Accordingly investors will be required to furnish a copy of PAN together with the Application Form. Application Forms without these information and documents will be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

# C) DETAILS FOR COMPLIANCE WITH ANTI MONEY LAUNDERING REGULATIONS OF SFRI

Prevention of Money Laundering Act, the SEBI Circulars on Anti Money Laundering and the Client Identification implementation procedures prescribed by AMFI interalia require the AMC to verify the records of identity and address(es) of investors. To ensure adherence to these requirements, investors are required to approach Points of Service (POS) (list of POS available on amfiindia.com) appointed by any of the KYC Registration Agency and submit documents for completion of appropriate KYC checks. The details for KYC compliance can also be downloaded from AMFI website, www.amfiindia.com or website of the mutual fund, www.bandhanmutual.com. The Mutual Fund website also prescribes the list of documents that can be submitted by investors to the POS to get their KYC checks completed.

It is mandatory for all investors (including joint holders, NRIs, POA holders and guardians in the case of minors) to furnish such documents and information as may be required to comply with the Know Your Customers (KYC) policies under the AML Laws. Applications without such documents and information may be rejected.

In terms of SEBI circulars dated April 27, 2007, April 03, 2008 and June 30, 2008 read with SEBI letter dated June 25, 2007, Permanent Account Number (PAN) would be the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, except (a) investors residing in the state of Sikkim; (b) Central Government, State Government, and the officials appointed by the courts e.g. Official liquidator, Court receiver etc. (under the category of Government) and (c) investors participating only in micro-pension. SEBI, in its subsequent letters dated June 19, 2009 and July 24, 2012 has conveyed that systematic investment plans (SIP) and lumpsum investments (both put together) per mutual fund up to ₹50,000/- per year per investor shall be exempted from the requirement of PAN. Accordingly, investments in Bandhan Mutual Fund (including SIP investment where the aggregate of SIP installments in a rolling 12 months period or in a financial year i.e April to March) of upto ₹50,000/- per investor per year shall be exempt from the requirement of PAN. However, eligible Investors (including joint holders) should comply with the KYC requirement through registered KRA by submitting Photo Identification documents as proof of identification and the Proof of Address [self-attested by the investor / attested by the ARN Holder/AMFI distributor]. These exempted investors will have to quote the "PERN (PAN exempt KYC Ref No) in the application form. This exemption of PAN will be applicable only to investments by individuals (including NRIs but not PIOs), joint holders, Minors and Sole proprietary firms. PIOs, HUFs and other categories of investors will not be eligible for this exemption.

Thus, submission of PAN is mandatory for all other investors existing as well as prospective investors (except the ones mentioned above) (including all joint applicants/holders, guardians in case of minors, POA holders and NRIs but except for the categories mentioned above) for investing with mutual funds from this date. Investors are required to register their PAN with the Mutual Fund by providing the PAN card copy (along with the original for verification which will be returned across the counter). All investments without PAN (for all holders, including Guardians and POA holders) are liable to be rejected. Application Forms without quoting of PERN shall be considered incomplete and are liable to be rejected without any reference to the investors. The procedure implemented by the AMC and the decisions taken by the AMC in this regard shall be deemed final.

After completion of KYC compliance, investors need to approach KRA for Change of Address and not Registrar (CAMS). In respect of KYC compliant Folio, prospective Change of Address received along with transaction slip will not be processed by Registrar (CAMS). The AMC reserves the right to reject subscription requests in the absence of appropriate compliance with the AMI Laws.

In line SEBI circular No. MIRSD/Cir-5/2012 dated April 13, 2012 and various other guidelines issued by SEBI on the procedural matters for KYC Compliances, the following additional provisions are applicable effective December 1, 2012:

For the purpose of these guidelines, UBO means the natural person or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes those persons who exercise ultimate effective control over a legal person or arrangement. In case the investor or owner of the controlling interest is a company listed on a stock exchange or is a majority owned subsidiary of such a company, the details of shareholders or beneficial owners are not required to be provided. Note: The dates in the illustrations above are assumed to be Business Days. The above illustrations are for understanding purposes only.

