- **Portfolio Rebalancing**

Pursuant to Para 3.11 related to 'Timelines for Rebalancing of Portfolios of Mutual Fund Schemes' of the SEBI Master Circular dated March 20, 2026, in the event where the asset allocation is falling outside the limits

	specified in the asset allocation table due to passive breaches (occurrence of instances not arising out of omission and commission of AMC, including any involuntary corporate actions such as amalgamation, scheme of arrangement, reduction of capital, bonus issue, consolidation, conversion and the like), the Scheme will rebalance the portfolio within thirty (30) business days. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme within the stipulated period of thirty (30) business days, justification in writing including details of efforts taken to rebalance the portfolio for the same shall be provided to the Investment Management Committee. The Investment Management Committee shall then decide on the course of action and if they so desires can extend the timelines up to sixty (60) business days from the date of completion of mandated rebalancing period. Further, compliances relating to disclosures etc. shall be adhered in line with the said circular. It may please be noted that the AMC shall adhere to all the SEBI guidelines regarding the rebalancing of the asset allocation as stipulated from time to time. • **Change in Investment Pattern due to Short Term Defensive Consideration** Pursuant to Para 1.9.1.b related to 'Investment Pattern' of the SEBI Master Circular dated March 20, 2026, the tentative portfolio break- up mentioned above with minimum and maximum asset allocation range can be altered due to market conditions for a short-term period on defensive considerations. In this event where the asset allocation falling outside the limits specified in the asset allocation table due to defensive considerations (active breaches), the Scheme will rebalance the portfolio within thirty (30) calendar days from the date of deviation. However, justification for the same shall be provided to the Investment Management Committee in writing. The Investment Management Committee shall then decide on the course of action.
Investment Strategy	The investment objective of the Scheme is to generate long-term capital appreciation through a diversified portfolio of equity & equity related instruments of predominantly both large cap and mid cap stocks. **For Equity Segment:** The Schemes will endeavour to maintain a minimum of 70% allocation in equity and equity related instruments out of which at least 35% each will be in Large Cap and Mid Cap stocks. The remaining assets may be allocated towards other than large and mid cap companies. As defined by Para 3.9 of the SEBI Master Circular on Mutual Fund dated March 20, 2026 the Large cap, Mid Cap and Small Cap are classified as below: a) Large Cap: 1st – 100th company in terms of full market capitalization. b) Mid Cap: 101st - 250th company in terms of full market capitalization. c) Small Cap: 251st company onwards in terms of full market capitalization. Our investment philosophy is to generate consistent, long-term, risk-adjusted returns. Our stock selection framework will seek to add value through our differentiated insights or our variant perception on stocks and sectors. We will evaluate investment opportunities taking in account: 1) Megatrends in the environment and economy 2) Leadership potential of the company 3) Longevity of the business model 4) Intangibles and other intrinsic edges that the company possesses The Scheme may also invest in debt and money market securities up to 30% of total net assets. **For Debt Segment:** The fund management team will endeavor to maintain a consistent performance in the scheme by maintaining a balance between safety, liquidity and profitability aspects of various investments. The fund manager will try to achieve an optimal risk return balance for management of the fixed income portfolios. The investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, purchasing power risk etc. While they cannot be done away with, they can be minimized by diversification and effective use of hedging techniques. The fund management team will take an active view of the interest rate movement by keeping a close watch on various parameters of the Indian economy, as well as developments in global markets Investment views/ decisions will be taken on the basis of the following parameters: i. Prevailing interest rate scenario ii. Quality of the security/instrument (including the financial health of the issuer) iii. Maturity profile of the instrument iv. Liquidity of the security v. Growth prospects of the company/industry vi. Any other factors in the opinion of the fund management team

	For Derivatives Segment: The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the SEBI Regulations. **Portfolio Turnover:** The Scheme being an open-ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. The fund management team depending on its view and subject to there being an opportunity, may trade in securities, which will result in increase in portfolio turnover. There may be an increase in transaction cost such as brokerage paid, if trading is done frequently. However, the cost would be negligible as compared to the total expenses of the Scheme. Frequent trading may increase the profits which will offset the increase in costs. The fund manager will endeavour to optimize portfolio turnover to maximize gains and minimize risks keeping in mind the cost associated with it. However, it is difficult to estimate with reasonable measure of accuracy, the likely turnover in the portfolio of the Scheme. The Scheme has no specific target relating to portfolio turnover.
Risk Profile of the Scheme	Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below: • **Risk Associated with Equity and Equity Related Instruments:** Equity and Equity Related Instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, general decline in the Indian markets, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAVs of the Units issued under the Scheme may be adversely affected. • **Risk Factors Related to Mid Cap and Small Cap Stocks:** The mid cap and small cap stocks carry higher liquidity risk as they are less extensively researched compared to large cap stocks and mid cap stocks, as applicable. This may lead to abnormal illiquidity and consequent higher impact cost. • **Risk Associated with Investments in Foreign Securities :** The Scheme may invest in overseas markets subject to necessary approvals and within the investment objectives of the Scheme. Such investments carry risks related to and not limited to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances. The AMC believes that investment in foreign securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To the extent the assets of the scheme(s) are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise. **Currency Risk:** To the extent that the assets of the Scheme will be invested in foreign securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment. **Regulatory Limit Risk:** The Scheme's investments in overseas securities is subject to the regulatory limits applicable for overseas investments as prescribed by RBI/SEBI from time to time and as per the regulations prevailing in the overseas jurisdiction where investments are made/intended to be made. In this regard, overseas investments will be halted, if such limit is breached either at the mutual fund level or at mutual fund industry level. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI / RBI from time to time. The investment in foreign securities is subject to approval from SEBI on the same.

