal plan (SWP) till the units are available.

Tata BSE Quality Index Fund is considered as eligible Source Scheme for "SIPrise" facility.

The terms and conditions of this facility are as follows:

a) Systematic Investment Plan (SIP)

The SIPs registered under this facility would be subject to investment of minimum amount as specified in the KIM cum application form from time to time for the eligible source schemes.

Default SIP trigger date under this facility will be the 10th calendar day of the month. In case, the trigger date falls on a non- business day, the SIP would be triggered on the next business day.

The SIP will be registered for monthly frequency only.

In case the SIP is terminated prior to the pre-defined tenure, STP and SWP will continue as defined in the initial request. In any case, the STP and SWP amount will be limited till the units are available.

Existing units already available in the source scheme before opting for the SIPrise facility and any additional units added to the source scheme in any manner in addition to this facility will also be automatically moved to the Target scheme through the scheduled STPs till the units are available. The amount so moved to the target scheme would be on a first in first out (FIFO) basis. Any earlier option chosen by the investor earlier would automatically get revised to this extent.

Top-Up SIP is allowed under this feature. The investor may choose to increase their SIP amount by Rs. 500 or multiples of Rs. 500.

b) Systematic Transfer Plan (STP)

A Systematic Transfer Plan (STP) will start one year prior to that of the SWP.

Yearly STP amount will be equal to 15 times the monthly SWP amount from the target scheme or till the units are available.

c) Systematic Withdrawal Plan (SWP)

Investors need to choose the scheme (target scheme) from where the monthly SWP is required to be made to their registered bank account & the required periodic amount by means of withdrawal via systematic withdrawal plan (SWP) from target scheme. In case, the investors do not choose the desired SWP amount, they will receive the default SWP amount (likely amount to be withdrawn) which would be initial monthly SIP amount under this facility till the units last.

The SWP will start after the SIP tenure or after the pause period, if any, as chosen by the investor.

The SWP amount selected shall not be less than the initial SIP amount opted by the investor.

Investors have an option to opt for pause after the SIP tenure as mentioned at the time of initial registration under this facility. The minimum pause period is 0 years. If the pause is not opted, the starting month (i.e. 1st trigger month) for SWP will be the subsequent month of the last SIP instalment month.

Existing units already available before STP in the target scheme and additional units added to the target scheme will also form a part of the redemption proceeds through the scheduled SWP till the units are available. The SWP amount would be triggered on first in first out (FIFO) basis.

The SWP date will be same as that of the SIP date. In case, the trigger date is a non- business day, the SWP will be made on the next business day.

The SWP will be done from the Growth Options of eligible open-ended schemes of Tata Mutual Fund as stated in annexure to this addendum.

The SWP will continue till the units are available in the scheme.

Common Features

Once opted for this facility investors / unitholders cannot change the Source scheme, target scheme, initial SIP Amount, SIP Tenure, Pause Period and required periodic SWP Amount.

STP will be done when the target scheme is different from the source scheme at prevailing NAV in the respective scheme (s).

Partial redemption or switch out of the units in the source or target scheme will not affect the SIP, STP & SWP already registered under this facility. Investors are required to note that the STP & SWP will be continued for the period chosen by the investor or till the units are available in the source and target scheme respectively.

Investor has option to withdraw from this SIP facility at any stage by providing a separate request to discontinue/cease the SIP, STP & SWP registration.

Minor/s are not eligible to register for this facility. Applications in the name of minors, filled in by guardians, will also not be accepted.

This Facility is not available where units are in held in DEMAT mode.

Pledged or Frozen Units will not be transferred (i.e. through STP). The same is also not available for withdrawal by the investor (i.e. through SWP) unless the investor / unitholder provides the necessary valid documents to prove that the pledge/freeze status has been withdrawn/changed.

Investors can opt to withdraw through lumpsum either partially or in entirety till the units are available in the source and / or target scheme at any time during the tenure of this facility. Accordingly, the balance units will be considered for SIP, STP & SWP under this facility.

Each STP & SWP will continue for the chosen amount or till units last.

Default trigger date i.e. 10th calendar day of the month is only applicable for this facility.

