Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the underlying index and will be easy to settle compared to physical portfolio of shares representing the underlying index. In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future option. The Scheme will not maintain any leveraged or trading positions. Investment Strategy	The Groww Nifty Smallcap 250 ETF will be managed passively with investments in stocks in the same proportion as in the Nifty Smallcap 250 Index. The investment strategy of the Scheme will be to invest in a basket of securities forming part of Nifty Smallcap 250 Index in similar weight proportion. The investment strategy would revolve around reducing the tracking error to the least possible through regular rebalancing of the portfolio, considering the change in weights of stocks in the Index as well as the incremental collections/redemptions in the Scheme. A part of the funds may be invested in debt and money market instruments, to meet the liquidity requirements. Subject to the regulations and the applicable guidelines the Scheme may invest in the schemes of Mutual Funds. The investment strategy shall be in line with the asset allocation. Though every endeavour will be made to achieve the objective of the Scheme, the AMC/Sponsors/Trustee does not guarantee that the investment objective of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. For detailed derivative strategies, please refer to SAI. Portfolio Turnover Policy Portfolio Turnover measures the volume of trading that occurs in a Scheme's portfolio during a given time period. The Scheme is an open-ended Exchange Traded Fund and it is expected that there may be a number of subscriptions and repurchases on a daily basis through Stock Exchange(s) or Market Maker and Large Investors. Generally, turnover will depend upon the extent of purchase and redemption of units and the need to rebalance the portfolio on account of change in the composition, if any, and corporate actions of securities included in Nifty Smallcap 250 Index. However, it will be the endeavour of the Fund Manager to maintain an optimal portfolio turnover rate commensurate with the investment objective of the Scheme and the purchase/redemption transactions on an ongoing basis in the Scheme.

2) In case of an existing investor of Groww Mutual Fund and who is not KYC Compliant as per our records, the investor will have to submit the standard KYC Application Form available in the website www.cvlkra.com along with supporting documents at any of the SEBI registered intermediaries at the time of purchase / additional purchase / new registration of SIP/STP etc. In Person Verification (IPV) will be mandatory at the time of KYC Submission. This uniform KYC submission would a one-time submission of documentation.

3) Investors who have complied with KYC process before December 31, 2011 (KYC status with CVL KRA as "MF - VERIFIED BY CVLMI") and not invested in the schemes of Groww Mutual Fund i.e. not opened a folio earlier, and wishes to invest on or after December 01, 2012, such investors will be required to submit 'missing/not available' KYC information and complete the IPV requirements.

Updation of 'missing / not available' KYC information along with IPV is currently a one-time requirement and needs to be completed with any one of the mutual funds i.e. need not be done with all the mutual funds where investors have existing investments. Once the same is done then the KYC status at CVL KRA will change to 'Verified by CVL KRA' after due verification. In such a scenario, where the KYC status changes to 'Verified by CVL KRA', investors need not submit the 'missing/not available' KYC information to mutual funds again.

Individual investors are required to submit 'KYC Details Change Form' issued by CVL-KRA available on their website www.cvlkra.com.

In case of Non Individual investors, complied with KYC process before December 31, 2011, KYC needs to be done afresh due to significant and major changes in KYC requirements.

Investors needs to provide the complete details in the KYC application form along with the required documents (for individual investors or non-individual investors as appropriate). The said form is available on GMF's website i.e. www.growwmf.in or on the website of Association of Mutual Funds in India i.e. www.amfiindia.com or on the website of any authorized KRA's.

7. In case of NRI/FPI investors the Account Statements / Redemption Cheques / Other correspondence will be sent to the mailing address mentioned.

8. All applications are accepted subject to detailed scrutiny and verification. Applications which are not complete in all respects are liable for rejection, either at the collection point itself or subsequently after detail scrutiny/verification at the back office of the registrars.

III. BANK DETAILS:

1. As per the SEBI guidelines, it is mandatory for investors to mention their bank account details in the application form. In the absence of the bank details the application form will be rejected.

2. Purchase Application requests should necessarily mention the pay-in bank account details i.e. bank name, bank account number, bank branch used for issuing the payments to the fund. The first unit holder has to ensure that the subscription payment has to be made through his own bank account or through any of the bank account wherein he is one of the joint bank account holder. If this is not evidenced on the payment cheque/funds transfer/RTGS/NEFT request, demand draft etc given by the investor at the time of subscription then unit holder should attach necessary supporting documents as required by the fund like bank certificate, bank passbook copy, bank statement etc to prove that the funds are from a bank account held by the first unit holder only. If the documents are not submitted with the application the fund reserves the right to reject the application or call for additional details. In specific exceptional situations where Third Party payment is permitted i.e. (a) Payment by employer on behalf of employee under Systematic Investment Plan (SIP) facility, or lump sum / one time subscription, through payroll deductions or deductions of expense reimbursements (b) Payment by Corporate to its Agent/Distributor/Dealer (similar arrangement with principal-agent relationship), on

account of commission/incentive payable for sale of its goods/services, in the form of the Mutual Fund Units through Systematic Investment Plans or lump sum / one-time subscription (c) Custodian on behalf of an FPI or a client. For the above mentioned cases KYC of the investor and the KYC of the person making the payment is mandatory irrespective of the amount. Additionally declaration by the person making the payment giving details of the bank account from which the payment is being made and the relationship with the beneficiary is also required to be submitted.

3. Direct Credit of Redemption / IDCW Proceeds / Refund if any -GMF will endeavor to provide direct / electronic credit for IDCW / redemption payments into the investors bank account directly. In case the direct credit is not effected by the unitholder's banker for any reason then GMF reserves the right to make the payment to the investor by a cheque / DD. If the electronic credit is delayed or not effected or credited to a wrong account, on account of incomplete or incorrect information, GMF will not be held responsible. 4. GMF offers facility to register multiple bank accounts in the folio and designate one of the bank account as "Default Bank account". Default bank account will be used for all IDCW and redemption payouts unless investor specifies one of the existing registered bank account in the redemption request for receiving redemption proceeds. A new non-registered bank account specified in the redemption request for receiving redemption proceeds will not be considered and the redemption proceeds will by default be credited into the default Bank account. The investor will have to initially get the non registered bank account registered in the folio and then apply for the redemption request. Also if no registered bank account is mentioned at the time of redemption then by default the redemption proceeds will be credited into the default Bank account.