- SIP Dates Frequency: For investment on a monthly & quarterly basis, unit holders can choose any day of the month except the 29th, 30th and 31st as the date of the installment.
- 5. On the Booster SIP due date, the installment value of Booster SIP shall be determined based on Net Asset Value (NAV) on the 10th day (T-10) before the installment date. If T-10th falls on a Non- Business day or falls during a book closure period, then valuation will be done based on the last NAV. E.g., if an investor opts Booster SIP cycle on the 15th of each month, NAV as per process shall be considered as of 4th day (T-10). If the 4th day is falling on a non-business day, we consider the previous latest NAV i.e., if the 4th is a Sunday, we consider Friday's NAV as the latest NAV

### 13. Capital Appreciation STP Plan:

- II. The date on which the request is given by the investor is entered in the system as commencement date. The capital appreciation will be calculated from the commencement date and the investor's opted start date.
- III. Frequency: Monthly, Quarterly, Half yearly, Annual. The capital appreciation will be determined on the next business day if the 30th, 90th, 180th or 366th day turns out to be a non-business day for the switch-out scheme.
- IV. Monthly Option Any day STP except for 29th, 30th & 31st; Quarterly Option Any day STP except for 29th, 30th, 31st of the first month of each quarter which may start from any month; Half yearly Option Any day STP except for 29th, 30th & 31st of the first month of each 6 month period, Annual Any day STP except for 29th, 30th & 31st of the first month of a 12 month period.
- // If the commencement date is 15th December 2024 and if the investor provides the start date 1st January 2025, then capital appreciation for first trigger will be calculated between the commencement date (15th December 2024) and the investor's opted start date (1st January 2025)
  - a. For Monthly frequency the subsequent trigger date is 1st February 2025
  - b. For Quarterly Frequency the subsequent trigger date is 1st April 2025
  - c. For Half-yearly Frequency the subsequent trigger date is 1st July 2025
  - d. For Year yearly Frequency the subsequent trigger date is 1st January 2026
- VI. If the investor has not mentioned any date then the default date will be considered as 10th.
- VII. Minimum Capital Appreciation Transfer Amount: INR 500
- VIII. There will be no upper limit on the Capital Appreciation Switch out amount.
- IX. The investor will have to mention the start and end date. The investor may choose to mention the start date and the number of installments. In case the start date is mentioned but end date is not mentioned and number of installments is not mentioned, the application will be registered for the minimum number of installments. In case the end date is mentioned but start date is not mentioned, the application will be registered after the expiry of 10 days from submission of the application from the default date i.e. 10th of every month / quarter / half year / annual provided the minimum number installments are met.
- 14. The switch will be triggered only if the required minimum capital appreciation clause is achieved. If this is not the case as on the trigger date the switch for that respective month/quarter/half year/year will be skipped. There is no limitation on number of skips.
- 15. If any trigger is skipped for a particular frequency due to the appreciation amount being less than the minimum amount, the subsequent tracking of the capital appreciation will continue with the amount as on the last executed STP.
- 16. The calculation of capital appreciation will be done at a transaction level in the respective scheme and folio. For example: If the investor has opted for this facility (monthly frequency) and CAMS (Registrar and Transfer Agent) has registered the STP in their system on 1st January 2025. All subsequent lump sum purchases (including switch-ins) in the source scheme will be tracked from the date of purchase for a period till the next Cap STP date. If at an individual transaction level there has been a minimum appreciation of INR 500, then such a transaction will qualify for switch and accordingly the capital appreciation amount would be calculated and switched to the target scheme. For all qualifying transactions, the switch amount into the target scheme will be a single collective amount after adding transaction level appreciation for all qualifying transactions.

### Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

- 1. The scheme being a sectoral fund will be largely affected by the risks associated with the pharma, healthcare and allied sectors. Investment in the scheme carries the risk with regard to non-diversification of the portfolio due to the investment universe limited to companies that are operating in the pharma, healthcare and allied sectors and hence, the scope for diversification could be limited at times. Investing in a sectoral/ thematic fund is based on the premise that the fund will seek to invest in companies belonging to a specific sector/ theme. To this extent investment universe of the fund will be restricted as compared to the broader diversified market.
- 2. Pricing of drugs is subject to price control and any reduction in prices of bulk drugs/formulations manufactured by pharma companies may affect the valuation of the concerned companies adversely.
- Other barriers for growth of pharma companies could be inadequate patent infrastructure, weak redressal system for patent infringement etc.
- 4. Companies having presence in the generic space in the regulated markets are exposed to risk of non-compliance with the regulatory norms of those countries resulting in banning of products which in turn may disrupt their operations in the short-term.
- 5. With equity investment, there is the risk that companies in that specific sector will not achieve its expected earnings results, or that an unexpected change in the market or within the company may occur, both of which may adversely affect investment results. Thus, investing in a sector/ thematic fund could involve potentially greater volatility and risk.
- 6. Excessive competition from domestic as well as international players will have a significant bearing on the sector.
- The value of the Scheme's investments may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any