Tata Mutual Fund reserves the right to reject any application in case the investor does not fulfil any criteria of this facility

All other terms & conditions of SIP, STP & SWP are also applicable to SIPrise. The AMC reserves the right to modify list of eligible schemes from time to time.

Kindly note that apart from the above facility mentioned i.e. "SIPrise", investor can opt for normal / existing SIP, STP & SWP facility as mentioned in respective Scheme Information Document. Disclaimers:

1. This facility does not in any way give assurance or guarantee returns or lump sum payments at the end of the SIP period or thereafter.
2. The payouts to the investors are made only by means of redeeming the units/corpus available in the investor's folio at NAV and subject to load, if any.
3. Tata Mutual Fund does not in any way assure or guarantee payouts, beyond available units/corpus in the scheme/s folio.
4. Investors should consult their financial advisors if in doubt about whether the facility is suitable for them.
5. The investor is advised to consult their tax consultant with respect to specific tax implications arising out of their participation in the facility

3. Systematic Withdrawal Plan (SWP)

This facility available to the unitholders of the fund enables them to redeem fixed sums or fixed number of units from their unit accounts at periodic intervals. The amount withdrawn under SWP by redemption shall be converted into the Fund units at the Repurchase price and such units will be redeemed / subtracted from the unit balance of that unitholder. In case the date falls during a non-business day / book closure period the immediate next Business Day will be considered for this purpose.

The Authorised Investor Service Center may terminate SWP on receipt of a notice from the unitholder. It will terminate automatically if all units are liquidated or withdrawn from the account or upon the receipt of notification of death or incapacity of the unitholder.

"SWP facility is available subject to terms and conditions. Please refer to the SWP Enrolment form for terms and conditions before enrolment."

4. Systematic Transfer Plan (STP)

A unitholder may establish a Systematic Transfer Plan (STP) and choose to transfer an amount from one TMF Scheme (Source Scheme) to another TMF Scheme (Target Scheme) on a date / frequency prescribed by the Investment Manager. The amount thus withdrawn by redemption shall be converted into units at the applicable NAV on the scheduled day and such units will be subtracted from the unit balance of that unitholder. The net amount will be considered for allotment in the target scheme and units will be allotted as per the applicable NAV of the target scheme. Unitholders may change the amount of STP. However, the STP amount selected cannot be below the specified minimum redemption amount of the source scheme and should meet the minimum investment amount criteria of the target scheme. A change in STP amount can be done by giving two weeks prior written notice to the registrars. STP may be terminated automatically if the balance falls below the minimum account balance or upon the receipt of notification of death or incapacity of the unitholders by the fund. Rules relating to the plan may be changed from time to time by the Investment Manager.

“STP facility is available subject to terms and conditions. Please refer to the STP Enrolment form for terms and conditions before enrolment.”

For further details and terms and condition on special products, please refer KIM cum application form.

Flex STP

Flexible Systematic Transfer Plan (“Flex STP”) by Tata Mutual Fund is a facility wherein a Unitholder(s) of designated open-ended Scheme(s) can opt to transfer variable amounts linked to the value of his investments on the date of transfer at pre-determined intervals from designated open-ended (source scheme) to the growth option of another open-ended scheme (target scheme).

Salient Features of Flex STP are as follows:

1. The amount to be transferred under Flex STP from source scheme to target scheme shall be calculated using the below formula:

Flex STP amount = [(fixed amount to be transferred per instalment x number of instalments already executed, including the current instalment) – market value of the investments through Flex STP in the Transferee Scheme on the date of transfer]

2. The first Flex STP instalment will be processed for the fixed instalment amount specified by the investor at the time of enrolment. From the second Flex STP instalment onwards, the transfer amount shall be computed as per formula stated above.

3. Under “Flex STP” facility, Tata BSE Quality Index Fund is enabled as Source as well as Target Scheme.

4. Flex STP would be available for Quarterly, Monthly, Weekly and Daily frequencies.

5. Flex STP is not available from “Daily / Weekly” income distribution plans of the source schemes.

6. Flex STP is available only in “Growth” option of the target scheme.

7. Conversion to Normal STP: If there is any other financial transaction (purchase, redemption or switch) processed in the target scheme during the tenure of Flex STP, the Flex STP will be processed as normal STP for the rest of the instalments for a fixed amount.