	• **Risks Associated with Investing in Derivatives:** Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. • **Risks Associated with Investing in Money Market Securities** like Interest Rate Risk, Spread Risk, Liquidity Risk, Credit Risk/Default Risk, Counterparty Risk, Settlement Risk, Duration Risk, etc. • **Risks Associated with Performance of the scheme:** The Scheme's performance can decrease or increase, depending on a variety of factors, which may affect the values and income generated by the Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting markets such as price and volume, interest rates, currency exchange rates, changes in government and Reserve Bank of India policy and taxation, political, economic or other developments. • **Risks associated with Investment in Gold / Silver Exchange Traded Funds (ETFs):** Investments in Gold/Silver ETFs by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The various risks associated with investments in Gold/Silver ETFs are Price/ Market Risk of Gold/Silver, ETF Tracking error, Regulatory Risk, Liquidity Risk, Counterparty Risk, Transaction Cost. The Schemes portfolio may also have risks associated with securities lending, segregated portfolio, IRFs, InvITs, etc. For details on risk factors and risk mitigation measures, please refer to the SID.

Unitholders' Information	**FOR INVESTORS WHO OPT TO HOLD UNITS IN PHYSICAL (NON-DEMAT) MODE:** **Account Statements:** AMC shall send allotment confirmation specifying the number of units allotted to the investor by way of email and/ or SMS's to the investors' registered email address and/or mobile number not later than 5 (five) business days from the date of receipt of application. Thereafter, a Consolidated Account Statement (CAS) shall also be sent to the unit holder in whose folio transactions viz. subscriptions, redemptions, switches, IDCW pay-out, etc. have taken place during that month by the 12th day from the month end by e-mail/mail and to investors that have opted for delivery via physical mode by the 15th day from the month end. CAS shall contain details relating to all the transactions** carried out by the investor, including details of transaction charges paid to the distributor, if any, across all schemes of all mutual funds, during the month and holding at the end of the month. The CAS shall also provide the details of actual commission paid and such other disclosures in line with Para 14.4.3. related to 'disclosures in the Consolidated Account Statement' of the SEBI Master Circular. **The word 'transaction' shall include purchase, redemption, switch, IDCW pay-out, IDCW reinvestment, and Systematic Withdrawal Plan, Systematic Transfer Plan and bonus transactions. In case of specific request is received from investors, account statement shall be issued to the investors within 5 (five) business days from the receipt of such request without any charges. The unit holder may request for a physical account statement by writing/calling the AMC/ISC/R&T. **Half-Yearly Consolidated Account Statement:** A CAS detailing holding across all schemes of all mutual funds at the end of every six months (i.e. September/ March), shall be sent by mail/e-mail on or before 18th day of April and October and to investors that have opted for delivery via physical mode by the 21st day of April and October, to all such Unit holders in whose folios no transaction has taken place during that period. The half-yearly consolidated account statement will be sent by e-mail to the Unit holders whose e-mail address is available, unless a specific request is made to receive in physical. Investors should note that, no separate account statements will be issued to investors opted to hold units in electronic (demat) mode since the statement of account furnished by depository participant will contain the details of transactions. Further, the Disclosure on the Half-Yearly Consolidated Account Statement is also mentioned in the SAI. **FOR INVESTORS WHO OPT TO HOLD UNITS IN DEMAT MODE:** If there is any transaction in any of the demat accounts of the investor or in any of his mutual fund folios, then CAS shall be sent to that investor through email on monthly basis. In case there is no transaction in any of the mutual fund and demat accounts then CAS with holding details shall be sent to the investors by email on half yearly basis. The depositories shall dispatch the CAS to investors that have opted for delivery via electronic mode, on or before the eighteenth (18th) day of April and October and to investors that have opted for delivery via physical mode, on or before the twenty-first (21st) day of April and October. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. Consolidation shall be done on the basis of Permanent Account Number (PAN). In the event the folio/ demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the SCAS. For the purpose of SCAS, common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence /order of investors in various folios/ demat accounts across mutual funds/demat accounts across depository participants. In case of multiple accounts across two depositories, the depository with whom the demat account has been opened earlier will be the default depository which will consolidate the details across depositories and Mutual Fund investments and dispatch the SCAS to the unit holders. Unit holders whose folio(s)/demat account(s) are not updated with PAN shall not receive SCAS. Unit holders are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN. For Unit holders who have provided an e-mail address in KYC records, the SCAS will be sent by e-mail. The Unit holders may request for account statement for mutual fund units held in physical mode. In case of a specific request received from the Unit holders, account statement shall be provided to the unit holders within 5 business days from the receipt of such request. No account statements will be issued to unit holders opted to hold units in demat mode, since the statement of account furnished by depository participant periodically will contain the details of transactions. SCAS sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form.