- other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
- 8. The Scheme proposes to invest in equity and equity related instruments. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both micro and macro factors. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme(s) to make intended securities purchases due to settlement problems could cause the Scheme(s) to miss certain investment opportunities.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges.
- 10. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances leading to delays in the receipt of proceeds from the sale of securities. The NAV of the Scheme(s) can go up and down because of various factors that affect the capital markets in general.
- 11. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. Within the Regulatory limits, the AMC may choose to invest in unlisted securities that offer attractive yields. This may however increase the risk of the portfolio.

### Risk Associated with Investing in Debt / Money Market Instruments:

- 1. The NAV of the Scheme is likely to be affected by changes in the prevailing rates of interest.
- 2. The AMC may, considering the overall level of risk of the portfolio, invest in lower rated/unrated securities offering higher yields. This may increase the risk of the portfolio.
- 3. Money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme(s) and may lead to the Scheme(s) incurring losses till the security is finally sold.
- 4. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the absence of a well developed and liquid secondary market for debt securities would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme's portfolio.
- 5. Different types of securities in which the scheme would invest (bonds / money market instruments etc.) as given in the Scheme Information Document carry different levels and types of risks. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. Corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.
- 6. As zero coupon securities do not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio. Zero coupon or deep discount bonds are debt obligations that do not entitle the holder to any periodic payment of interest prior to maturity or a specified date when the securities begin paying current interest and therefore, are generally issued and traded at a discount to their face values. The discount depends on the time remaining until maturity or the date when securities begin paying current interest. It also varies depending on the prevailing interest rates, liquidity of the security and the perceived credit risk of the Issuer. The market prices of zero coupon securities are generally more volatile than the market prices of securities that pay interest periodically.
- Apart from normal credit risk, zero coupon bonds carry an additional risk, unlike bonds that pay interest throughout the period to
  maturity, zero coupon instruments/deferred interest bonds typically would not realise any cash until maturity. If the issuer defaults,
  the Scheme may not obtain any return on its investment.
- Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or
  interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such
  prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease
  in the level of interest rates.
- 9. **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- 10. **Credit Risk:** In simple terms this risk means that the issuer of a debenture/bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down.
- 11. Basis Risk (Interest rate movement): During the life of a floating rate security or a swap, the underlying benchmark index may become less active and may not capture the actual movement in interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
- 12. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However, depending upon the market conditions, the spreads may move adversely or favourably leading to fluctuation in the NAV.
- 13. **Liquidity Risk:** Due to the evolving nature of the floating rate market, there may be an increased risk of liquidity risk in the portfolio from time to time.
- 14. **Risks associated with investment in unlisted securities:** The schemes may invest in securities which are not listed on a stock exchange ("unlisted Securities") which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. Unlisted securities may lack a liquid secondary market and there can be no assurance that the Schemes will realize their investments in unlisted securities at a fair value.
- 15. **Other Risk:** In case of downward movement of interest rates, floating rate debt instruments will give a lower return than fixed rate debt instruments.

Risk associated with Securities Lending: Engaging in securities lending is subject to risks related to fluctuations in collateral value and settlement/liquidity and counter party risks. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

Risk associated with Short-selling of Securities: Purchasing a security entails the risk of the security price going down. Short selling of securities (i.e. sale of securities without owning them) entails the risk of the security price going up there by decreasing the profitability of the short position. Short selling is subject to risks related to fluctuations in market price, and settlement/liquidity risks. If required by the Regulations, short selling may entail margin money to be deposited with the clearing house and daily mark to market of the prices and margins. This may impact fund pricing and may induce liquidity risks if the fund is not able to provide adequate margins to the clearing house. Failure to meet margin requirements may result in penalties being imposed by the exchanges and clearing house.