8. Flex STP will stop/cease on occurrence of any of the following event whichever is earlier.

a. Flex STP will cease after the specified End Date / Specified number of instalments have been transferred.

b. In case the amount (as per the formula) to be transferred is not available in the source scheme in the investor’s folio, the residual amount will be transferred to the target scheme and Flex STP will be closed.

9. A single Flex STP enrolment Form can be filled for transfer into one Scheme/Plan/Option only.

10. In case the date of transfer falls on a Non-Business Day, then the immediately following Business Day will be considered for the purpose of determining the applicability of NAV.

11. The request for Flex STP should be submitted at least 10 calendar days before the first STP date.

12. All other terms & conditions of Systematic Transfer Plan are also applicable to Flex STP.

Flex STP is a Systematic Withdrawal Plan (SWP) from Source Scheme and Systematic Investment Plan (SIP) in the Target scheme, therefore in the source scheme the exit load for the units will be as per the load structure applicable at the time of the purchase of those units. In the Target scheme the load structure will be as per the prevailing exit Load structure applicable for the SIP for that scheme.

Systematic Transfer from one scheme to another scheme attracts capital gain tax depends on the periodicity of holding. In view of the individual nature of tax implications, each unit holder is advised to consult with his or her own tax advisors with respect to the specific tax and other implications arising out of the transactions.

5. SWAP facility (Switch and Withdrawal Automation Plan)

The investor, under a designated open-ended scheme, can opt to switch their investment from the (open-ended) source scheme to the growth plan of the (open-ended) target scheme and set up a Systematic Withdrawal Plan from the target scheme at the same time. This facility allows investors to transfer investment corpus to the desired fund and withdraw the required amounts from your investments in a single process through a single form.

The investor can select the amount they want to switch to the target scheme and then the specified amount on which the facility will be applied (Minimum of Rs. 100,000). The withdrawal amount annually is either 6% (default) or 12% of the specified amount. The frequency of withdrawal can be monthly or quarterly. Alternatively, the investor can select a withdrawal amount (minimum of Rs. 500). Investors can also select the month to end the SWAP facility, or continue it till further notice.

Eligible Schemes

Source scheme can be any open-ended schemes of Tata Mutual Fund. In case of schemes with lock-in, the units that have completed the lock-in period can be switched into the target schemes.

The target schemes can be all open-ended schemes of Tata Mutual Fund which do not have the lock-in facility.

Currently following scheme are subject to lock in

- a. Tata Retirement Saving Fund (All Plans)
- b. Tata ELSS Tax Saver Fund
- c. Tata Young Citizens' Fund

The AMC reserves the right to change the Eligible Schemes from time to time.

Cessation of Facility

The facility can be withdrawn by the investor at any given time by giving 10 days' notice at any of the TATA Mutual Fund's branches or CAMS Customer Service Centres (CSCs).

The SWAP facility will terminate automatically if no balance is available in the respective scheme on the date of instalment trigger or if the enrolment period expires.

If you decide to opt for this facility, you should be aware of the possibility that the withdrawals may take place from the principal amount invested. Please consult your financial adviser prior to enrolment.

For detail terms & conditions, unitholders are requested to check SID/KIM cum application form of the respective schemes.

<p>Transactions through online facilities / electronic modes</p>	<p>Investor can transact through online facilities /electronic modes in Tata Mutual Fund Scheme .The time of transaction done through various online facilities / electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase / sale / switch of units is received in the servers of AMC/RTA.</p> <p>In case of transactions through online facilities / electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary / Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the timelines within which the Funds are credited into the Scheme's bank account is within the timelines provided by RBI which is T+3 settlement cycle / business days, where T is the date of Transaction / day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary / aggregator or by the Mutual Fund.</p> <p>While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will Tata Asset Management Private Limited or its bankers or its service providers be liable for any lag / delay in realization of funds and consequent pricing of units.</p>

Tracking Error & Tracking Difference	Tracking Error: AMC will disclose the tracking error based on past one year rolling data, on a daily basis, on the website www.tatamutualfund.com and on the website of AMFI. Tracking Difference: The annualized difference of daily returns between the index and the NAV of the Fund will be disclosed on the website of the AMC and AMFI, monthly, for tenures 1 year, 3-year, 5-year, 10 year and since the date of allotment of units.
Change in Constituent	AMC will disclose any change in constituents of the underlying index, if any, on its website on the day of change.

C. Transparency / NAV Disclosure

NAV Information

The NAVs will be calculated and disclosed on every Business Day. The AMC will prominently disclose the NAVs under a separate head on the website of the Fund (www.tatamutualfund.com) and of the Association of Mutual Funds in India- AMFI (www.amfiindia.com) by 11 P.M. on every Business Day[^]. However, due to the inability in capturing same day valuation of underlying investments, the NAV shall be disclosed by 11 P.M. of the next business day[^].

[^] If the NAVs are not available before the commencement of Business Hours on the following day (i.e., next day after the respective business day) due to any reason, the Mutual Fund shall issue a press release giving reasons for the delay and explain by when the Mutual Fund would be able to publish the NAV.

In case of investment in overseas securities by the scheme as mentioned in the asset allocation pattern of the scheme, the NAV of the fund will be based on the prices of overseas securities converted into Indian rupees.

Investor may write to AMC for availing facility of receiving the latest NAVs through SMS.

Illustration of Calculation of Sale & Repurchase Price:

Assumed NAV Rs. 11.00 per unit
 Entry Load: NIL
 Exit Load 1%
 Sale Price = NAV + (Entry Load (%) * NAV)
 Sale Price = 11 + (0% * 11)
 Sale Price = 11 + 0
 Sale Price = Rs. 11/-
 Repurchase Price
 Repurchase Price = NAV – (exit load (%) * NAV)
 Repurchase Price = 11 – (1%*11)
 Repurchase Price = 11 – 0.11
 Repurchase Price = Rs.10.89

In the event NAV cannot be calculated and / or published, such as because of the suspension of RBI Clearing, Bank strikes, during the existence of a state of emergency and / or a breakdown in communications, the Board of Trustees may temporarily suspend determination and / or publication of the NAV of the Units.

Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.

D. Transaction Charges & Stamp Duty

Transaction Charges

Pursuant to provision no. 10.5 of SEBI Master Circular on Mutual Fund dated June 27, 2024, transaction charge per subscription of Rs.10,000/- and above be allowed to be paid to the distributors of the Tata Mutual Fund products. The transaction charge shall be subject to the following:

1. There shall be no transaction charges on direct investments.
2. For existing investors in a Mutual Fund, the distributor may be paid Rs.100/- as transaction charge per subscription of Rs.10,000/- and above.
3. For first time investor in Mutual Funds, the distributor may be paid Rs.150/- as transaction charge for subscription of Rs.10,000/- and above.
4. The transaction charge shall be deducted by the AMC from the subscription amount and paid to the distributor and the balance amount shall be invested.
5. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.
6. There shall be no transaction charge on subscription below Rs. 10,000/-.
7. In the case of SIPs, the transaction charge shall be applicable only if the total commitment through SIPs amounts to Rs. 10,000/- and above. In such cases the transaction charge shall be recovered in 3 installments.
8. There shall be no transaction charge on transactions other than purchases/ subscriptions relating to fresh/additional purchase.

The transaction charges would be deducted only in respect of those transactions where the concerned distributor has opted for opt in for levying transaction charge. In case distributor has chosen 'Opt Out' of charging the transaction charge, no transaction charge would be deducted from transactions registered.

It may further be noted that distributors shall have also the option to either opt in or opt out of levying transaction charge based on type of the product.

Stamp Duty

With effect from 1st July 2020 a stamp duty @ 0.005% of the transaction value would be levied on mutual fund investment transactions. Accordingly, the number of units allotted on purchases, switch-ins, SIP/STP installments and including IDCW reinvestment to the unitholders would be reduced to that extent.

E. Associate Transactions

Please refer to Statement of Additional Information (SAI).