For details on risk factors and risk mitigation measures, please refer SID.

Each of the Plans offer Growth & Income Distribution cum capital withdrawal Option^. Income Distribution cum capital withdrawal Option (IDCW) under both the Plan(s) offer Payout of Income Distribution cum capital withdrawal option, Reinvestment of Income Distribution cum capital withdrawal option & Transfer of Income Distribution cum capital withdrawal option (from Equity Schemes to Debt Schemes Only).

Pursuant to clause 14.4 of SEBI Master Circular, investors are requested to note the following regarding dispatch of account statements:

### A) Consolidated Account Statement (CAS) - for Unitholders who have registered their PAN / PEKRN with the Mutual Fund:

Investors who hold demat account and have registered their PAN with the mutual fund:

For transactions in the schemes of Bandhan Mutual Fund, a Consolidated Account Statement, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within on or before fifteenth day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Due to this regulatory change, AMC has now ceased sending account statement (physical / e-mail) to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. AMCs/ RTAs shall share the requisite information with the Depositories on monthly basis to enable generation of CAS. Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be the PAN of the first holder and pattern of holding. Based on the PANs provided by the AMCs/MF-RTAs, the Depositories shall match their PAN database to determine the common PANs and allocate the PANs among themselves for the purpose of sending CAS. For PANs which are common between depositories and AMCs, the Depositories shall send the CAS.

In case investors have multiple accounts across the two depositories, the depository having the demat account which has been opened earlier shall be the default depository which will consolidate details across depositories and MF investments and dispatch the CAS to the investor. However, option shall be given to the demat account holder by the default depository to choose the depository through which the investor wishes to receive the CAS.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send the account statement to the investor as specified under the regulations applicable to the depositories.

Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum Capital Withdrawal option, reinvestment of Income Distribution cum Capital Withdrawal option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be sent by Depositories every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.

For Unit Holders who have provided an e-mail address to the Mutual Fund or in KYC records, the CAS will be sent by e-mail. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered in the Depository system.

Investors who do not wish to receive CAS sent by depositories have an option to indicate their negative consent. Such investors may contact the depositories to opt out.

### Other investors:

The Consolidated Account Statement (CAS) for each calendar month shall be issued on or before fifteenth day of succeeding month to the investors who have provided valid Permanent Account Number (PAN) / PAN Exempt KYC Registration Number (PEKRN).

Due to this regulatory change, AMC has now ceased sending physical account statement to the investors after every financial transaction including systematic transactions.

The CAS shall be generated on a monthly basis. The Consolidated Account Statement issued is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, payout of Income Distribution cum Capital Withdrawal option, reinvestment of Income Distribution cum Capital Withdrawal option, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month. The CAS shall also provide the total purchase value / cost of investment in each scheme.

Further, a consolidated account statement shall be issued every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

The CAS will be sent via email (instead of physical statement) where any of the folios consolidated has an email id or to the email id of the first unit holder as per KYC records.

### For Unitholders who have not registered their PAN / PEKRN with the Mutual

For folios not included in the Consolidated Account Statement (CAS):

- The AMC shall allot the units to the applicant whose application has been accepted and also send confirmation specifying the
  number of units allotted to the applicant by way of email and/or SMS's to the applicant's registered email address and/or mobile
  number within five working days from the date of transaction.
- The AMC shall issue account statement to the investors on a monthly basis, pursuant to any financial transaction in such folios on or before tenth day of succeeding month. The account statement shall contain the details relating to all financial transactions made by an investor during the month, the holding as at the end of the month and shall also provide the total purchase value / cost of investment in each scheme.
- For those unitholders who have provided an e-mail address, the AMC will send the account statement by e-mail instead of physical statement.
- The unitholder may request for an account statement by writing / calling us at any of the ISC and the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.

Further, an account statement shall be sent by the AMC every half yearly (September/March), on or before twenty first day of succeeding month.

Such half-yearly account statement shall be issued to all investors, excluding those investors who do not have any holdings in Bandhan MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

### B) For all Unitholders

In case of a specific request received from the unit holder, the AMC shall provide the account statement to the investor within 5 business days from the receipt of such request.