F. Taxation

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

As per the Explanation to Section 112A of Income tax Act, 1961, an equity-oriented fund is defined as a fund who has invested minimum of 65% of its total proceeds in equity shares of domestic companies listed on a recognized stock exchange.

Note: The percentage of equity share holding of the fund shall be computed with reference to the annual average of the monthly average of the opening and closing figures.

Following is the tax treatment for income **in respect of such units of Mutual Fund:**

Withholding tax on income distribution

Type of Investor	Withholding tax rate
Resident	10%*
NRI	20%** or rate as per applicable tax treaty*** (whichever is lower)

* Tax not deductible if income distributed in respect of units of a mutual fund is below Rs. 5,000 in a financial year.

** The base tax is to be further increased by surcharge at the rate of:

- 37% on base tax where income or aggregate of such income exceeds Rs. 5 crore.
- 25% where income or aggregate of such income exceeds Rs. 2 crore but does not exceed Rs. 5 crore.
- 15% where income or aggregate of such income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where income or aggregate of such income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore

Further, "Health and Education Cess" is to be levied at 4% on aggregate of base tax and surcharge.

*** The income distributed by mutual fund to unitholders is unlikely to fall within the definition of dividend under the tax treaty. Given this and the language of the newly inserted proviso to section 196A, claiming tax treaty benefit in respect of income distributed by mutual fund to unitholders for withholding tax purpose may not be possible.

As per section 139AA of the Income-tax Act, 1961, read with rule 114AAA of the Income-tax Rules, 1962, in the case of a resident person, whose PAN has become inoperative due to non-linking of PAN with Aadhaar, it shall be deemed that he has not furnished the PAN and tax could be withheld at a higher rate of 20% as per section 206AA of Income-tax Act, 1961. For linking PAN with Aadhaar, fees of Rs. 1,000 has been prescribed.

All investors are required to ensure linking of their PAN with Aadhaar number for continual and smooth transactions in securities market and to avoid consequences of non-compliance, as such accounts would be considered non-KYC compliant, and there could be restrictions on securities and other transactions until the PAN and Aadhaar are linked.

Capital Gains Taxation

	Resident Investors/NRI's \$	Domestic Company @
Tax rate on Capital Gains (Payable by the Investors)		
Long Term capital gains	10%*	10%*
Short Term capital gains	15%	15%

*Income-tax at the rate of 10% (without indexation benefit and foreign exchange fluctuation) to be levied on long term capital gains exceeding Rs.1 lakh provided transfer of such units is subject to Securities Transaction Tax ('STT').

In case total income includes income by way of dividend on shares and short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15%.

Further, Health and Education Cess to be levied at the rate of 4% on aggregate of base tax and surcharge.

@ Surcharge of 7% on base tax is applicable where total income of domestic corporate unit holders exceeds Rs 1 crore but does not exceed 10 crores and at 12% where total income exceeds 10 crores. However, surcharge at flat rate of 10 percent to be levied on base tax for the companies opting for lower rate of tax of 22%/15%. Further, "Health and Education Cess" to be levied at the rate of 4% on aggregate of base tax and surcharge.

In case of NRI investors, short term /long term capital gain tax (along with applicable surcharge and Health and Education Cess will be deducted at the time of redemption of units as per Income-tax Act, 1961.

As per section 206AB of Income-tax Act, 1961, tax to be deducted at twice the applicable rate in case of payments to specified person (except non-resident not having permanent establishment in India or person who is not required to furnish the return of income as notified by the Central Government) who has not furnished the return of income for the assessment year relevant to previous year immediately preceding the financial year in which tax is required to be deducted:

- For which time limit for filing return has expired; and
- The aggregate of tax deducted at source or tax collected at source in his case is Rs. 50,000 or more in the said previous year.

Additionally, if provisions of section 206AA are also applicable then tax to be deducted at higher of the two rates provided i.e., rate as per section 206AB or section 206AA.

Securities Transaction Tax

Securities Transaction Tax ("STT") is applicable on transactions of purchase or sale of units of an equity-oriented fund entered on a recognized stock exchange or on sale of units of equity-oriented fund to the Fund. The STT rates as applicable are given in the following table:

Taxable Securities Transaction	Rate	Payable By
